GREAT LAKES & GEORGIAN BAY CRUISE

The Great Lakes form the largest freshwater ecosystem on Earth with a melding of natural wonder and majestic beauty. Cruise through four of the Great Lakes (Lake Ontario, Lake Erie, Lake Huron, & Lake Michigan) and Georgian Bay and discover grand landscapes filled with indigenous wildlife. Witness geographic history as retreating glaciers have left their footprint along the shores with unique rock croppings and water falls. The most popular cropping is Flowerpot Rocks, located at the entrance to Georgian Bay. You'll visit Niagara Falls, one of the the largest and most dynamic water fall in the world. Step back in time on Mackinac Island. No mechanized transportation is allowed on the island, so horse and buggies and bicycles will allow you to explore this pristine island with its quiet streets adorned with opulent gardens and homes. Stretching over 150 km, the Bay is considered the sixth Great Lake and contains tens of thousands of islands. It was named Georgian Bay by Lieutenant Henry Wolsey Bayfield of the Royal Navy in 1822. Fill your days with exploration and discovery or simply relax and enjoy the view, either way, this cruise has it all.
