This evening meet your fellow voyagers and expedition guides over dinner at the hotel.

Options today include exploring the historic mountain settlement and UNESCO World Heritage Site of Shirakawa-go, high in the remote mountains of the Shogawa River Valley in Hakusan National Park. its temples and shrines, including the famed 'Ninja Temple', the Jokamachi District with its old Samurai houses, Hagi Castle ruins at Shizuki Park, and beautiful Zen Tokoji Temple.

Day 6: Ulsan, South Korea

Today we cross the Sea of Japan to Ulsan in South Korea where we plan to visit the UNESCO World Heritage Site of Gyeongju. The capital of the Shilla Dynasty and dating back to the first millennium, Gyeongju is known as 'the museum without walls' and is full of ancient Korean history and Buddhist culture. Enjoy strolling through hundreds of excavated monuments, temples, tombs and pagodas, and experience Korean delicacies, cultural performances, and visit the National Museum with its gold jewellery, metal weapons, and distinctive pottery. Today provides a perfect taste of the best South Korea has to offer.

Day 7: Masan for Haeinsa

From our berth in Masan we head inland to the Haeinsa Temple. Regarded as one of the three great temples in Korea, it was first settled in 802AD and its name derives from a verse in a Buddhist Sutra as "reflections on a smooth sea". In the 13th Century when Korea was at war with the Mongols, the government commissioned the Tripitaka Koreana, a complete copy of Buddhist scriptures, in the hope of Buddha's intervention in the war. They were carved onto 81,258 double sided wooden blocks and stored on floor to ceiling shelves in the Janggyeong Panjeon building. We also visit the main worship hall of the temple. Returning to Masan this afternoon you may wish to visit the vibrant fish market selling the daily catch.

Day 8: Ube

After a leisurely morning at sea we return to Japan and the port of Ube for our exploration of the historic, southern Yamaguchi prefecture. There will be a choice of tours and you may wish to travel inland to visit the picturesque five-storied Pagoda of Rurikoji Temple and the surrounding park. Dating back to 1442, the pagoda was built in memory of Yoshihiro Mori Terumoto who ruled the area during this period. Alternatively drive to Hofu Tenmangu, believed to be the oldest Tenmangu in Japan having been built in 903 at the site where the court officials and scholar Sugawara Michizane stopped on his way to Fukuoka following his exile. Afterwards visit the museum which houses more than 20,000 national treasure items, including swords, armoury, calligraphy and scrolls. We will then have a chance to explore the beautiful gardens.

Day 9: Uwajima

This morning we land on Shikoku Island and the port of Uwajima situated deep inside the sawtoothed coast of Uwajima Bay. The city of Uwajima is emerging as the nation's largest pearl cultivation centre and we will learn the process of implanting, harvesting, extracting and sorting pearls on a visit to a pearl farm. We will also see Uwajima Castle which is built on top of the hill with panoramic views over the town and harbour and the Tenshaen Garden, built in the Samurai era. Enjoy an afternoon at leisure.

Day 10: Hiroshima & Miyajima Island

We plan to visit the beautiful Peace Park and Museum, with its sombre cenotaph containing names of atomic bomb victims, and the permanently lit 'Flame of Peace'. After visiting the Peace Park we will travel to Miyajima Island, considered one of Japan's most scenic spots and the location of the Torii Gate and the Daisho-in Buddhist temple. For those after a nature fix, ascend Mount Misen on Miyajima Island by cable car and enjoy a hike, admiring the views below of the Shinto Shrine and Torii Gate.

Day 11: Kobe

From the port of Uno-Ko we will visit one of Japan's most famed gardens, Koraku-en, which translates as 'garden of pleasure after'. This 17th century formal garden has 28 acres to explore. This afternoon we will continue to Kurashiki where we explore the old merchant quarter and its fine 17th Century wooden warehouses painted white with traditional black tiles, along a canal framed with weeping willows and filled with koi. There will also be the opportunity to visit the Ohara Museum of Art which includes rare works by Matisse, Picasso and Renoir as well as collections from Japan's renowned Mingei movement including ceramics by Hamada Shoji.

Day 12: Kobe

This morning sail back into Kobe, after breakfast there will be a

complimentary coach to a central hotel or to the Osaka airport. To allow time for disembarkation procedures and travel from Osaka, we do not recommend booking flights departing before 1300 hours.
