

CHILE & PERU: IN THE WAKE OF HUMBOLDT & DARWIN

This journey of over 2,500 miles takes you along the rugged western coast of South America to discover a wealth of natural and cultural splendors. The nutrient-rich Humboldt Current supports amazing concentrations of seabirds, fish, and marine mammals, and numerous Zodiac excursions give you the opportunity to discover beaches covered in seals and sea lions, spot dolphins and whales offshore, and observe huge numbers of plunge-diving pelicans and comical blue-footed and Peruvian boobies. The cultural heritage of this region is equally rich, from ancient ruins and mysterious geoglyphs to quaint colonial towns and vibrant markets. The 118-passenger Ocean Adventurer, (formerly the Sea Adventurer) is among the very few vessels in the world specifically constructed for expedition voyages to the remote polar regions. Her ice-strengthened hull permits her to glide easily and safely through ice-strewn waters that are not accessible to conventional cruise vessels. She has advanced communications and navigation equipment, and newly installed, state-of-the-art Sperry Gyrofin stabilizers. In 1998 the Adventurer had a \$13 million conversion done in Scandinavia. She is a handsome expedition vessel, done in the style of great ocean liners when ships were ships. With lots of varnished wood, brass, and wooden decks, the ship has all new outside cabins, with lower beds and private facilities. There is a Main Lounge, bar, Clipper Club, library/card room, gymnasium and gift shop. A multi-national staff serves American and Continental cuisine. The ship has a fleet of 10 Zodiacs and a special loading platform. An ice class rating of A-1 allows the Clipper Adventurer to go to places larger cruise ships can only dream of, and she does it in comfort and style unsurpassed by other vessels her size. Cabins: All cabins have a window with outside view. Each has private facilities. Cabins and amenities 61 outside cabins
