

GEMS OF WEST GREENLAND: FJORDS, ICEBERGS, AND CULTURE

Immerse yourself along the dramatic coast of West Greenland, exploring deep into fjords and stunning islands. This trip features the best sites of West Greenland and delivers an in-depth experience in just 12 days. You'll have opportunities to visit towns such as Sisimiut and Uummannaq, both rich with culture. Find yourself coasting by massive glaciers while enjoying all the comforts Ultramarine has to offer. At the peak of summer months, you'll enjoy the long sunny days, clear vistas, and longer opportunities to see wildlife.

ITINERARY

Day 1 Arrive in Reykjavik, Iceland

Arrive in the Icelandic capital and make your way to your included hotel. You will have the rest of the day to explore this fascinating and incredibly walkable city on your own.

Day 2 Fly to Kangerlussuaq and Embark

This morning you'll catch your charter flight to Kangerlussuaq, where you'll board your vessel and begin your expedition. Get ready for a great adventure ahead! Expect a welcome and safety briefing from your Expedition Leader.

Day 3 At Sea

As we sail north along the west coast to our first area of exploration, your Expedition Team will prepare you for the adventures that lie ahead. Once activity and excursion briefings are completed, our education team will schedule presentations on the wildlife and fascinating history of Greenland, its geology, ecology and climate, and the incredible sights you will soon explore.

Days 4 to 6 Uummanaq Fjord

Uummanaq Fjord is the second-largest fjord system in Greenland surpassed only by Scoresbysund in east Greenland. On these itinerary days you will have the opportunity to become one of few people ever to explore this area in depth and travel beyond the predictable tourist destinations. The fjord is full of cultural and natural wonders. Potential excursions include visits to the town of Uummanaq, venturing into Qilakitsoq (the site where the famous Greenland Mummies were discovered) and excursions focused around Store Glacier and its immense discharge zone. You'll embrace the expeditionary spirit as we pioneer new destinations within the labyrinth of valleys and channels in the depths of the fjord. Quark Expeditions' core belief in working closely with our local partners will enhance every experience as we explore alongside local experts. We'll draw on our team's collective knowledge and expertise to deliver incredible experiences.

Days 7 and 8 Disko Bay

Disko Bay is a wide, southeastern inlet of Baffin Bay and is the largest open bay in western Greenland. Try to get out on deck as we navigate into this iconic bay where whales are often spotted. Disko Bay is full of exciting destinations for us to explore. We will almost certainly visit the community of Illulissat, which is situated at the head of outlet fjord for Sermeq Kujalleq (Jakobshavn Glacier), known for discharging 35 billion tons of ice each year. Declared a UNESCO World Heritage Site in 2004, the fjord is immensely beautiful and we will encourage you to explore it via one of the many marked hiking trails. Another area we will consider for this itinerary is the wild beauty of Equip Sermia or Torsukatak Fjords, located in the northeast corner of Disko Bay. Both of these remote areas offer fantastic vistas of large active glacial faces and provide plenty of opportunities for hiking, paddling, and Zodiac cruising. This is also an area where, if conditions allow, we will consider utilizing our twin-engine helicopters to get you in the air to appreciate the immensity of this region.

Days 9 and 10 Qeqqata

Qeqqata (meaning centre) municipality is Greenland's second smallest administrative region. Situated in the middle of the country's western coast, Qeqqata is home to almost 20% of Greenland's populace, most of whom reside in Sisimiut and Manitsok. During these two days your expedition team will work with our local partners to curate a balance of community and wilderness-focused activities. We are likely to visit Sisimiut, where you can wonder through the open air museum, participate in local tastings or join a hiking group to venture beyond the town limits along one of many incredible hiking trails on Sisimiut's doorstep. This is where we will also offer the (paid) mountain biking activity. Further south, the areas surrounding

Manitsoq are equally stunning. One of our favorite destinations in the area is the picturesque alpine lake of Innussuit Tasersuat, which we can hike and share a picnic with friends from Manitsoq. The fjord systems behind Manitsoq are deep and seldom visited. Our team will seek to take you beyond the ordinary and into these fjords for magical one-of-a-kind experiences, one of which is Eternity Fjord, which is home to the tallest mountains in all of West Greenland.

Day 11 Kangerlussuaq

Today, we disembark in Kangerlussuaq and transfer you to your charter flight to Reykjavik, where you'll spend the night in your included hotel.

Day 12 Reykjavik, Iceland

Today, make your way to the airport to catch your homeward flights, or spend more time exploring this fascinating Icelandic city.

Please Note:

Embracing the unexpected is part of the legacy – and excitement – of expedition travel. There are no guarantees that we can achieve everything we set out to accomplish. A measure of flexibility is something all of us must bring to a voyage. There are nearly 200 recognized sites in the Antarctic Peninsula and South Shetlands and the places mentioned above may be changed to others equally as interesting.

YOUR SHIP: ULTRAMARINE

YOUR SHIP: Ultramarine

VESSEL TYPE:

LENGTH:

PASSENGER CAPACITY:

BUILT/REFURBISHED:

Ultramarine is designed to go beyond the familiar in polar exploration, to discover new places, and to immerse you in the best the region has to offer.
