

HOT SPRINGS & ETERNAL ICE - ICELAND AND GREENLAND CRUISE

The Highlights of both islands will be combined on this voyage. Explore the impressive landscape of Iceland which is embossed by volcanos, geysers, hot springs and lava fields. The majestic icebergs of Greenland, deep blue fjords and the unique inuit culture make this combination voyage an unforgettable adventure.

ITINERARY

Day 1 Reykjavik

Use your leisure time in Reykjavik to discover the unique charm of the world's northernmost capital and book one of our pre-programmes (prices on request). Or explore the sights of south and west Iceland on a self-drive road trip (prices upon request). The SEAVENTURE docks in Old Reykjavik Harbor in the heart of the city, a five-minute stroll from the main squares, shopping and dining.

Day 2 Snæfellsnes Peninsula

The area is often referred to as "Iceland in miniature", through

The Small Cruise Ship Collection

www.small-cruise-ships.com

small-cruise-ships.com

info@small-cruise-ships.com

its diversity of landscapes. Breidafjörður Bay, for instance, is known for its fascinating bird life, unique basalt formations and breathtaking panorama.

Day 3 Isafjörður

Today's destination is Isafjörður, an idyllic town in the Westfjords region. This secluded peninsula is connected to the Icelandic mainland by only a narrow strip of land and includes many roadless areas where cars have never been. The landscape includes jaw-dropping views of dramatic fjords carved by ancient glaciers, sheer table mountains that plunge into the sea and pristine North Atlantic vegetation.

Day 4 Siglufjörður/Flatey/Húsavík

By morning we reach the fjord town of Siglufjörður, once the hub of the global herring industry and now enjoying a rebirth in popularity. Learn about the golden age of herring at the award-winning Herring Era Museum located on the vibrant harbour-front. In the early afternoon we head to Flatey. It's a natural haven for birdlife and home to the arctic tern and puffins, which can be observed at close quarters. During dinner we steam further into the Skjalfandi Bay and visit Húsavík.

Day 5 Húsavík

Húsavík is often called the "Whale watching capital" of Iceland. The town's offshore waters are home to 15 different whale species, as well as dolphins and 30 variety of birds. Watching

these graceful ocean giants in their Arctic habitat is an unforgettable experience.

Day 6 Seydisfjörður

Iceland's East Fjords are best explored from the impossibly picturesque port of Seydisfjörður, nestled between the sea and steep mountains. Activities include hiking, horseback riding and exploring the natural beauties of the East.

Day 7 Djúpivogur

The fishing village of Djúpivogur is today's starting point to explore the Berufjörður fjord by kayak (optional). Go on a four wheel-drive Jeep tour (optional) or take a boat trip in the Jökulsárlón Glacier Lagoon (optional). Icebergs of all shapes and sizes are floating in the water - an unforgettable adventure.

Day 8 Vestmannaeyjar (Westman Islands)

Located off Iceland's South Coast, the Westman Islands were formed by submarine volcanic eruptions around 10,000 years ago. We go ashore on Heimaey, the only inhabited island, where half-buried houses remain from a violent 1973 eruption.

Day 9 Reykjavík

Explore inland areas like the Golden Circle and its famous Gullfoss waterfall or other programs. Or simply hang out in

Reykjavik, a perfect city for those who want to refresh their spirit in a place that combines invigorating outdoor activities, great food and world-class entertainment.

Day 10 Day at Sea/Denmark Strait

Today we sail across the Denmark Strait towards Greenland, following the same maritime route used by Norse settlers more than 900 years ago. Enroute you can attend fascinating presentations by our Expedition Team members to prepare for your visit to Greenland. Or of course, you can choose to just relax and watch whales, dolphins and seabirds from the deck or from your cabin.

Day 11 Ammassalik Island

The island is characterized by several glaciers, jagged peaks, rivers, lakes and waterfalls. There are vast green valleys and deep fjords with newly calved icebergs dropping off the ice cap into the sea. Tasiilaq, the largest town in East Greenland, is located on Ammassalik Island. With its population of approximately 2,000 people, the town is the gateway to explore East Greenland.

Day 12 Day at sea/ Prince Christian sound

When conditions are favorable, we travel along the 70 mile (112 km) long Prince Christian Sound which connects the Labrador and Irminger Seas. In this narrow, often ice choked channel, we come so close to icebergs you can almost reach

out and touch one. The force of Greenland's massive inland ice cap pushes glaciers towards the sea, where large chunks of ice break off and become floating icebergs.

Day 13 Qaqortoq

With 3,000 inhabitants, Qaqortoq is the largest settlement in South Greenland. In this charming town you can find lots of strikingly beautiful colonial buildings, dating from the establishment of the town in 1775. The area has a rich history, as it has been inhabited continuously since prehistoric times. You can still see traces of Thule and Norse cultures throughout the region.

Day 14 Qeqertarsuaia

Qeqertarsuaia is a small settlement with approx. 200 residents, mainly living from hunting and fishing. Visit the small mine and learn more about the extraction of precious stones.

Day 15 Nuuk

With 16,000 inhabitants Nuuk is both the capital and the biggest city of Greenland. It combines Arctic traditions with European urbanity. Visit the city sights on a walking tour that ends at the National Museum which exhibits the famous mummies of Qilakitsoq.

Day 16 Sisimiut

small-cruise-ships.com

info@small-cruise-ships.com

With approx. 5,600 inhabitants, Sisimiut is the second largest town in Greenland. It is a modern settlement that maintains ancient traditions. The fishing industry still plays an important role.

Day 17 Ilulissat

In the morning we reach Ilulissat village in fabled Disko Bay. Ilulissat is located beside the Ilulissat Icefjord. Delight in the thunderous spectacle when icebergs break off from the glacier and plunge into the fjord.

Day 18 Disko Bay / Qeqertarsuaq

The small settlement of Qeqertarsuaq is located on the South Coast of Disko Island. In 1773, the first whaling base was founded there. Whaling has been of great importance to the town over the past two centuries. Hunting and fishing are still the primary occupations for the island's inhabitants.

Day 19 Kangerlussuaq

In the morning we reach the 120-mile (190 km) Kangerlussuaq Fjord and the town of the same name. It's time to say goodbye to the SEAVENTURE. In the evening board your charter flight back to Keflavik.

****Please check the details for the charter flight from**

Kangerlussuaq to Keflavik with our office before booking your international flight. **

Please Note:

All routes and excursions are provisional and subject to change.
All Zodiac excursions are weather dependent.

YOUR SHIP: SEAVENTURE

YOUR SHIP: Seaventure

VESSEL TYPE:

LENGTH:

PASSENGER CAPACITY:

BUILT/REFURBISHED:

A WORLD-CLASS SMALL SHIP EXPERIENCE Seaventure features a 1-A Super ice class rating -- the highest ice class awarded to passenger vessels. This means that we will be able to explore coves, bays, and channels that would previously have been forbidden to us. The ship also offers a host of new activities. There's a sauna, a fitness center, a custom-built citizen science lab, and heated saltwater pool. There is more storage space, which is important because it means we can carry more equipment, so that more of our guests can participate in activities like kayaking, snowshoeing, and camping. The common areas are larger and beautifully appointed, and the ship has two. Antarctica is a uniquely challenging environment, one that Seaventure is supremely prepared for. Its state-of-the-art stabilizing system provides safe, comfortable passage through even rough seas, and its ice rating is second-to-none in these waters. This means Seaventure can usher you into places (and amazing experiences) that regularly turn away lesser and larger ships. Seaventure features an outer viewing deck that circles the entire ship, and an outdoor dining area and heliport where we host events whenever weather permits. Indoors, our elegant dining areas and spacious

presentation room surround you with oversized windows, so you'll never have to miss a passing iceberg or an impromptu sighting of a Humpback or school of Orcas. Even our treadmills and ellipticals keep your eyes trained on the mesmerizing Antarctic landscape. Ship Facilities: Two Elevators serving all passenger decks Library with computers Fitness Center and Sauna Heated saltwater swimming pool Citizen Science Laboratory All Staterooms Feature: Exterior views Sitting area with chairs or sofa and table Complimentary Mini-Bar Flat Screen TV Telephone Safe to store your valuables Independent temperature controls Luxury toiletries
