

HISTORY AND CULTURE VISITING CARIBBEAN JEWELS IN LUXURY

Explore the Caribbean on a yacht and enjoy a feast for all the senses. Aboard the emblematic three-mast yacht _Le Ponant_ , you will explore the islands under sail, these precious pearls stretching between the Caribbean Sea and the Atlantic, veritable sanctuaries of beauty brimming with history. Infinite beaches of white and pink sand, tropical vegetation and fauna, historic forts and naval buildings... In the heart of these island jewels, sailing through the warm and crystal-clear waters is synonymous with pleasure, even when the sea spray reaches the deck, while each port of call is an invitation to dive into the Caribbean tradition and soul. Whether you are a lover of the sea or a curious traveller, experience once again the indescribable joy of navigating under sail surrounded by the elements. Take your place aboard _Le Ponant_ , a majestic three-mast yacht with elegant lines and an interior designed by the Jean-Philippe Nuel studio to be a warm and intimate setting with a highly distinctive character. As if you were on your very own yacht, savour the freedom of living in the moment, during this cruise to the heart of the mythical Windward Islands.

ITINERARY

Day 1 POINTE-À-PITRE

At the crossroads of cultures, where European influence mingles with the richness of the Caribbean and the diversity of indigenous traditions, Pointe-a-Pitre promises a unique experience. Here, nestled on the southern coast of the island of Grande-Terre in Guadeloupe, in the heart of the Caribbean Sea, you will fall in love with the heavenly landscapes that reveal themselves to you, including white-sand beaches, verdant mountains, and lush tropical forests. Along the bustling streets of the city, you will discover Creole authenticity through the colourful markets, the traditional wooden houses, and the warm

hospitality of the locals.

Day 2 LES SAINTES

During the feast of All Saints in 1493, Christopher Columbus discovered this archipelago of nine islands that he named "The Saints". Today, only two of them are inhabited. Terre de Haut, in the east, is dominated by the Morne Mire hill; at the summit stands Fort Napoleon, paying homage to the islands' history. In the heart of the botanical garden, shared by iguanas and cacti, there is an exceptional view of the Baie des Saintes, one of the most beautiful in the world. The long shady beach of Pompierre, where it is forbidden to drop anchor, is a peaceful place for a swim, while Pain de Sucre Beach offers wonderful opportunities for snorkelling. On the island, don't forget to taste the local speciality, the "tourment d'amour", a cake made with coconut.

Day 3 FALMOUTH BAY

Located to the south of the island of Antigua and Barbuda, Falmouth Bay is home to a marina that is the perfect starting point for visiting Nelson's Dockyard, where the former naval base and former home of the British Admiral Horatio Nelson can be found. This village was built in 1725 to act as a base for the squadrons of ships that used to patrol the waters of the West Indies to ensure British naval supremacy. It is the last naval dockyard of the Georgian period to be so well preserved and still active. This UNESCO World Heritage Site includes a collection of buildings and port facilities surrounded by a fortified compound.

Day 4 BARBUDA

During your port of call in Barbuda, an island influenced by British culture in the north of the Lesser Antilles, you'll discover idyllic beaches of white powder-like sand bathed by turquoise waters of striking intensity. The very British colonial atmosphere of English Harbour, a former Royal Navy base, mixes with creole culture in a happy union. This Eden, which has managed to stay calm and intimate, is brimming with very wild fauna and flora. Arts and crafts are present in the markets and shops, where you'll find wooden statuettes, printed fabrics and very good rum produced in the island's distilleries.

Day 5 CHARLESTOWN, NEVIS

Opposite Saint-Christopher island, Nevis will win you over by its more easy-going rhythm than its neighbour, and by its tranquil atmosphere. Go ahead and explore the rich history of this island, admire its Georgian architecture in Charlestown and smell the wonderful scent of the tropical flowers in Nevis's botanical garden. The sumptuous landscapes that adorn this volcanic island offer you pleasant hiking opportunities at the foot of Nevis peak. And to cool down, you'll enjoy taking a dive into the turquoise waters, so characteristic of the Caribbean...

Day 6 GUSTAVIA

Lovers of this island call it Saint-Barth. This French island in the Lesser Antilles was discovered by Christopher Columbus in 1493. Ever since, this tiny mountainous volcanic gem with its unspoilt nature has been enchanting visitors. You will enjoy the

beauty of its large paradisiacal beaches, plus the charm and refinement of its old wooden houses and its sumptuous colonial manors. Although, as you saunter through the rues de Gustavia or Saint-Jean, you'll come across jewellers, top fashion boutiques and fine restaurants, there is also a simplicity that money can't buy...

Day 7 PRICKLEY PEAR CAYS & AT SEA

Located 5 miles north of Anguilla, the twin islands of Prickly Pear East and West are separated by a narrow channel. Prickly Pear East consists of a huge white sandy beach and rocky outcrops offering excellent snorkelling possibilities. Behind the main beach, there is a small pool where the black-necked stilt comes to feed. The harder-to-access Prickly Pear West has a small beach of low limestone cliffs dotted with bushes. The waters surrounding the cays of Prickly Pear are protected by the Anguilla Marine Park. Green and Hawksbill sea turtles, endangered species, nest on these beaches. The island is also home to an indigenous iguana population as well as a colony of Anguilla laughing gulls. As you sail around Prickly Pear West, it will be easy to observe many birds along the cliffs, including red-billed tropicbirds, brown noddies, brown boobies and little terns. This is also where the only colony of brown pelicans nesting in Anguilla can be found: it is a species of regional importance.

Day 8 MARIGOT

Located on the west coast of the French side of Saint Martin, an island in the north-east of the Caribbean Sea, Marigot has stunning discoveries in store for you. Its streets are home to old Creole huts, the traditional dwellings in the 19th century, as well as a host of luxury boutiques and artist studios. Overlooking Marigot Bay and facing Anguilla, Fort Louis is an ideal spot from which to admire the Simpson Bay Lagoon and the surrounding small, lush mountains. For those who enjoy walking, taking a lovely stroll from the Fort Louis marina via the market, is an opportunity to fully enjoy the easy way of life in this charming, picturesque town.

BUILT/REFURBISHED:

Le Ponant becomes world's first sailing yacht to obtain Relais & Chateaux label After four years of regular ad hoc partnerships, PONANT and Relais & Chateaux are strengthening their ties. The three-master joins the large family of Relais & Chateaux establishments as a new member. It is the first sailing yacht in history to obtain the label and be included in its catalogue of the finest travel addresses in the world. In 2019 & 2020 Le Ponant underwent a huge revamp. Her capacity was reduced from 64 to just 32 passengers who will be served by a crew of 34. Following in the nautical tradition of three-masted sailing ships, Le Ponant will take you on a voyage of discovery. The ship provides intimacy and convivial atmosphere and the refined life on board, the welcoming charm to your cabin, the lounges and the restaurants setting are invitations to relax. Le Ponant is one of the most majestic sailing vessels in the world. With 16 spacious cabins and suites, one crew member per passenger, a dedicated chef, and authentic and exclusive experiences to be enjoyed at every stop, designed for and with you, the ship redefines the concept of luxury yachting and promises you an extraordinary experience. In addition to its tasteful and refined design by Jean-Philippe Nuel, it has many innovative and environmentally friendly amenities. Conserving the environment is one of our priorities. We have therefore chosen to invest in innovations and equipment at the cutting edge of technology, with the aim of achieving the highest standards possible in the sector. Le Ponant is the only yacht in the world with a hybrid propulsion system. This uniquely designed three-masted schooner can rely solely on its sails but also can connect to the electricity network in certain ports to limit its ecological impact. On board, we have banned the use of plastic in straws, laundry bags, cups and individual food portion packaging. Packaging is collected from our warehouses. Unavoidable plastic waste is sorted and entrusted to resource-recovery companies, who monitor its traceability until its elimination. Le Ponant is equipped with a complete desalination and wastewater treatment system. This biodegradation process works without the use of chemicals. It provides clean water and meets the highest quality standards. On board, 60% of packaging is recycled, while the rate elsewhere in the world is only 20%. The rest is 100% traced. We have on-board compactors adapted to each type of waste and are working to optimise their management on land. Under full sail, gliding over the sea with the wind, you will fall under Le Ponant's spell. Please click the following links to read more about Ponant and the other Ponant
