GAUCHOS, PENGUINS & GLACIERS (STELLA AUSTRALIS)

The first tour of its kind, our Gauchos, Glaciers & Penguins expedition provides a round-trip experience from Punta Arenas, visiting by land and sea the stunning landscapes and wildlife of Tierra del Fuego. During this adventure, we visit a small King Penguin colony, before overnighing at Tierra del Fuego and next day visit an estancia for a true gaucho experience. We'll then make our way into the lovely port of Ushuaia where we will embark on the Via Australis. During your nights on board, we visit areas only accessible using our small expedition ship. Our excursions via zodiac take you to Cape Horn, where you have the opportunity to disembark (weather and seas permitting), Wulaia Bay, a colony of Magellanic Penguins, stunning glaciers and other areas visited by the great explorers. The voyage will end in charming Punta Arenas.

Punta Arenas - Punta Arenas (5 nights)

M/V Stella Australis

ITINERARY

Day 1: Punta Arenas

The Reception will be in Punta Arenas and transfer from Punta Arenas's airport to Hotel Cabo de Hornos

Day 2: Porvenir - King Penguin Park - Rio Grande

Australis.

Day 4: Cape Horn Wulaia Bay

We will be sailing through Murray Channel and Nassau Bay to reach Cape Horn National Park, where disembarking is scheduled (weather permitting). The mythical Cape Horn was discovered in 1616 and is a sheer 425-meter (1,394-foot) high rocky promontory. For many years it was an important navigation route for sailboats between the Pacific and Atlantic oceans, and it is known as the End of the World. The park was declared a World Biosphere Reserve in 2005. In the afternoon, we will go ashore at historical Wulaia Bay, originally the site of one of the regions largest Yamana aboriginal settlement. Charles Darwin landed there in 1833, during his voyage on the HMS Beagle. This area is also renowned for the mesmerizing beauty of its vegetation and geography. We will walk through a Magellan forest of lengas, coigues, canelos, ferns, and other endemic vegetation to reach a panoramic viewpoint.

Day 5: Agostini Sound and Aguila

We will be sailing through Brecknock, Ocasión, Cockburn, and Magdalena Channels to enter the spectacular De Agostini Sound, in the heart of the Darwin Mountain Range. This is where we shall see glaciers sliding down the mountainside all the way to the sea. In the afternoon, in well-equipped Zodiac boats, we will travel to the Aguila Glacier where we will embark upon an easy walk to its base. It's the perfect opportunity to experience the beauty of Patagonia's cold rainforest and to see how the power of nature has molded the spectacular landscape.

Day 6: Magdalena Island - Punta Arenas

Early in the morning, weather permitting, we will go ashore on Magdalena Island, located in the middle of the Strait of

Magellan. The island used to be an essential source of supplies for navigators and explorers and is inhabited by an immense colony of Magellan penguins that we will be able to see during our walk to the lighthouse. In September and April, this excursion is replaced by a ride aboard Zodiacs to Marta Island to observe South American sea lions. Finally, disembarkation at Punta Arenas is scheduled for 11:30. *Camera extension poles are prohibited on Magdalena Island.

Please Note:

The excursions described in the itineraries can normally be carried out. Notwithstanding the above, Transportes Marítimos Terra Australis S.A., Transportes Marítimos Via Australis S.A., and Transportes Marítimos Geo Australis S.A. reserve the right to reschedule, shorten, or alter all or part of the itineraries and/or excursions without prior notice, in order to safeguard the wellbeing and safety of passengers, preserve the environment, or due to any extraordinary circumstances, acts of God or force majeure. For the same reasons, the hours of departure or arrival of the vessels may be subject to change. There is no guarantee of wildlife sighting because the precise location of these animals cannot be confirmed.
