

5 DAY GALAPAGOS CRUISE ABOARD CATAMARAN ECO GALAXY

A 5 day cruise To the heart of the Galapagos. Venturing north to Darwin bay. Leaving from San Cristobal and arriving to Santa Cruz

ITINERARY

Day 1 SAN CRISTOBAL ISLAND: LOBOS ISLAND

San Cristobal airport. Reception at airport. Transfer In. Welcome on board Galaxy II Cruise. Welcome drink and lunch. LOBOS ISLAND: Panga Riding, swimming and snorkeling. Here, we can walk, swim and snorkel among the seals, frigates, marine iguanas, lava lizards, and the small endemic Galapagos snake. Here, we can swim and snorkeling in the same place it. Dinner.

Day 2 SANTA FE ISLAND & SOUTH PLAZAS ISLAND

SANTA FE: Wet landing, activities for this day: hiking, swimming and snorkeling. With 24 km² and 60 m of height above sea level, this central island is a unique place to visit. It has an incredible bay of turquoise water, protected by a natural barrier of rocks. You will see colonies of seals as hawks fly overhead. This island is home to one of the two species of land iguanas found in the Galapagos. Their main food source is the leaves and fruit of the large, thick cactus found here. Crabs, nocturnal

herons, marine iguanas, cucuves and land doves are seen frequently. The Bay is excellent place to swim and to do snorkel. Marine tortoises, rays, sea lions and tropical fish are an amazing attraction! Snacks and refreshing beverages are waiting for you on board. Lunch. SOUTH PLAZAS: are two small islands, created by an uplifting of the land. The land iguanas are smaller here; they nest during the warm season. The hike goes along an extraordinary cliff where sea birds nest. There are approximately 1000 sea lions (*Zalophus Wollebaeki*) located on the south side of the Plazas.

Day 3 NORTH SEYMOUR ISLAND – MOSQUERA ISLET

NORTH SEYMOUR: dry landing. Seymour was formed by the lifting of volcanic marine lava. Marine fossils dating back to the Pleistocene period were found on this island. In 1932, Captain Alan Hancock and his crew took 72 malnourished land iguanas from Baltra Island to North Seymour Island so that the iguanas could live in better conditions. In 1934, colonists verified that the iguanas were in good condition. The vegetation of North Seymour is bushy and is host to nesting Real Frigates of the Galapagos. Return to EcoGalaxy. Lunch MOSQUERA ISLET: This islet is located between Baltra Island and North Seymour. Here, we find the biggest sea lion colony; it is also possible to observe several species of birds.

Day 4 GENOVESA ISLAND: DARWIN BAY & BARRANCO

DARWIN BAY: wet landing, coral beach, activities for this day: short walks, photography, swimming, snorkeling. Genovesa is a small island in the north of the Galapagos. Our unloading in Darwin Bay will be wet. Near the beach is a mangrove swamp where we will find a colony of frigates, marine iguanas, red-footed boobies and mask boobies, the great terrestrial finch, seagulls, herons, and cactus finch. Following the land visit, our

passengers can enjoy a swim in the bay. Snacks and refreshments are available. Lunch BARRANCO: dry landing, activities: hiking. Also known as Prince Felipe's stairs. Here, we will have a walk for the Barranco path. In our journey we will observe tropical birds, petrels, common frigate, red-foot boobies, mask boobies, dove, and finches. Dinner.

Day 5 SANTA CRUZ: HIGHLANDS

Where we have a trekking and we will find the giant tortoises in their natural habitat, this is a natural spectacular. For this visit we recommend to use sport shoes, long pants, raincoat, hut and sun block. Transfer Out.

Please Note

This itinerary is subject to change without notice; due to seasonal changes, weather conditions or Galapagos National Park regulations.

YOUR SHIP: ECO GALAXY

YOUR SHIP: Eco Galaxy

VESSEL TYPE:

LENGTH:

PASSENGER CAPACITY:

BUILT/REFURBISHED:

The EcoGalaxy is a comfortable catamaran built in Guayaquil in 2014. It was built according to ecological parameters that reduce the negative environmental impact of tourism in the Galapagos Islands. With 8 double cabins (4 on the upper deck, 4 on the main deck accommodating up to 16 passengers), panoramic windows, room safes, air conditioning, private wc-showers, this catamaran is one of the most comfortable cruises in the Galapagos. Some of the boat characteristics that reduce the negative environmental impact of tourism: Operates on low fuel consumption. Continuous self-cleaning through purifiers that allow the fuel to be recirculated. Energy-efficient LED lights are used for the illumination of the ship. Uses biodegradable cleaning products. Air conditioning and cooling systems that automatically adjust according to weather conditions. Fresh water system. There is a system adjustable pressure tank which provides for the efficient saving of fresh water inside the boat. Salvage and Security Equipment - 2 survival rafts for 20 passengers each - 1 survival raft for 8 passengers - 30 life jackets, type A - 25 life jackets, type B - 6 lifebuoys with nylon rope - Fire axes and Fire hoses - CO2 extinguishers - flare light, hand lights, smoke signals and other

visual signals - Firemen suits, smoke signals. - One tank with its autonomous breathing equipment - First aid kit Upper Deck 4 Cabins, 1 Captain Cabin, 1 Guide Cabin, Bridge Main Deck 4 Cabins, 2 Cabins (bow), 2 Cabins (stern), Briefing Area, Coffee Station, Bar, Living Room, Dining Room, Boarding area Lower Deck Kitchen, Crew Dining Room, Cruise Director's Cabin, 2 Crew cabins, Machine Rooms, Laundry Bar & Restaurant Enjoy excellent food on board the EcoGalaxy Catamaran cruise. Our menu offers a variety of products from the Galapagos Islands. The menus are based on a balanced diet which includes carefully selected fruits, proteins and carbohydrates. Beverages included with the meals are soft drinks (not bottled) and juices. Meals are different every day and guests will enjoy a wide variety of foods. Breakfasts include fruits, sausages, cheese, and eggs prepared in a variety of ways. During the cruise, snacks will be served twice a day. When guests return from the excursions, special snacks and drinks are waiting that will surprise and delight them. We continually strive to satisfy our guests' requests. For those with food restrictions such as allergies, food intolerances, etc., be sure to note any allergies or specific diet requirements at the time of booking. Contact us for more information. Social Area The social areas are the perfect place to witness the many wonderful and unforgettable landscapes. In the spacious dining room, enjoy the delicious meals prepared by our professional chefs. While sailing in the Galapagos Islands, relax, read a book in the lounge or soak in the sun's rays on the sundeck. Activities Experience once-in-a-lifetime moments. Our guests will have the opportunity to enjoy the best of the Galapagos Islands during our adventure-filled excursions.
