

GREENLAND: DISKO BAY & ILULISSAT SMALL SHIP CRUISE

Join an epic adventure to Greenland's Disko Bay - the heart of the Arctic! Marvel at towering icebergs at the UNESCO World Heritage-listed Ilulissat Icefjord, meet the locals, and experience Inuit culture. From colorful villages to glaciers, fjords, and dramatic mountains, this voyage brings together the highlights of this storied land. Even in Greenland's larger towns, Arctic nature is never far, and life moves to the rhythm of the sea, tides, and midnight sun. Our journey begins in Kangerlussuaq, visiting Sisimiut, Greenland's lively second city, then the basalt mountains and iceberg-studded seas of Qeqertarsuaq (also known as Disko Island). We continue to the stunning Eqip Sermia Glacier and iconic Ilulissat Icefjord before returning to Kangerlussuaq via Itilleq, where traditional hunting and fishing thrive. With Ocean Albatros' fleet of Zodiacs, we explore remote villages and Arctic nature in supreme comfort and safety.

ITINERARY

Day 1: All Aboard in Kangerlussuaq!

On day one, we arrive in Kangerlussuaq, Greenland's only inland town and a key air hub with a rich Cold War history. Upon arrival, we transfer by Zodiac to the Ocean Albatros, settle into our cabins, complete a safety drill, and then toast with champagne as we begin our journey through the stunning Kangerlussuaq fjord.

Day 2: Sisimiut – Greenland's Second City

Sisimiut is Greenland's second-largest city, with around 5,400 residents. Inhabited since 2,500 BC by Paleo-Inuit peoples, the area holds ancient remains on nearby Tele Island, which can be reached on a refreshing hike. Founded as Holsteinsborg in 1756, Sisimiut features well-preserved historic buildings like the Blue Church from 1775, situated in the city's charming museum quarter. Today, Sisimiut is a key hub for education and industry, hosting one of Greenland's largest fish processing plants and the supply company KNI, which services remote settlements. The city blends traditional and modern Arctic life--explore the cultural center Taseralik, the city museum, and the famous art workshop, and taste Greenlandic delicacies.

Day 3: Qeqertarsuaq (Disko Island)

Qeqertarsuaq is a picturesque town nestled beneath Disko Island's towering basalt mountains. Once the heart of North Greenland's whaling economy, the town shifted focus to hunting, fishing, and growing tourism after the industry declined. Qeqertarsuaq's rich volcanic soil and mild microclimate create uncommonly lush greenery, attracting locals and visitors to its rugged beauty, colorful houses and excellent hiking. In the afternoon, we'll explore the dramatic coastline of nearby Kuannit by Zodiac, famed for lush tundra, caves, waterfalls, and stunning icebergs, before heading deeper into the heart of Disko Bay.

Day 4: Eqip Sermia Glacier

Eqip Sermia (a descriptive Greenlandic name meaning 'the Glacier at the End of the Fjord') is a relatively small glacier for Greenland, although it is still a truly vast river of ice, flowing directly from the Ice Sheet. It is also one of the most active, and ice constantly tumbles off the vast glacier-front. If conditions allow, we will launch our fleet of Zodiacs to approach this vast river of ice, and hopefully experience the roar of the glacier's frequent calvings at sea level (from a safe distance of course)!

Day 5: Ilulissat, Iceberg Capital of the World

Ilulissat--meaning "icebergs" in Kalaallisut--is the stunning Iceberg Capital of the World, home to the UNESCO-listed Ilulissat Icefjord, accessible on a gentle walk from the harbor. This 70 km fjord leads to Sermeq Kujalleq, the largest glacier outside Antarctica, which drains 13% of the Greenland Ice Sheet and produces 10% of the Northern Hemisphere's icebergs--more than the entire U.S. annual water supply! Founded 280 years ago and the birthplace of legendary Arctic explorer Knud Rasmussen, Ilulissat is Greenland's third largest town, rich in culture and adventure. Enjoy fresh local seafood, vibrant markets, and elegant art galleries. The hiking trails around the Icefjord are a must-do for visitors, who may also choose thrilling optional boat or flightseeing tours to witness the raw power of the ice up close.

Day 6: Itilleq Village

Itilleq - meaning "the Crossing Place from the Sea" - is a picturesque village nestled among mountains and fjords just north of the Arctic Circle. Located at the edge of the Aassivisuit-Nipisat UNESCO World Heritage Site, it preserves a rich Inuit hunting heritage dating back thousands of years. Modern colorful houses have replaced turf huts, but locals still rely on Arctic char, reindeer, and muskox, blending tradition with modern life. Warm Greenlandic hospitality welcomes visitors eager to explore this wonderfully homely hamlet.

Day 7: Kangerlussuaq – disembarkation

As our journey concludes, we sail up the 160 km Kangerlussuaq Fjord and disembark by Zodiac after a fond farewell to the

Expedition Team and Crew of Ocean Albatros. Though Kangerlussuaq is more known for its Cold War-era military roots and role as a transport hub than its cultural heritage, its surrounding wilderness offers striking natural beauty. Originally built by the U.S. military in the 1950s, the town retains a utilitarian charm. Our Arctic adventure ends at the modern airport, with lasting memories of Greenland's wild landscapes.

YOUR SHIP: OCEAN VICTORY

YOUR SHIP: **Ocean Victory**

VESSEL TYPE:

LENGTH:

PASSENGER CAPACITY:

BUILT/REFURBISHED:

This stylish cruise ship, built specifically for small ship expeditions to the Polar Regions, features cutting edge technology mixed with great comfort. With a total of 93 comfortable cabins for our guests, all with a view of the ocean, (and 90% with their own balcony), several restaurants, a wellness area, an Albatros Nordic Bar, an open deck dining facility, a modern lecture lounge, and other amenities, the vessel will also be environmentally-friendly onboard, with an implementation of the Green Initiative Program, ensuring both absolute comfort and sustainability for our guests. Now, for the technical details: With the highest Polar code 6 and Ice class 1A, Ocean Victory is the ideal vessel for small-ship cruising due to her sturdy construction and X-Bow®-Infinity class, which provides high stability in rough weather and allows for the smoothest movements on high waves, and a Solas 2012 classification which facilitates a safe return to port. The vessel is part of a brand new generation of low-energy vessels, with 4 diesel engines and 2 electro engines, all controlled electronically to optimize speed and fuel consumption. Restaurant & bar Dinner always starts with delicious hot soups, cold cuts and crisp, fresh salads. Several choices of entrees are offered each evening, to accommodate different tastes and dietary requirements; always including a meat choice, fish choice and vegetarian choice. After dinner, freshly prepared desserts, including ship-made ice cream or cakes are a great way to end a meal and satisfy any sweet tooth. A selection of wines and beers is available to perfectly compliment your visit to our restaurant... and if you're interested in relaxing during your time off from activities and landings, delight onboard Ocean Atlantic by raising your glass to the experience of a lifetime! Our bar is fully equipped with a variety of cocktails, beers, non-alcoholic beverages and more, to quench your thirst and reward the

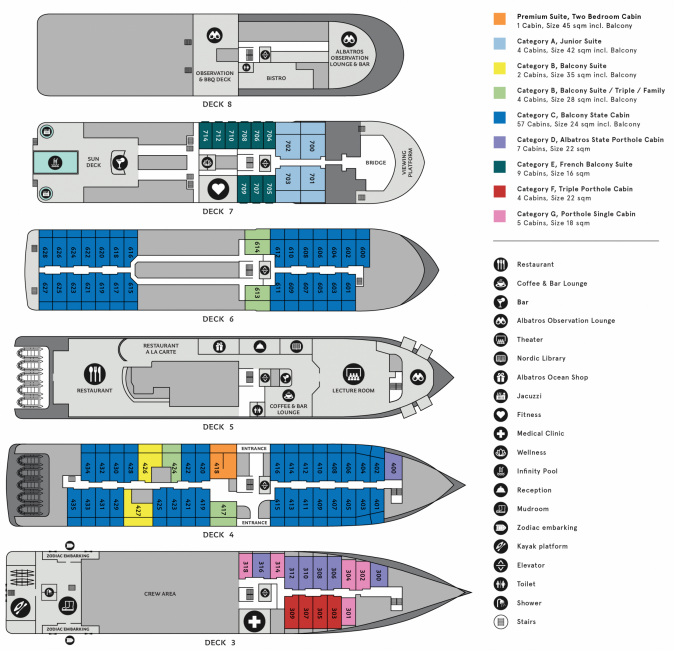

explorer in you.
