

GREENLAND: DISKO BAY & BEYOND EXPEDITION CRUISE

Join an epic adventure to Greenland's Disko Bay and beyond! Marvel at towering icebergs at the UNESCO World Heritage-listed Ilulissat Icefjord, meet the locals, and experience Inuit culture. From colorful villages to glaciers, fjords, and dramatic mountains, this voyage brings together the highlights of this storied land. Even in Greenland's larger towns, Arctic nature is never far, and life moves to the rhythm of the sea, tides, and midnight sun. Our journey begins in Kangerlussuaq, visiting Sisimiut, Greenland's lively second city, then the basalt mountains of Qeqertarsuaq, and Uummannaq on the 'Greenlandic Riviera.' We continue to the stunning Eqip Sermia Glacier and iconic Ilulissat Icefjord before returning to Kangerlussuaq via Itilleq, where traditional hunting and fishing thrive. With Ocean Albatros' fleet of Zodiacs, we explore remote villages and Arctic nature in supreme comfort and safety.

ITINERARY

DAY 1 All Aboard in Kangerlussuaq!

On day one, we arrive in Kangerlussuaq, Greenland's only inland town and a key air hub with a rich Cold War history. Upon arrival, we transfer by Zodiac to the the ship, settle into our cabins, complete a safety drill, and then toast with champagne as we begin our journey through the stunning Kangerlussuaq fjord.

DAY 2 Sisimiut – Greenland's Second City

Sisimiut is Greenland's second-largest city, with around 5,400 residents. Inhabited since 2,500 BC by Paleo-Inuit peoples, the area holds ancient remains on nearby Tele Island, which can be reached on a refreshing hike. Founded as Holsteinsborg in 1756, Sisimiut features well-preserved historic buildings like the Blue Church from 1775, situated in the city's charming museum quarter. Today, Sisimiut is a key hub for education and industry, hosting one of Greenland's largest fish processing plants and the supply company KNI, which services remote settlements. The city blends traditional and modern Arctic life--explore the cultural center Taseralik, the city museum, and the famous art workshop, and taste Greenlandic delicacies.

DAY 3 Qeqertarsuaq (Disko Island)

Qeqertarsuaq is a picturesque town nestled beneath Disko Island's towering basalt mountains. Once the heart of North Greenland's whaling economy, the town shifted focus to hunting, fishing, and growing tourism after the industry declined. Qeqertarsuaq's rich volcanic soil and mild microclimate create uncommonly lush greenery, attracting locals and visitors to its rugged beauty, colorful houses and excellent hiking. In the afternoon, we'll explore the dramatic coastline of nearby Kuannit by Zodiac, famed for lush tundra, caves, waterfalls, and stunning icebergs, before heading north towards Uummannaq.

DAY 4 Uummannaq: The Greenlandic Riviera

Uummannaq sits at the foot of its striking 1,170m "heart-shaped" mountain - a true Greenlandic landmark. Founded in 1763 by Danish colonists, the town blends historic charm with rich Inuit heritage. Today, Uummannaq is a lively community where locals sell traditional handicrafts in the town square and fresh fish at the bustling market, and locals are strongly connected to their traditional lifestyle. Visit the museum for an insight into local history, or hike to Santa's house - another famous local landmark. As we sail into Uummannaq Fjord, take in breathtaking views of the iceberg-studded waters and towering peaks beneath the endless midnight sun.

DAY 5 Eqip Sermia Glacier

Eqip Sermia (a descriptive Greenlandic name meaning 'the Glacier at the End of the Fjord') is a relatively small glacier for Greenland, although it is still a truly vast river of ice, flowing directly from the Ice Sheet. It is also one of the most active, and ice constantly tumbles off the vast glacier-front. If conditions allow, we will launch our fleet of Zodiacs to approach this vast river of ice, and hopefully experience the roar of the glacier's frequent calvings at sea level (from a safe distance of course)!

DAY 6 Ilulissat, Iceberg Capital of the World

Ilulissat--meaning "icebergs" in Kalaallisut--is the stunning Iceberg Capital of the World, home to the UNESCO-listed Ilulissat Icefjord, accessible on a gentle walk from the harbor.

This 70 km fjord leads to Sermeq Kujalleq, the largest glacier outside Antarctica, which drains 13% of the Greenland Ice Sheet and produces 10% of the Northern Hemisphere's icebergs--more than the entire U.S. annual water supply! Founded 280 years ago and the birthplace of legendary Arctic explorer Knud Rasmussen, Ilulissat is Greenland's third largest town, rich in culture and adventure. Enjoy fresh local seafood, vibrant markets, and elegant art galleries. The hiking trails around the Icefjord are a must-do for visitors, who may also choose thrilling optional boat or flightseeing tours to witness the raw power of the ice up close.

DAY 7 Itilleq Village

Itilleq - meaning "the Crossing Place from the Sea" - is a picturesque village nestled among mountains and fjords just north of the Arctic Circle. Located at the edge of the Aasivissuit-Nipisat UNESCO World Heritage Site, it preserves a rich Inuit hunting heritage dating back thousands of years. Modern colorful houses have replaced turf huts, but locals still rely on Arctic char, reindeer, and muskox, blending tradition with modern life. Warm Greenlandic hospitality welcomes visitors eager to explore this wonderfully homely hamlet.

DAY 8 Kangerlussuaq disembarkation

As our journey concludes, we sail up the 160 km Kangerlussuaq Fjord and disembark by Zodiac after a fond farewell to the Expedition Team and Crew. Though Kangerlussuaq is more known for its Cold War-era military roots and role as a transport hub than its cultural heritage, its surrounding wilderness offers striking natural beauty. Originally built by the U.S. military in the 1950s, the town retains a utilitarian charm. Our Arctic adventure ends at the modern airport, with lasting memories of Greenland's wild landscapes.

Please note:

Itineraries are subject to change.

YOUR SHIP: OCEAN ALBATROS

YOUR SHIP: **Ocean Albatros**

VESSEL TYPE:

LENGTH:

PASSENGER CAPACITY:

BUILT/REFURBISHED:

The Ocean Albatros will be deployed to a large selection of expedition cruise destinations, Antarctica, the Arctic, any various exciting new destinations in between. With a total of 95 comfortable staterooms and suites, all with unobstructed sea view, most with their own balcony, the Ocean Albatros will definitely become one of the most popular expedition cruise vessels in the world. Like it's sistership, the Ocean Victory, it offers two restaurants, a wellness area, an Albatros Nordic Bar, an open deck dining facility, a modern lecture lounge, and other state-of-the-art amenities. The vessel will have more than a 50% lower carbon footprint than traditional expedition vessels and be one of the most environmentally friendly, implementing the Green Initiative Program, ensuring both absolute comfort and sustainability for our guests. Unlike the Ocean Victory, the Ocean Albatros will also offer a unique panorama sauna, and a total of 12 dedicated solo travel cabins without a single-supplement. The vessel belongs to the greenest generation of cruise ships in the world. Its tier 3 compliant engines give up to 80 percent less emissions and operate on significantly lower fuel consumption. BRIDGE Due to its important role as a control center for all nautical and technical processes, the ship's bridge is a vital, sensitive place. Therefore, the bridge may not be accessible to the public at all times. Conditions permitting, we will be happy to welcome you into the bridge for a visit. Guests must be accompanied by the master or our expedition leader. STATEROOM SERVICE Your stateroom is serviced daily. We provide a turn-down service. We provide meal to room only for serious cases of guest being sick. Our suites will have VIP services. ZODIAC LANDINGS One feature of our expedition cruises includes landings and excursions aboard Ocean Albatros's fleet of 18 inflatable, motorized rubber "Zodiac" boats. The Zodiac brand has earned a well-deserved reputation as the sturdiest and safest small watercraft available. These boats have a low draft and great stability. Zodiacs are constructed for professional use and are outfitted with a top-quality outboard engine, yet their design minimally impacts the environment. The Zodiacs are designed to provide unrestricted access to the world's last great frontier. Their versatility enables us to make landfall on remote shores, cruise along awe-inspiring coastlines and share breathtakingly close encounters with whales, seals, penguins, seabirds and more. We will come within arm's reach of icebergs and set foot on land discovered by pioneering explorers just over a century ago. Your safety and comfort are our #1 priority, and your expedition leader will carefully plan for as many Zodiac excursions as possible, dependent upon the local weather and prevailing conditions. In each case, the expedition leader makes the final decision if the landing is possible or not. Safety regulations apply on landings. All guests receive a mandatory instruction of the safety guidelines. Life jackets are mandatory to wear. Please

note, we highly recommend the use of waterproof bags in order to protect your personal camera or binoculars, as both hands must be free of everything during boarding. Participation is fairly easy and comfortable for able-bodied guests but can be more challenging for those with physical handicaps. GRATUITIES Following international standards in the service industry, it is customary to leave gratuity for the ship's crew at the end of the voyage. All gratuities will be divided among the crew. Typically, a recommended amount is approximately 13.5 USD per person per day. Gratuity is, of course, not required and any gratuity payments are voluntary. DRESS CODE The dress code on board is casual. Ties, jackets and evening dresses you may leave at home. It is rather more important to wear the right clothes in order to adapt to the different weather conditions. We recommend comfortable, breathable, waterproof and windproof clothing. Also, you should have a pair of gloves, thermal underwear and sturdy footwear in your luggage. For the captains and farewell cocktail, we recommend a smart casual dress style. INTERNET / PHONE Keep in mind, we will be cruising in a very remote region of the world. Where accessible, internet access is available for an extra charge. Mobile phone reception may be possible in select regions along our route. For further details please contact your mobile phone operator. Prices can be found in the information folder in your state room. Please ensure that your 'Data Roaming' function is switched off. RECEPTION The daily office hours of the board reception are from 06:00 until 23:00. ALBATROS OCEAN SHOP The selection of items available for purchase varies by ship, and may include a range of warm and practical clothing, as well as souvenirs, local arts and postcards at reasonable prices. A small selection of soap, toothpaste and other personal effects are also sold. HEALTH / MEDICAL EMERGENCY Each of our vessels has a small medical facility equipped with the necessary equipment and medicine to handle small emergencies. The infirmary is always staffed by a professionally licensed, English-speaking physician and nurse. Should a serious incident occur, the nearest hospital will be contacted. All guests must have personal travel/health insurance. Although we do not have an official requirement regarding personal fitness, you should be able to move on board and ashore without the help of others. Please be aware that the ship does not provide wheelchair accessible state rooms. Due to safety reasons a cruise is only possible for pregnant women until the 24th week of pregnancy. The state of pregnancy must be presented by a medical certificate. PHYSICAL DISABILITIES / WHEELCHAIR ACCESSIBILITY Guests with physical disabilities are recommended to travel with an accompanying person. The processes on board should be handled without external help. The gangway can be - depending on the individual disability - a challenge. The angle of inclination of the gangway varies due to tide and different circumstances in the respective port. Please note that the guest's participation in shore excursions as well as the (dis-)embarkation by Zodiac can be denied by the expedition leader due to security reasons. The instructions of the expedition leader must be followed. The ship is not suitable for wheelchairs. SEASICKNESS / STABILISATORS The ship is equipped with stabilizers in order to reduce the ship's roll. However, these expeditions are hosted in remote regions, and it is possible to periodically encounter changing environments and climate patterns, including rough seas and large swells. Seasickness patches (Scopoderm or similar) work solely or in part to help cure nausea for most people. These medicines can cause sleepiness. If you are prone to motion sickness, consult with your doctor prior to departure to help ensure your comfort while travelling. SPECIAL DIETARY REQUESTS All meals on board

the vessel is chef-prepared. If you have special dietary requirements (food allergies, intolerances, health conditions or religious preferences), please inform us as early as possible - ideally, no later than 2 weeks before departure. In order to ensure efficient service, please re-confirm your requirements with the crew upon boarding the ship. LAUNDRY If you wish to have some laundry done while aboard the ship, laundry service is available for an

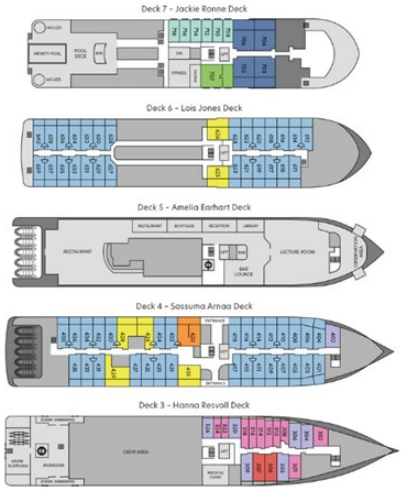

additional fee.

INSIDE YOUR SHIP

MV OCEAN ALBATROS

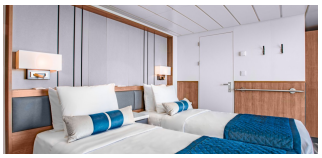

- BRYNHILDE SUITE, TWO BEDROOM
  1 Cabin, Size 52 sqm/559 sqft, French Balcony
- FREYDIS SUITE
  1 Cabin, Size 43 sqm/462 sqft incl. Balcony
- CATEGORY A, JUNIOR SUITE
  4 Cabins, Size 40 sqm/430 sqft incl. Balcony
- CATEGORY B, BALCONY SUITE
  6 Cabins, Size app. 32 sqm/344 sqft incl. Balcony
- CATEGORY C, BALCONY STATEROOM
  57 Cabins, Size 22 sqm/236 sqft incl. Balcony
- CATEGORY D, PORTHOLE STATEROOM
  7 Cabins, Size 16 sqm/172 sqft
- CATEGORY E, FRENCH BALCONY SUITE
  6 Cabins, Size 16 sqm/172 sqft
