

ADVENTURES IN NORTHEAST GREENLAND - GLACIERS, FJORDS AND THE NORTHERN LIGHTS

Explore some of the last unspoiled wilderness areas on the planet by joining our Adventures in Northeast Greenland: Glaciers, Fjords and the Northern Lights itinerary. Cruising along Greenland's remote northeast coast, home to the largest fjord system in the world, you'll discover diverse and dramatically rugged landscapes--and possibly cap off a day of Arctic exploration with a nighttime show of the dramatic Aurora borealis as you'll be in a region where the Northern Lights are regularly visible. Immersed in the untamed beauty of the Arctic, you'll experience Greenlandic culture firsthand at Ittoqqortoormiit, visit ancient Thule sites steeped in history, and marvel at the majesty of massive icebergs and against a spectacular mountain backdrop. The Arctic has been inspiring explorers for centuries, and our expeditions offer the chance for you to discover why. We're excited to host you on your unforgettable adventure! Feel free to reach out to our team of Polar Travel Advisers or your travel professional, who can answer your questions and provide assistance at any time.

ITINERARY

Day 1 Arrive in Reykjavik, Iceland

Arrive in the Icelandic capital in the morning and make your way to your included hotel. You will have the day to explore the city on your own.

Day 2 Embark

This afternoon, you'll board your vessel and begin your expedition. Get ready for a great adventure ahead!

Day 3 Cruising

As we cruise north across the Denmark Strait, with views of Greenland in the distance, your Expedition Team will prepare you for the adventures that await. Learn about the storied history and politics of the Arctic, its fascinating wildlife, geology, ecology and climate, and the incredible sights you will soon explore. The team will also search for the seabirds soaring around your ship, as well as the whales that frequent the waters here.

Days 4 to 8 Exploring Northeast Greenland

During your tour of Greenland's remote northeast coast, you'll enjoy Zodiac cruises and shore visits to several locations. We'll also keep an eye out for grazing muskoxen, as 40 percent of the world's population lives in Northeast Greenland National Park. At the entrance of the sound is East Greenland's most northerly community, Ittoqqortoormiit, where you may spend time interacting with the Inuit people and learning about their way of life. You may also have a 3 chance to see the Northern Lights here if the skies are clear. Magnificent vistas also await at Kong Oscar Fjord, with possible landings at Ella Ø, renowned for its rugged cliffs and ice-choked waters, and flower-rich Botanikerbugt, on Ymer Ø.

Days 9 and 10 Sailing southbound across Denmark Strait and once more crossing the Arctic circle, though southbound this time.

As your Arctic adventure winds down, take in a presentation by our onboard experts, share your photos, sip an icy cocktail in the bar or watch a movie--there are many activities during your time at sea. Your Expedition Team will also be on hand to

answer any questions and point out wildlife.

Day 11 Depart Reykjavik, Iceland

You'll disembark in Reykjavik, Iceland's capital, at the end of your journey. If you have booked post-expedition accommodation, we provide a transfer to a central downtown location.
