BRITISH ISLES ODYSSEY

With over 30 years of operating cruises around the UK, this voyage conveys the multiple benefits of small ship cruising and is a celebration of the very best of what we offer. It is a wonderful opportunity to return to some of our favourite places to see some of the most beautiful scenery, meet some interesting inhabitants and learn more about both the past and present of the United Kingdom. Spring offers a wonderful portrait of life in our islands; our shores will become alive with colour, the birdlife will be in abundance and the countryside will be lush and inviting. We will sail from Portsmouth and during our cruise visit remarkable places of great natural beauty, rich in wildlife and history. From the idyllic islands of Herm and St Agnes in the southwest with their crystal-clear waters and fine white sandy beaches to Unst, the northernmost inhabited island, we will enjoy the peace and tranquillity which these charming islands exude. During our circumnavigation and by making good use of the vessel's Zodiacs, we will visit many special places including Treco's famous subtropical Abbey Gardens, St Davids, Britain's smallest city, and the Giant's Causeway in Northern Ireland. Highlights for the keen birders will include St Kilda, Skomer Island and Rathlin Island with their abundance of seabirds including puffins, guillemots, kittiwakes and the elusive Manx shearwater. Our final days will be spent along England's East Coast exploring Northumberland including Alnwick Castle, historic Whitby, and from Ipswich we will discover the fascinating Anglo Saxon royal burial site at Sutton Hoo. Over the course of 15 days we will visit all of the UK's four countries, as well as the Channel Islands and the Isle of Man, and with the all-suite MS Hebridean Sky as our base, in the company of just

over 100 fellow guests, we will be able to visit many fascinating yet little-visited destinations that are otherwise inaccessible to the larger ships. All of this makes for a very appealing sea journey whether you be an avid birdwatcher, nature-lover or simply enjoy sailing past and visiting some of the most enchanting places in

Day 2 Guernsey & Herm, Channel Islands.

Sail overnight to the Channel Islands. On arrival in Guernsey there will be the option of a walking tour of St Peter Port including a visit to Castle Cornet, a 12th century battlement which guards the entrance to St Peter Port harbour. Alternatively, enjoy a panoramic drive during which we will see the beautiful coastline and beaches and visit the Little Chapel, built in 1914 as a miniature version of the famous basilica at Lourdes and covered in fragments of shattered china. Over lunch we sail the short distance to Herm, the smallest inhabited Channel Island and, at just one and a half miles long and half a mile wide, perfect for exploring on foot. Here, you will have free time to explore, perhaps take a stroll over to Shell or Belvoir beach or join our naturalists for a walk.

Day 3 Tresco & St Agnes, Isles of Scilly.

Spend the morning on traffic-free Tresco, walking its idyllic lanes from the beach to the famous subtropical Abbey Gardens. Defying the Atlantic weather, this miracle of a garden is home to more than 20,000 species of plants from over 80 countries. Enjoy time to wander at your own pace along the paths, maybe visit the Valhalla collection of ship figureheads from ships wrecked on the islands or relax in the cafe. We spend the afternoon on St Agnes, the most southwesterly community in the UK. Surrounded by rocks and reefs this delightful tiny island offers marvellous coastal walks. The small island of Gugh lies across a narrow sandbar and here we find a single stone monolith called the 'Old Man of Gugh' which dates back to the Bronze Age.

Day 4 Skomer Island & St Davids, Wales.

At dawn we arrive at Skomer Island and discover the coastline on a Zodiac cruise. One of the most important wildlife sites in

the world.

ITINERARY

Day 1 Portsmouth, England.

Embark MS Hebridean Sky this afternoon. Transfers will be provided from Portsmouth Harbour Railway Station at a fixed time. Alternatively car parking will be available at the port.

The Small Cruise Ship Collection

www.small-cruise-ships.com

small-cruise-ships.com

info@small-cruise-ships.com

Northern Europe, this island has fantastic birdlife including 6,000 pairs of puffins, countless numbers of guillemots, fulmar, kittiwakes and the elusive Manx shearwater and storm petrel. In the early afternoon we arrive in Fishguard from where we will take a scenic drive to St Davids, Britain's smallest city. Explore the magnificent 12th century cathedral and see the Bishop's Palace before enjoying some free time in the city. You may also wish to join our naturalists for a walk along the Pembrokeshire coastal path. The path covers 186 miles around the Welsh coast and we will join a section to enjoy the wonderful scenery.

Day 5 Peel, Isle of Man.

Arrive this morning on the Isle of Man at the main fishing port of Peel. Settlements have been here since the Mesolithic Age and the island also claims to have the longest continuous parliament which was founded in 979 AD. Leaving Peel we will visit Tynwald Hill, located in the little village of St John's. This grass-topped, tiered hill is made from the soil and stones from each of the island's 17 parishes and is the point from which, each 5th of July, all the laws enacted in the year preceding are promulgated to the gathered government officials and the public at large, both in Manx and English languages. Continue to Castletown where we board the vintage steam train for a delightful and traditional journey to Douglas. Dating from 1874, the Isle of Man Steam Railway is the island's oldest Victorian rail system and this narrow gauge railway still runs with its original locomotives and carriages. Return to the ship for lunch and a free afternoon to explore Peel at your own pace.

Day 6 Rathlin Island & Giant's Causeway, Northern Ireland.

Arrive today in Northern Ireland at Rathlin Island. Located just a few miles from the North Antrim coast, Rathlin has been settled for more than 6000 years. Today, there are only 140 or so

souls, whereas before the Great Famine there were 1200 inhabitants. History is everywhere with historic buildings and ruins which we will explore on foot with our local guides. We may also see some of the prolific seabird life with astonishing numbers of auks, kittiwakes and grey seals. Over lunch we sail to Portrush, our base for a visit to the Giant's Causeway which became widely known from the 1700s as the 'Eighth Wonder of the World' and large numbers of visitors came to view this amazing array of basalt columns – it is estimated that there are around 40,000 in total.

Day 7 St Kilda & Stac Lee, Scotland.

This morning we arrive at St Kilda, a remarkable uninhabited archipelago some fifty miles beyond the Outer Hebrides. Dominated by the highest cliffs and sea stacks in Britain, Hirta, St Kilda's main island was occupied on and off for at least two thousand years, with the last 36 Gaelic speaking inhabitants evacuated at their own request in 1930. Immediately after the evacuation, the island was bought by the Marquess of Bute to protect the island's thousands of seabirds, including puffin and fulmars that nest here in the spring, and in 1957 it was bequeathed to The National Trust for Scotland. St Kilda is one of only a few UNESCO World Heritage Sites with dual status reflecting its natural and cultural significance. Our expedition staff will lead guided walks on the island. This afternoon we cruise past two of the largest gannetries in the world at Stac Lee and Boreray. These impressive stacs rise 170 metres from the sea and are home to up to 60,000 breeding pairs of northern gannets.

Day 8 Scrabster.

Sailing across the top of Scotland we arrive in Scrabster, the most northerly port on the British mainland. This morning visit

the Castle and Gardens of Mey, built between 1566 and 1572 by George Sinclair, 4th Earl of Caithness. The castle was purchased by Queen Elizabeth, the Queen Mother, in 1952, who renovated and restored it and created the beautiful gardens which we will see today. Alternatively, take a drive along the coast to John O'Groats, the most northerly town on mainland Britain. After some free time here we will return to the ship via Dunnet Bay, a glorious crescent of sand and dunes, and Dunnet Head to see the lighthouse, built in 1831 by Robert Stevenson, taking in the views over the Pentland Firth to the Orkney Islands. Return to the ship for lunch as we spend the afternoon sailing to the Shetland Islands.

Day 9 Unst & Fetlar, Shetland Islands.

Awake this morning in Unst, Britain's most northerly inhabited island and at the Heritage Centre we learn about how the islanders have lived over the centuries and the industries that have prospered. We will visit the Unst Boat Haven, dedicated to the history of the island's distinctive wooden boats which descend from Viking craft and Saxa Vord. Admire the views over Hermaness National Nature Reserve and Muckle Flugga stacks. Continue this afternoon to neighbouring Fetlar. Inhabited for over 5,000 years the island lays claim to being the first Norse landing site in the Shetlands. Known as the most fertile of the Shetland Islands the wildflowers bring colour to the landscape whilst the birdlife on the island is prolific. Our expedition team will lead walks ashore including the Fetlar Interpretative Centre and Museum where we will learn about the wildlife and archaeological history of the island.

Day 10 Lerwick.

From the Shetland capital, we will visit the remarkable archaeological site of Jarlshof. The site was uncovered by a

violent storm in the winter of 1896/7, revealing an extraordinary settlement site embracing at least 5000 years of human history. The site contains a remarkable sequence of stone structures – late Neolithic houses, a Bronze-Age village, an Iron-Age broch and wheelhouses, several Norse longhouses, a Medieval farmstead and the 16th century laird's house. Return to the ship for lunch and enjoy a free afternoon to explore this historic port. Perhaps wander through its narrow stone lanes or maybe visit the excellent Shetland Museum, containing artefacts from shipwrecks and the whaling era.

Day 11 Montrose.

Spend the morning at sea before we arrive in Montrose, the gateway to Angus and known as the birthplace of Scotland. It was the Battle of Dunnichen, between the Picts and Northumbrians in 645 AD which led to the creation of the Kingdom of Alba and in 1320 the signing of the Declaration of Arbroath marked Scotland's creation as an independent country. This afternoon we visit nearby Glamis Castle, the childhood home of the Queen Mother. One of the most famous rooms in the castle is Duncan's Hall, the legendary setting for Shakespeare's Macbeth. There will be some time to explore Montrose independently before we sail this evening.

Day 12 Newcastle Upon Tyne & Alnwick, England.

Returning to England the Port of Tyne is our base for a day in Northumberland. Driving north we visit Alnwick Castle, the second largest inhabited castle in England (after Windsor). It has been home to the Dukes of Northumberland since 1309 and is currently the home of the 12th Duke and Duchess and their family. The Castle's origins date back to Norman times and having withstood many battles over the course of time, it is one of the most iconic landmarks of Northeast England. Behind the

foreboding walls, Alnwick is home to lavish state rooms and an enviable collection of fine art, including paintings by Van Dyck, Canaletto, and Titian.

Day 13 Whitby.

This morning we will call into Whitby, where on the east cliff the ruins of St Hilda's Abbey dominate the skyline. This charming fishing port, which was once an important whaling station, is also the town where 18th century explorer Captain James Cook lived as an apprentice seaman and where Lewis Carroll wrote some of his work. We will visit the ruins of Whitby Abbey and its museum as well as the unique parish church of St Mary's. Take some time to enjoy the wonderful panoramic views from above the old town with its delightful collection of red roofed pantile cottages and narrow cobbled streets before descending to the old town. Return to the ship for lunch and an afternoon at sea.

Day 14 Ipswich.

Our final day will be in Suffolk. From the port of Ipswich we visit the Anglo Saxon royal burial site at Sutton Hoo where, in 1938, the archaeologist Basil Brown discovered the remains of a 90 foot burial-ship of an Anglo- Saxon warrior king. The exhibition tells the compelling story of Anglo- Saxon warriors, treasure and kings, with a full-size reconstruction of the burial chamber. After lunch on board the afternoon is free to explore the town at your own pace before we sail in the early evening.

Day 15 Portsmouth.

Disembark this morning. Transfers will be provided to Portsmouth Harbour Railway Station at a fixed time.
