

ENCOUNTER WITH THE LAST GUARDIANS OF THE NORTH POLE LUXURY CRUISE

In the heart of the Arctic spring, Le Commandant Charcot will take you to explore the spectacular landscapes of western Greenland and experience a rare immersion into Inuit culture. You will sail in Disko Bay , where monumental icebergs drift slowly on icy waters, before reaching the distant village of Kullorsuaq , only accessible by Le Commandant Charcot in this season. There, you will take part in the daily life of the last polar hunters and share moments of unique exchanges, such as telling tales, making kayaks, dog sled trips... The adventure will continue in the heart of Baffin Bay , in the icy immensity of a preserved world. _We are privileged guests in these extreme lands, where we are at the mercy of the weather and the ice conditions. Our commitment to respecting this environment imposes certain rules of conduct upon us. Our navigation, mainly in the fjords, will be determined by the type of ice we come across; as the coastal ice must be preserved, we will take this factor into account from day to day in our itineraries. The sailing program, shore visits, activities and observation of fauna cannot be guaranteed and are subject to weather and ice conditions. These experiences are unique and vary from day to day and for each departure. The Captain and the Expedition Leader will make every effort to ensure that your experience is as rich as possible, while complying with applicable safety rules and AECO regulations._

ITINERARY

Day 1 - Nuuk

When Erik Le Rouge, the exiled Norse chief, landed on the coast of Nuuk, he found a fertile and welcoming land dotted with fjords. He settled there with a group of his former countrymen, and **the Norse** remained the principal inhabitants until, over a period of 500 years, their population declined and gave

way to the Inuit. **Nuuk** is situated at the mouth of one of the largest networks of fjords in the world, where the waters never freeze. The town spreads gently out towards the **Davis Strait** and enjoys an historic center that is particularly rich in national heritage. The vivid reds, blues, greens and yellows of the houses are a lively contrast to the somber waters of Greenland and serve to lift the spirits of the locals during the Winter months.

Days 2 - 4 At sea aboard Le Commandant Charcot

Spend exceptional moments sailing aboard Le Commandant Charcot, the world's first luxury polar exploration vessel and the first PC2-class polar cruise ship capable of sailing into the very heart of the ice, on seas and oceans which the frozen conditions render inaccessible to ordinary ships. Le Commandant Charcot is fitted with oceanographic and scientific equipment selected by a committee of experts. Take advantage of the on-board lectures and opportunities for discussion with these specialists to learn more about the poles. Participate in furthering scientific research with PONANT and let us discover together what these fascinating destinations have yet to reveal to us.

Days 5 - 9 Kullorsuaq

Well beyond the Arctic Circle, in the majestic landscapes of Greenland's Northwest, you will find the village of **Kullorsuaq** , the last bastion of Greenland's traditional hunters. Here is where you will find Greenland's true character... Vast mineral expanses, **sumptuous mountains** , impressive glaciers and, above all, the local population which still lives off fishing and seal or bear hunting. Hospitality and respect for nature are essential elements in the daily lives of these men, who live an austere life. When we drop anchor in this remote part of the world, set off to discover these friendly people who are also **talented craftsmen** , deftly sewing the furs and skins of marine mammals. This will be a unique and authentic experience.

Day 10 - Baffin Bay exploration

In the icy waters of Baffin Bay, you will sail into the heart of the scattered sea floe. You will be captivated by icebergs in dreamlike shapes as your ship takes you into the ice of the Far North. Everything comes in shades of white here and, if you watch closely, you may get a glimpse of the lord of this kingdom, the polar bear. This fascinating animal finds its food in the heart of the ice, so this is where you have more chances of spotting it. The polar light gives a shine to the ice floe that you sail along as you explore Baffin Bay, leaving you with memories of unforgettable moments.

Day 11 - Disko Bay

To the east of Baffin Bay, discover **Disko Bay** , scattered with countless icebergs produced by the Ilulissat Icefjord, a **UNESCO World Heritage Site**. From your ship, admire the majestic ballet of these ice giants as they slowly drift across the dark waters. This site is a natural marvel of Greenland, and is also renowned as an observation point for the region's many humpback whales. The encounters with wild fauna and stunning landscapes in the heart of this spectacular and fragile nature will be pure moments of wonder for you.

Day 12 - Baffin Bay exploration
