

THE BAFFIN SEA (LE BOREAL)

The first destination is the North-West coast of Greenland which will welcome you with its majestic icebergs, colourful villages encircled by mountains and its basalt formations. This is the ideal opportunity for meeting the local population and learning about Greenland Inuit culture. The North of Greenland will then reveal its remote villages of peat houses where the last bear hunters and narwhal fishers live in the middle of the Arctic tundra according to their ancestral traditions. You will also see the remains of ancient Inuit civilisations and will discover Savissivik, the largest iceberg graveyard in Greenland. The next destination will be the Nunavut in Canada, with its immense cliffs, bird colonies and fjords. Note: Expedition cruise - all zodiac landings included in the cost Note: Program includes flights Paris/Kangerlussuaq/Paris in economy class, on European airline

The sculptural icebergs continue their on timeless journey, shimmering with their eternal light. Vast pieces of ice break off from the bergs and rejoin the inexorable movement of the sea. Close by lies the town of Ilulissat, the regions principal destination. Encircled by icebergs, it has retained a unique mix of traditional Arctic life, with multicoloured

Formerly called Tununiq by the Inuit, this region was long ago inhabited by their ancestors, the Thule, who left behind numerous archaeological artefacts, little vestiges of the past. No matter where you look, your eyes will alight upon a unique landscape of snow-capped mountain ranges, each more beautiful than the last, standing opposite ice-blue glaciers whose vertiginous flows descend into the ocean. In the summertime, when the sun doesn't set below the horizon, the light is truly magical, a palette of opaline blues, dusky pinks and pure white. Don't miss the opportunity to see the bird colonies of Bylot Island; Le Soleal route will sail you close to this uninhabited "Garden of Eden" so that you may wonder at its natural marvels.
