green rainforests. We then explore various coves within Vansittart Bay, visiting sites rich in the fascinating Bradshaw or Gwion Gwion art, named after Joseph Bradshaw, who in 1891 became the first European to record these amazing paintings. Some Bradshaw art, which is unique to the Kimberley, has been dated at over 17,000 years old. There is also the opportunity to visit the crash site of the DC3 aircraft which crashed during World War II on the eastern side of Vansittart Bay. DAY 15: Koolama Bay

Today we visit Koolama Bay, where the vessel "Koolama" was beached in February 1942, following an attack by the Japanese in World War II. The passengers were taken ashore by order of the ship's master, and many had to walk overland on an epic cross-country trek. The 'Koolama' was unfortunately sunk off the Wyndham jetty during another air raid. Late afternoon take in more history at the survivors' camp at Pangali Cove where you can enjoy a freshwater dip beneath a waterfall.

DAY 16: King George River

Overnight we anchor just metres away from the falls, with tranquil sounds and an extraordinary view from the bow.

Enjoy a well-deserved swim in one of the cool upper pools, followed by an excursion to the East Arm Falls.

DAY 18: Cape Bernier and Seaplane Bay

This morning we visit two sites associated with the German Aviators Bertram & Klaussman. In 1932, the pair were blown off course in their seaplane Atlantis and endured starvation in the wilderness, before being found and rescued by Gwini Aborigines after 40 days.

There will be plenty of land and sightseeing excursions to many untouched places, and opportunities to catch fresh fish for the table. Please note scenic helicopter flights are available on request.
