The Greek islands come alive with a full day in splendid Santorini, and a call on Kusadasi, your gateway to the excavated remains of ancient Ephesus, Turkey. Begin in Athens before stopping in Milos, where more than 70 white-sand beaches welcome you. Call on Mykonos, poised in the Cycladic region of the beautiful Aegean Sea, to experience the island's pristine beaches, picturesque villages, delicious Greek cuisine, and chic aesthetic. Discover the archaeologically rich Greek isle of Crete. In Santorini, beautiful beaches and stately whitewashed homes put the perfect touch on an itinerary filled with monumental ruins, ancient history, and incredible architecture—in one location more captivating than the next.

ITINERARY

Day 1 Athens (Piraeus), Greece

Piraeus, roughly translating to “the place over the passage”, is an important Greek port located within the Athens agglomeration, in the Attica Basin. It is 12 kilometers from the municipality of Athens, considered the fourth largest and is the third most populous amongst all the municipalities of Greece. Now a peninsula, Piraeus, originally a rocky island, was developed in early 5th Century B.C. when it was initially designated as Athens’ import and transit trade port. It is the largest marine-based shipping center of Greece, one of the largest ports in Europe, and considered the second largest passenger port in the world. Inhabited since the 26th Century, it wasn’t until the 6th Century B.C. that Piraeus began catching attention. The land of Piraeus was essentially impassable, flooded by the sea most of the year until centuries passed and the flooding ceased. By the 5th Century B.C. it became a navy base for the Athenian fleet for the natural harbors and the strategic potential they carried. Athenian general and politician Themistocles fortified Piraeus’ three harbors Kantharos, Zea and Munichia, created ship houses and completed his walls in 471 B.C., which led to the port becoming a great military and commercial harbor. There are many archaeological sites, points of interest and entertainment available in Piraeus. Most famous for its tavernas and cuisine, several popular events take place in Piraeus, such as the Ecocinema International Film Festival, the Maritime Festival, the Piraeus Rock Wave Festival and the Three Kings’ Way Festival. There are also many theaters, including the Municipal Theater, the open air Veakeio Theater, and the

Menandreio Theater. Museums in Piraeus include the Archaeological Museum of Piraeus, the Merchant Shipping History Institute Exhibition, the Panos Aravantinos Decor Museum, the Georgios Averof Museum Ship and the Museum of Electric Railways. Be sure to catch the panoramic views available from the hill of Kastella, overlooking Athens and the Saronic Gulf!

Day 2 Milos, Greece

Milos Island lies halfway between Crete and Piraeus port. Milos is "the island of colors" thanks to its volcanic origin which offers beaches and waters with a variety of colors and distinct beauty. Milos is famous for its dentelated coastline. With more than 75 small and big beaches of crystal, deep blue waters, multi-colored carved rocks and white-yellow coasts, it is virtually guaranteed that you will be impressed. Due to the volcanic origin of its ground, Milos presents an impressive coastal morphology and diversity. There are white-yellow beaches, bays with pebbles surrounded by stones, and white, red, yellow or black rocks. The sea there has distinctive colors and depths and there are organized beaches for swimming or you can choose more isolated and wild ones. It is certain that the island's clear waters and its beaches of incomparable beauty will offer you an unprecedented experience.

Day 3 Mykonos, Greece

Mykonos is one of the most visited Greek Islands. It is part of the Cyclades group and lies between Tinos, Syros, Paros and Naxos. The island spans an area of 85.5 square kilometers (33.0 sq mi) and rises to an elevation of 341 meters (1,119 feet) at its highest point. Mykonos is so incredibly beautiful; it is not surprising that it has become one of the most desired destinations in the world. When you also add the cosmopolitan

lifestyle, the sophisticated nightlife and the historical treasures of the nearby UNESCO Awarded Delos you'll have the recipe for an unforgettable holiday. SeaDream usually anchors just off the famous windmills and tenders directly to the old town. Guests have a few organized options including the Sacred Island of Delos. Others may simply want to explore the island's incredible beaches, boutiques, clubs and churches independently.

Day 4 Kusadasi (Ephesus), Turkey

Kusadasi is a resort town on Turkey's Aegean coast and the center of the seaside district of the same name in Aydin Province. Some visitors simply want to go shopping at the grand bazaar and see a carpet demonstration. Hopefully you have practiced your negotiating skills for these authentic copies, original reproductions as well as the real deal. Others will make time to see the Wonders of Ephesus. This comprehensive SeaDream Land Adventure includes a guided tour of the stunning archaeological site of Ephesus including the recently excavated Terrace Houses, but also adds a visit to the House of the Virgin Mary. For any traveler arriving to this region, it simply can't be missed!

Day 5 Bodrum, Turkey

Bodrum, once a tiny fishing port, you'll see why it's become a vacation paradise; perfect climate, natural beauty, magnificent history and a bustling nightlife. Bodrum is the site of the ancient city of Halikarnassus, the location of the famous Mausoleum of Halikarnassus which is one of the Seven Wonders of the Ancient World. You can venture out to the site as well as the Knight's Castle on one of the land adventures. Another great option here would be to scuba dive or simply explore this amazing peninsula.

Day 6 Santorini, Greece

Santorini, officially named Thira, is the southernmost Greek island that is within the Cyclades archipelago, in the southern Aegean Sea. Part of the regional unit Thira, the municipality of Santorini is comprised of the island Santorini, Therasia, and other uninhabited islands of Christiana, Palaia Kameni, Aspronisi, and Nea Kameni. The geological history of Santorini is quite complex due to the area's volcanism and is currently a water-filled caldera: a rectangular lagoon that is surrounded by three steep cliffs. The name Santorini is a contraction of the name Santa Irini, which is based on an ancient cathedral found in the island's village of Perissa. This name was given by the Latin Empire in the 13th Century. During the Ottoman Empire, Santorini was called "Santurin" or "Santoron", and in early times, it was named Kalliste, Strongyle, and Thera. Santorini is the site of the Minoan Eruption (also known as the Thera Eruption), one of the largest eruptions ever in recorded history. The origins of Plato's story of Atlantis is believed to have a connection to this eruption that destroyed the early settlements on what was formerly a single island. The descriptions found of Plato's Atlantis strongly resembles Thera, and with seismological, archaeological, and volcanological evidence, these claims are further supported. There is also speculation that the eruption is related to the Exodus of the Israelites, as well as causing the plagues described in the Bible in ancient Egypt. The economy is sustained by two principal industries: tourism and agriculture, and has recently been voted as one of the world's most beautiful islands in various outlets such as the Traveler's Choice Awards in 2015. The wine industry in Santorini is becoming more relevant as well, made up of Assyrtiko, Athiri and Aidani grape varieties, which is best exemplified in Vinsanto ("holy wine") which contains all three Aegean varieties. Although

Santorini is highly arid, its unique ecology and climate allows it to grow unique and prized produce, such as cherry tomatoes, *Lathyrus clymenum* (a legume), and capers. Thus, tourists indulge in local specialties such as Brantada, Fava, and the traditional dish Santorinio Sfougato.
