

ANTARCTIC SMALL SHIP EXPEDITION

Leaving from Ushuaia, Argentina, the expedition takes you through the Beagle Channel and across the mythical waters of the Drake Passage. Explore one of the most spectacular places on earth, the coldest, highest, windiest, driest, and remotest continent - Antarctica.

ITINERARY

Day 1: Ushuaia (Argentina)

Your journey begins in Ushuaia, Argentina. Board Ocean Nova and sail along the Beagle Channel towards Puerto Williams, Chile, the southernmost town in the world. Explore the surroundings before setting sail to Antarctic land. NB: Due to port operations, boarding in Ushuaia is exclusively between 15:00 hr and 16:00 hr. At 16:00 hr. boarding will close. Please be on time. Keep your passport at hand and allow enough time to clear port security and to reach the vessel.

Day 2-3: At sea Drake Passage

Sail towards Antarctica across the famous passage named in honour of Sir Francis Drake, the great 16th century British explorer. As you sail en route to the South Shetland Islands, attend an engaging program of lectures and presentations. In the company of expert guides, watch for wildlife from the glass-enclosed lounge or from the outside decks. You may spot magnificent sea birds, such as albatrosses and petrels, as well as different species of whales on their way south to Antarctica. After crossing the Antarctic Convergence, the environment changes noticeably. Keep your camera ready, as this is the time to watch for the first icebergs and the first sight of Antarctic land.

[Day 4-7: Exploring the Antarctic Peninsula](#)

Cruise between the South Shetland Islands and the western coast of the Antarctic Peninsula, sailing along ice-filled fjords and among spectacular icebergs, while enjoying the company of sea birds, penguins, seals and whales. Each day, disembark by Zodiac boat and explore the landscape together with expert polar guides. From the ship enjoy spectacular vistas from the glass-enclosed lounge while sharing your daily adventures with fellow guests. No journey is the same as flexibility is the key to success in Antarctica. The Expedition Team sets the voyage route to take advantage of the ever-changing opportunities provided by Nature, crafting a unique and extraordinary experience each time. While the exact itinerary changes with each expedition, you will explore several spots that offer the best possible overview of the varied Antarctic environment. Your voyage may include visits to sites such as Paulet Island, Hope Bay, Port Lockroy, Petermann Island, Paradise Bay, Deception Island, the Lemaire Channel, or many other magnificent places. Our adventure will be very active, with several daily landings and

cruises in Zodiac boats, lectures and a very enjoyable time on board.

[Day 8-9: Drake Passage](#)

Return to South America with a northbound crossing of the Drake Passage. Relax and take the time to watch for wildlife from the bridge or outside decks.

[Day 10: Ushuaia](#)

The program ends upon arrival at the port in Ushuaia.

YOUR SHIP: OCEAN NOVA

YOUR SHIP: Ocean Nova

VESSEL TYPE:

LENGTH:

PASSENGER CAPACITY:

BUILT/REFURBISHED:

The ice-strengthened 73 metre long expedition ship Ocean Nova was built in Denmark in 1992 with high ice class to serve Greenland's west coast. In 2004 to 2005 she was completely refurbished and has now a career as a small and comfortable expedition ship. The Ocean Nova accommodates 86 passengers in single, double and triple cabins, all with sea-view and private facilities. The double cabins have either twin beds. The triple cabins have upper and lower beds. In your cabin you will also find a desk with chair and ample storage space for clothes and equipment. In the dining room you are treated to delicious meals in between landings and in the panorama lounge you can enjoy a drink with a breathtaking view of the surrounding polar landscape. This is where on board specialists entertain and educate you with lectures on polar biology, history, geology and conservation. There is also a library with panoramic views and a good selection of polar books. On board there is a satellite phone, gym and medical doctor. Passengers are welcome on the bridge around the clock and there is always something to see or search for from the spacious observation decks. The ship has North European officers and there is a friendly and informal atmosphere on board. Travelling with this small expedition ship

offers an entirely different experience and perspective than you can get on a larger and more conventional cruise ship. Cabins are spread over two decks and include cabins for the single traveller, double and triple cabins, all with sea-view and private facilities. The comfortable dining room located on the Upper deck seats all passengers in a single sitting and offers delicious meals with a mixture of table service and buffet. The informal dining arrangement adds to the friendly atmosphere onboard and meals are a great chance to discuss all you have seen with your fellow travellers, and for the expedition team to share their knowledge. With one of the highest ice classes (1B) and a 2000 hp diesel engine, Ocean Nova is a small but sturdy expedition vessel just as at home in the icy waters of Svalbard as she is in a tranquil Scottish loch. The ship has a crew of 34, including North European officers, whose prime concern is your safety as well as ensuring wildlife sightings and weather conditions are maximised. For your safety there are two fully enclosed lifeboats and a medical
