

EXPEDITION ANTARCTICA: ANTARCTIC CIRCLE

Highlights include watching penguins, whales, seals, and seabirds in their natural habitat, marveling at spectacular passages framed by majestic mountains and mighty ice formations, and engaging in active experiences with numerous Zodiac rides, landings, and hikes. Expert-led presentations, precaps, and recaps deepen the journey, offering captivating insights into this remote, pristine frontier as the ship pushes south from Ushuaia through the Falklands, South Georgia, and beyond.

Days 10 - 18 Antarctica Exploration

South Orkney Islands , South Shetland Islands , Antarctic Peninsula , crossing the Antarctic Circle, Marguerite Bay

The South Orkney Islands are a lonely, glaciated world of icy wilderness located in the Scotia Sea. They are home to chinstrap and Adelie penguins, which can be spotted here. With luck, you'll also see icebergs drifting off the rugged coast. Find out how the polar explorers live at the Argentinian Orcadas Station (depending on weather and authorisation). Experience the South Shetland Islands between ice and awe intensively - on deck as well as by Zodiac. Off the Antarctic Peninsula, your ship sails into the centre of the flooded caldera of Deception Island. Majestic glaciers and gigantic icebergs shimmer in Paradise Bay. The Lemaire Channel is also impressive, flanked by mighty mountains up to 1,000 m (3,281 ft) high. Icebergs ahead: at the bow and on the open deck areas, you can enjoy the best views of the white wonderland. You may even spot the flukes of blue whales, sperm whales and humpback whales as well as orcas. The further south your expedition goes, the harsher and icier the endless world of white appears. The excitement on board mounts as you approach the crossing of the Antarctic Circle. The ice determines the course. The glaciers seem even more dominant. A unique feeling of pioneering adventure.
