

DISCOVER SVALBARD AND THE NORWEGIAN ARCTIC: CRUISE FROM TROMSO TO LONGYEARBYEN

This Arctic expedition begins in Tromsø, the historic gateway to the high north, and sails along Norway's rugged coast to North Cape near Skarsvag, where seabird colonies crowd dramatic cliffs at the edge of the continent. From here the voyage continues deep into the Svalbard archipelago, exploring remote fjords, tundra landscapes and vast fields of drifting sea ice that form the hunting grounds of polar bears and habitat for walrus, reindeer and Arctic fox. The journey concludes in Longyearbyen on Spitsbergen, one of the world's northernmost settlements, surrounded by glacier-carved mountains and wildlife-rich polar waters.

ITINERARY

Days 0 - 1 Pre Cruise & Tromsø

The Arctic gateway, Tromso at 69 degrees north, is renowned for the midnight sun in summer and the Northern Lights in winter. The Arctic Cathedral, with stained-glass windows, hosts midnight concerts. The Fjellheisen cable car offers panoramic views from Mount Storsteinen, while the historic centre features old wooden houses. The Polar Museum chronicles early polar explorations, and the thriving Alpine Botanic Garden adds to Tromso's charm.

Day 2 Skarsvag (Nordkapp)

Skarsvag, Europe's northernmost fishing village on Magerøya Island, is a short journey from Nordkapp (North Cape)--Europe's northernmost point above the Arctic Circle, marked by a striking globe monument. Only Svalbard stands between here and the North Pole. Along the coast, Atlantic puffin colonies and over a million seabirds nest, including arctic skuas, razorbills, northern gannets, white-tailed eagles, common eider ducks and great cormorants.

Day 2 Cruising North Cape

North Cape (Nordkapp), the northernmost tip of Europe in Norway, where the Arctic Ocean meets the rugged coast, is a majestic headland that has fascinated explorers for centuries. Cruising to North Cape promises an awe-inspiring encounter with nature's grandeur and a glimpse into the Arctic's captivating allure. In summer, North Cape basks in the ethereal glow of the midnight sun, a surreal phenomenon where the sun never fully sets.

Days 3-10 Svalbard

Svalbard is the kingdom of the polar bears, deep in the Arctic Circle, featuring varied polar landscapes and gargantuan glaciers. Beyond magnificent fjords in the north, the remaining sea ice serves as prime hunting grounds for polar bears. Closer to Longyearbyen, tundra and beaches replace snow and ice. Alongside 600 polar bears, this Arctic hotspot is home to walrus, Svalbard reindeer, ringed seals and arctic fox

Days 10-11 Longyearbyen

The world's most northerly town, Longyearbyen, on Spitsbergen, Svalbard's largest island, also claims the most northerly high street and pub. It's home to The North Pole Expeditions Museum chronicling early pole-reaching efforts by air. Arctic waters around are populated by whales, including bowheads and narwhals, while walruses are regularly seen hauling out.
