Lobos Island, a small islet near San Cristobal, offers an unforgettable wildlife experience. Upon landing, groups of sea lions will greet you as they play in tidal pools. Walking inland, you'll spot frigatebirds perched in bushes, displaying their inflated red pouches, while blue-footed boobies nest along the trail, performing their iconic courtship dance. In the calm waters, snorkeling provides an incredible opportunity to swim with playful sea lions, while sea turtles and rays rest on the sandy bottom.

### DAY 2 - MONDAY

#### AM: SUAREZ POINT

Embark on an adventure to Suarez Point, one of the Galapagos' greatest natural wonders. This rocky trail is a haven for wildlife lovers, featuring an incredible array of species. Upon arrival, sea lions and marine iguanas welcome you as the first hosts of this nature spectacle. As you explore further, witness a vibrant mosaic of seabird colonies, from blue-footed and Nazca boobies to graceful frigatebirds and tropicbirds. The highlight of this journey is meeting the waved albatross, the island's largest bird, impressing visitors with its powerful flight and intricate courtship display (present from April to January).

#### PM: GARDNER BAY

Gardner Bay, located on Española Island, boasts one of the most stunning beaches in the Galapagos. Its soft coral sand and crystal-clear waters create a paradise-like setting, perfect for relaxation and exploration. As you stroll along the shore, spot curious Española mockingbirds, marine iguanas basking in the sun, and Galapagos hawks soaring overhead in search of prey. This natural sanctuary is also home to playful sea lions, making

for an unforgettable wildlife experience in a pristine, breathtaking environment.

### DAY 3 - TUESDAY

#### AM: CORMORANT POINT

Located in northern Floreana, Punta Cormorant is a paradise for nature lovers. Its coastal lagoon hosts flamingos, white-cheeked pintails, and black-necked stilts, while its white sand beach is a crucial nesting site for green sea turtles. In recent years, blue-footed boobies have started nesting along the trail. This is also a great site for spotting endemic plants. For snorkeling, Devil's Crown--a heavily eroded volcanic formation--offers an unparalleled experience, attracting reef sharks, rays, sea turtles, and massive schools of tropical fish.

#### PM: POST OFFICE BAY

Step into the past at Post Office Bay on Floreana, where sailors established a barrel-based mail system in the 1700s, still in use today. Beyond its historic charm, the bay was a key stop for whalers seeking freshwater and tortoises. This site also boasts a scenic beach, and incredible wildlife, including sea lions, green sea turtles, reef sharks, and, if luck is on your side, the elusive Galapagos penguin.

### DAY 4 - WEDNESDAY

#### AM: CHARLES DARWIN STATION

Explore the Charles Darwin Research Station, a center dedicated to wildlife conservation and research. Witness breeding programs helping restore giant tortoise populations, learn about projects tackling invasive species, and see conservationists working to protect the fragile Galapagos ecosystem.

#### PM: BALTRA AIRPORT (RETURN)
