ITINERARY

Day 1 FREMANTLE

The vibrant city of Fremantle blends the old with the new, creating an enriching cultural experience. Maritime, convict and colonial history can be explored in one of the best-preserved examples of a 19th century port streetscape on Earth, while buzzing markets, lively bars and casual street cafes give you a taste of 21st century life with the locals. If you're hitting the heritage trail, be sure to include a visit to the Western Australian

Maritime Museum, World Heritage listed Fremantle Prison and Western Australia's oldest public building, the Roundhouse.

Day 2 AT SEA

During your journey at sea, make the most of the many services and activities on board. Treat yourself to a moment of relaxation in the spa or stay in shape in the fitness centre. Depending on the season, let yourself be tempted by the swimming pool or a spot of sunbathing. This journey without a port of call will also be an opportunity to enjoy the conferences or shows proposed on board, depending on the activities offered, or to do some shopping in the boutique or to meet the PONANT photographers in their dedicated space. As for lovers of the open sea, they will be able to visit the ship's upper deck to admire the spectacle of the waves and perhaps be lucky enough to observe marine species. A truly enchanted interlude, combining comfort, rest and entertainment.

Day 3 ALBANY

The breathtaking beauty of Albany's rugged coastline creates a fitting backdrop to a dramatic whaling, convict and settler history and a sensational south coast adventure. This charming city marks the spot where the first European settlers set foot in Western Australia, and much of their legacy remains today. You can also follow the extraordinary stories of the first convoy of ANZACs departed for the battlegrounds of the First World War in the National ANZAC Centre. You'll also find some of the town's biggest tales in the Historic Whaling Station, the only museum of its kind to be housed in a former whaling station. The industry met its end in 1978, creating a safe port of call for migrating humpback, southern right and blue whales.

Day 4 ESPERANCE

Esperance was named for the French frigate Esperance captained by Huon de Kermadec on Antoine Bruni d'Entrecasteaux's 1791 expedition to find the lost ships of Jean-François de La Perouse. It is located 720 kilometres east-southeast of Perth and has a population of just over 12,000. Regarded as a beach and nature-lover's dream, Esperance is blessed with squeaky-clean beaches, turquoise waters, untouched islands and colour-filled wildflower country. Among its most famous beauty spots is Australia's whitest beach, Lucky Bay - set against a stunning seascape of 110 islands of the Recherche Archipelago.

Day 5 RECHERCHE ARCHIPELAGO

The Archipelago of the Recherche, known locally as the Bay of Isles, is a group of 105 islands, and over 1500 rocky outcrops off the southern coast of Esperance, Western Australia. The islands stretch 230 kilometres from East to West and to 50 kilometres offshore. The area is a biodiversity hotspot partly due to the influence of the Leeuwin current which supports a rich diversity of marine life. Breeding colonies of Australian fur seal, New Zealand fur seal and the Australian Sea Lion have been recorded on various islands including Cooper and Salisbury Islands. The archipelago has also been identified by BirdLife International as an Important Bird Area (IBA) supporting over 1% of the world populations of flesh-footed shearwaters, along with breeding colonies of the endemic Recherche Cape Barren goose, sooty oystercatchers and fairy terns. If time and weather permit, you will have the opportunity to explore the coastal environments and view the wildlife from our fleet of zodiacs.
