

GREENLAND & NEWFOUNDLAND - WITH NAT GEO

In partnership with National Geographic Expeditions. PONANT invites you on an all-new expedition cruise, between the magical ice of Greenland and the charms of the island of Newfoundland. Come aboard Le Champlain for an exceptional 10-day circuit from Reykjavik to Saint Pierre and Miquelon. From Iceland, your ship will first head for South-East Greenland. Discover Inuit culture in Ammassalik and set off to meet the inhabitants of this remote region, with deep-rooted traditions. You will then call at Nansen Harbor, the departure point of the first ever crossing of the ice sheet by the Norwegian Fridtjof Nansen. The final leg of your cruise to Greenland: the narrow Prins Christian Sund passage, which connects the south-east of Greenland to the south-west. Jagged mountains, rocky cliffs, waterfalls and floating ice form a wonderful wild landscape in which frolic colonies of bearded seals. Le Champlain will then make its way south to call at Saint-John's. The capital of the Canadian province of Newfoundland and Labrador is one of the oldest anglophone cities in North America. It is nestled in the heart of a stunning natural environment, and strolling through its historic core or along its sloping streets lined with colourful houses is an enjoyable experience. You will disembark in Saint Pierre and Miquelon, a little piece of France located off the coast of Canada. Please note: your voyage rares include Transfer + flight Saint Pierre and Miquelon / Montreal

ITINERARY

Day 1 REYKJAVÍK

Iceland's capital stretches along the edge of a vast bay in the west of the country. For a panoramic view of the lush, green

The Small Cruise Ship Collection

www.small-cruise-ships.com

small-cruise-ships.com

info@small-cruise-ships.com

landscapes, make your way to Perlan, the “Pearl of Reykjavík”, a large environmental structure located on Óskjuhlíð hill. Look out for the signpost showing the way to the evangelical Hallgrímskirkja church, and to the historical centre where you can stroll along the Skólavörðustígur and the Laugavegur. The little shops in these lively streets will entice you to do a bit of shopping. For some relaxation just outside of the city, you’ll have the opportunity to visit the Reykjanes peninsula and its famous thermal lagoons of the Blue Lagoon.

Day 2 AT SEA

During your day at sea, make the most of the many services and activities on board. Treat yourself to a moment of relaxation in the spa or stay in shape in the fitness centre. Depending on the season, let yourself be tempted by the swimming pool or a spot of sunbathing. This day without a port of call will also be an opportunity to enjoy the conferences or shows proposed on board, to do some shopping in the boutique or to meet the PONANT photographers in their dedicated space. As for lovers of the open sea, they will be able to visit the ship’s upper deck to admire the spectacle of the waves and perhaps be lucky enough to observe marine species. A truly enchanted interlude, combining comfort, rest and entertainment.

Day 3 AMMASSALIK ISLAND

Still almost unknown just a century ago, the east coast of Greenland remains the most authentic and majestic region. Here, the alpine mountains merge intimately with the sea, while the fjords are adorned with high snow-capped peaks and drifting icebergs. Follow in the wake of Captain Jean-Baptiste Charcot’s famous ship, the Pourquoi Pas?, which set off with its crew to discover Ammassalik, a small island of primitive and wild beauty where the Inuit people chose to live. The name of this island is a

reference to the capelin, a small flamboyant silver coloured fish, whose presence in the thousands announces to inhabitants the return of spring. A surprising discovery in a spectacular setting.

Day 4 NANSEN HARBOR

Travelling to Nansen Harbor is the guarantee of a voyage back in time and will enable you to discover a superb bay, into which the ice cap plunges directly. Arriving in these parts, you will immediately understand why Fridtjof Nansen chose this place for his ice cap crossing in August 1888. Indeed, it is particularly easy to access the cap from here and you will certainly be able to follow in some of this great Norwegian explorer’s footsteps. A unique experience, one that will definitely delight the most adventurous among you.

Day 5 SKJOLDUNGEN

Discover Skjoldungen Island on the south-east coast of Greenland. This uninhabited land boasts magnificent landscapes that are sure to dazzle you. The island is surrounded by a stunning fjord, a distinctive feature of which is its double entrance: it forms a bend before joining the sea on the other side. Mountains, glacial valleys, rocky outcrops, tundra and willow forests make up the beautiful scenery which you will be able to admire more closely when you land here. At this port of call, surrounded by wild and pristine nature, it is quite common to see bearded seals, orcas, but also birds such as the common redpoll, the northern wheatear, or the common raven.

Day 6 PRINS CHRISTIAN SUND

Your ship glides silently towards the Greenland coast, in a setting punctuated by pointed peaks and majestic glaciers... You are on the verge of crossing the Prins Christian Sund, a narrow channel that stretches out and zigzags over some one

hundred kilometres between Greenland's south-east and south-west. Fall under the spell of the primitive beauty of these unique landscapes, including rocky cliffs and waterfalls that are fed by the ice sheet and plunge into the icy waters. Here, bearded seals love to lie on the floating ice to soak up the sunshine. If you are lucky, you may get to witness an aurora borealis, a stunning light show put on by the polar night...

Days 7 - 8 AT SEA

Day 9 SAINT JOHN'S

Day 10 SAINT PIERRE ISLAND, SAINT PIERRE AND MIQUELON
Disembarkation.

Please Note:

We are privileged guests in these remote lands, where we are at the mercy of weather, ice, tidal and current conditions. Landings on certain sites and the observation of certain wildlife cannot be guaranteed. They vary from day to day, making each PONANT cruise a unique experience. The Captain and the Expedition Leader will make every effort to ensure that your experience is as rich as possible, while complying with the safety rules and instructions imposed by the AECO.
