

## ANTARCTIC FLY MICRO CRUISE — SAIL ONE WAY

Fly and sail the legendary Drake Passage into the heart of Antarctica, where the polar wilderness unfolds in all its striking beauty and vitality. This unique expedition begins or ends in Puerto Natales, Chile--gateway to Torres del Paine--or Ushuaia, Argentina, the world's southernmost city on the edge of Tierra del Fuego. Both offer the perfect prelude or finale. You'll cross the legendary Drake Passage once by ship and once by flight--combining flexibility with the full polar experience. In Antarctica, life abounds. Penguin colonies bustle with activity, seals rest along the icy shores, and whales--humpbacks, minke, orcas, and sei--glide gracefully through the nutrient-rich waters. The polar light radiates across sculpted ice and snow-capped peaks, casting a glow that transforms the landscape into something otherworldly. This is Antarctica: powerful, pristine, and utterly unforgettable.

### ITINERARY

#### Day 1 Arrive in Puerto Natales, Chile

Begin your Antarctic journey in the remote Puerto Natales, and experience Patagonia's soul from the first moment. Our team will meet you at the airport upon your arrival and transfer you to your hotel.

**\*\*Fly from Puerto Natales to King George Island, Antarctica\*\***

After meeting our team in Puerto Natales, Chile, you'll board a two-and-a-half-hour charter flight with your fellow guests across the Drake Passage to King George Island, your gateway to Antarctica.

Upon landing, a Zodiac transfer will take you to your ship, where your voyage into the white continent begins.

Days 2 - 6 Exploring Antarctica's raw and untouched beauty

We often sail into the heart of the Antarctic Peninsula through the scenic Gerlache Strait, flanked by jagged peaks. If ice conditions allow, we'll venture into regions renowned for impressive tabular icebergs and dramatic landscapes.

**\*\*Into Antarctica 's hidden places\*\***

Prepare to enjoy a Zodiac cruise through sapphire-blue iceberg-filled coves and serene reflective waters, as we are on the lookout for humpback whales, leopard seals, and calving glaciers. We'll also hope to land on islands, where gentoo penguins nest among whalebone relics, and young fur seals frolic in shallow waters, while elephant seals will be hauled out on shore.

**\*\*Dramatic coastlines and penguin colonies\*\***

We plan to visit remote and rugged islands along the peninsula, where you'll see dramatic volcanic cliffs, glacier-sculpted shorelines, and encounter large colonies of Adelie, chinstrap and gentoo penguins nesting side by side.

You'll glide through the narrow and stunning channels often packed with glittering sea ice and steep mountains on both sides by still waters.

#### Days 7 - 8 At Sea - Drake Passage

As your voyage north unfolds, icebergs and the Antarctic continent fade on the horizon. While crossing the Drake Passage, albatrosses may glide above as you enjoy workshops, and expert-led lectures.

#### Day 9 Disembarkation in Ushuaia

Sail through the Beagle Channel before concluding your journey with disembarkation in Ushuaia, Argentina.

#### Please note:

We prefer to embrace spontaneity and make the most of every opportunity nature presents to us. This is how we believe a true, authentic expedition should run...for those who don't just travel--they explore.

Our listed itineraries are for guidance only. The day-to-day activities may vary depending on the ice, the weather, and the wildlife. Landings are subject to site availability and permissions, and always in line with IAATO guidelines and Antarctic Treaty regulations. We pledge to follow the strictest environmental protocols.
