ITINERARY

Day 0 & 1 Pre-Cruise aand Longyearbyen

The world's most northerly town, Longyearbyen, on Spitsbergen, Svalbard's largest island, also claims the most northerly high street and pub. It's home to The North Pole Expeditions Museum chronicling early pole-reaching efforts by air. Arctic waters around are populated by whales, including bowheads and narwhals, while walrus are regularly seen hauling out.

Svalbard is the kingdom of the polar bears, deep in the Arctic Circle, featuring varied polar landscapes and gargantuan glaciers. Beyond magnificent fjords in the north, the remaining sea ice serves as prime hunting grounds for polar bears. Closer to Longyearbyen, tundra and beaches replace snow and ice. Alongside 600 polar bears, this Arctic hotspot is home to walrus, Svalbard reindeer, ringed seals and arctic fox.

Day 5 Day at sea

Spend your day at sea enjoying the facilities available onboard. Head to the sauna, get in a workout in the state-of-the-art gym or relax in the hot tub while taking in incredible views along the way. If you prefer to learn a little more about your surroundings, listen to an informative talk or have a chat with one of our knowledgeable experts.

Day 6 Jan Mayen Island

The snow-covered stratovolcano Beerenberg dominates the ice cap and glaciers at the northeast end of Jan Mayen Island. Halfway between Svalbard and Iceland, this Norwegian island's only residents are the Norwegian Armed Forces or meteorological station staff. Purple saxifrage and endemic dandelions grow next to the black sands, while northern fulmars, Brunnich's and black guillemots and little auks make Jan Mayen an important birding area.

Days 7-9 Kong Oscar Fjord

Kong Oscar Fjord marks the northern edge of Scoresbysund and leads to Northeast Greenland National Park, the world's largest national park. Its vast valleys open to the sea, framed by towering mountains, deep waters and shimmering ice. This dramatic, hostile yet beautiful landscape features Berzelius Bjerg, a striking mountain with colourful strata, formed millions

of years ago when these peaks lay beneath the ocean.

Day 10 Ittoqqortoormiit

Bodø highlights its Sami heritage and connects the arts to its Arctic setting. Rebuilt after the 1940 bombing in modernist "reconstruction" style, Bodø's architectural commitment endures with the 2014-built Stormen concert hall and Molobyen, a new waterfront cultural hub. Surrounded by natural landscapes, Bodø lies near the world-famous maelstrom of Saltstraumen, a powerful whirlpool on the Saltsfjorden strongest when the tides change daily.

Days 10-12 Scoresbysund

The world's largest fjord system, Scoresbysund spans over 350 km into Greenland's heart. This vast network of fjords, glaciers and icebergs is framed by towering basalt mountains, which shield Greenland's wildlife from Arctic winds. Muskoxen, Arctic foxes and mountain hares roam the land, while little auks, puffins, fulmars, snowy owls, gyrfalcons and great black-backed gulls soar overhead. Seals and whales are common sightings in the waters.

Day 13 Vigur Island

Husavik, overlooking Skjalfandi Bay, is famed for whale watching, especially the endangered blue whale. The town's Whale and Exploration Museums focusses on Viking history and Apollo astronaut training, taking place nearby. The town also marks Iceland's first house from 860 AD. Husavik is on the Arctic Coast Way and the start of the Diamond Circle route. Nearby, Kaldbakur pond is a popular geothermal swimming spot oddly populated with goldfish.

Day 9 Hrisey Island

A jewel of the Westfjords, Vigur is the fjord's second-largest island and a thriving seabird sanctuary. Flocks of arctic terns, puffins, guillemots and eider ducks nest atop rocky cliffs. As one of only two inhabited islands, Vigur supports a family farm continuing the centuries-old eiderdown harvest across 3,500 nests. This remote pillar also houses Iceland's sole windmill, its tiniest post office and a 200-year-old, still-seaworthy rowing boat.

Day 14 Reykjavik

Reykjavik, despite its small size, is the capital of Iceland. At the top of the town stands the distinctive Hallgrímskirkja church, designed by renowned Icelandic architect Guðjón Samuelsson. The revitalised harbour area features the futuristic Harpa Concert Hall and the Maritime Museum, showcasing the city's cultural heritage. A trip to Reykjavik would be incomplete without a visit to the Blue Lagoon, famous for its therapeutic geothermal waters.
