

GALAPAGOS SOUTHEASTERN SPLENDOR AND SECRETS - CRUISE A

Discover the extraordinary beauty and wildlife of the Galapagos Islands on this 4-day small-ship adventure through the southeastern archipelago. Beginning on San Cristobal Island, this immersive journey takes you to some of the region's most iconic natural sites, including Lobos Island, Española, Floreana, and Santa Cruz. Encounter playful sea lions, blue-footed boobies, marine iguanas, flamingos, giant tortoises, and the remarkable waved albatross in their natural habitat. With opportunities for hiking, snorkelling, kayaking, paddle boarding, and panga rides, each day offers a new perspective on the islands' volcanic landscapes, pristine beaches, and exceptional biodiversity, all while enjoying the comfort of the elegant M/Y Galaxy Stella.

ITINERARY

DAY 1 - SUNDAY

AM: SAN CRISTOBAL AIRPORT (ARRIVAL)

Embark on an unforgettable journey to the Galapagos Islands, where nature thrives in its purest form. Your adventure begins at San Cristobal's modest yet bustling airport, where a seasoned naturalist guide will greet you. This guardian of the ecosystem will introduce you to a world of breathtaking landscapes and unparalleled biodiversity. Feel the excitement as you step into this living sanctuary, a UNESCO World Heritage site, marking the beginning of an extraordinary exploration.

PM: LOBOS ISLAND

Lobos Island, a small islet near San Cristobal, offers an

unforgettable wildlife experience. Upon landing, groups of sea lions will greet you as they play in tidal pools. Walking inland, you'll spot frigatebirds perched in bushes, displaying their inflated red pouches, while blue-footed boobies nest along the trail, performing their iconic courtship dance. In the calm waters, snorkeling provides an incredible opportunity to swim with playful sea lions, while sea turtles and rays rest on the sandy bottom.

DAY 2 - MONDAY

AM: SUAREZ POINT

Embark on an adventure to Suarez Point, one of the Galapagos' greatest natural wonders. This rocky trail is a haven for wildlife lovers, featuring an incredible array of species. Upon arrival, sea lions and marine iguanas welcome you as the first hosts of this nature spectacle. As you explore further, witness a vibrant mosaic of seabird colonies, from blue-footed and Nazca boobies to graceful frigatebirds and tropicbirds. The highlight of this journey is meeting the waved albatross, the island's largest bird, impressing visitors with its powerful flight and intricate courtship display (present from April to January).

PM: GARDNER BAY

Gardner Bay, located on Española Island, boasts one of the most stunning beaches in the Galapagos. Its soft coral sand and crystal-clear waters create a paradise-like setting, perfect for relaxation and exploration. As you stroll along the shore, spot curious Española mockingbirds, marine iguanas basking in the sun, and Galapagos hawks soaring overhead in search of prey. This natural sanctuary is also home to playful sea lions, making for an unforgettable wildlife experience in a pristine, breathtaking environment.

DAY 3 - TUESDAY

AM: CORMORANT POINT

Located in northern Floreana, Punta Cormorant is a paradise for nature lovers. Its coastal lagoon hosts flamingos, white-cheeked pintails, and black-necked stilts, while its white sand beach is a crucial nesting site for green sea turtles. In recent years, blue-footed boobies have started nesting along the trail. This is also a great site for spotting endemic plants. For snorkeling, Devil's Crown--a heavily eroded volcanic formation--offers an unparalleled experience, attracting reef sharks, rays, sea turtles, and massive schools of tropical fish.

PM: POST OFFICE BAY

Step into the past at Post Office Bay on Floreana, where sailors established a barrel-based mail system in the 1700s, still in use today. Beyond its historic charm, the bay was a key stop for whalers seeking freshwater and tortoises. This site also boasts a scenic beach, and incredible wildlife, including sea lions, green sea turtles, reef sharks, and, if luck is on your side, the elusive Galapagos penguin.

DAY 4 - WEDNESDAY

AM: CHARLES DARWIN STATION

Explore the Charles Darwin Research Station, a center dedicated to wildlife conservation and research. Witness breeding programs helping restore giant tortoise populations, learn about projects tackling invasive species, and see conservationists working to protect the fragile Galapagos ecosystem.

PM: BALTRA AIRPORT (RETURN)

Your Galapagos adventure comes to an end. Today, you will be transferred to Baltra Airport, where your National Park naturalist guide will assist you with final details before your flight back to

mainland Ecuador. As you bid farewell to this paradise, take with you the unforgettable memories of one of the world's most extraordinary destinations.

YOUR SHIP: GALAXY STELLA

YOUR SHIP:	**Galaxy Stella**
VESSEL TYPE:	**Yacht**
LENGTH:	
PASSENGER CAPACITY:	**12**
BUILT/REFURBISHED:	

Galaxy Stella is an intimate yacht designed for small-group exploration in the Galapagos, offering a refined and immersive cruising experience for just 12 guests. With six cabins, seven crew members, a bilingual guide, and Starlink Wi-Fi, the vessel combines personalised service with modern convenience. Designed to foster a close connection with the surrounding environment, Galaxy Stella invites guests to experience the islands through peaceful navigation, panoramic ocean views, and a relaxed onboard atmosphere where the rhythm of the sea is always present. Onboard spaces include an elegant interior lounge with large windows, exterior lounge areas, dining room, bar, and solarium, all thoughtfully arranged for comfort and socialising. Guests can enjoy internationally inspired cuisine with local Galapagos influences, prepared to high standards and tailored to guest preferences. Daily activities such as snorkelling, kayaking, paddleboarding, hiking, and panga rides allow for active exploration of the islands, making Galaxy Stella an ideal blend of comfort, discovery, and small-ship exclusivity.
