CUBAN DELIGHTS

Cuba pulsates to a rhythm of a bygone age. A kaleidoscope of colour in the Caribbean Sea, the island is a visual feast for the traveller. Despite a famously controversial political system and a humbled economy, the culture, architecture and landscape of the country remain as rich as ever. It is fascinating to be transported back to the 1930s but equally captivating is the natural beauty of the region. Glorious landscapes, powder white beaches against a turquoise sea, delightful people and a lifestyle that is more 1930s than that of today. Very few cars travel the roads through the soft and gentle countryside, horse drawn carriages or pedal power are the order of the day. Our comprehensive journey around this fascinating island offers a chance to step back in time and enjoy the beauty of the landscape, the historic cities and take a rest from 21st century capitalism. Ship to Shore: Please note that although this cruise is not classified as an expedition cruise, the vessel will be at anchor and Zodiacs used to transport passengers ashore in all ports with the exception of Havana, Cienfuegos, Casilda for Trinidad, Santiago de Cuba, Port Antonio and Kingston where we will be alongside.

We will also see the Parque Marti with its 19th century architecture including the Therry theatre and enjoy the views and a cocktail on the terrace of the Palacio del Valle. The afternoon is free to explore this charming city further at leisure.

Day 7 - Trinidad.

The compact colonial centre of Trinidad is one of the most sublime in Latin America. The cobbled streets, terracotta rooftops and pastel coloured houses are a delight. We will spend the morning here exploring the town and visit either the Romantic Museum or the City Museum and also hope to visit a bar for local rum speciality. After a local lunch we will head to the Valley of the Sugar Mills. These three valleys were the centre of the Cuban sugar industry in the 19th century and contained around 70 sugar mills in their peak.

Day 8 - At sea.

We continue cruising along the south coast of Cuba and will pass near the Jardins de la Reina archipelago. The area was named by Christopher Columbus to honour the Queen of Spain and at 75 miles long contains the third longest barrier reef in the world. Enjoy a day of lectures or find a spot on deck and watch the world go by.
