

ICELAND: CIRCUMNAVIGATING THE LAND OF FIRE AND ICE

Welcome to Aurora Expeditions' Iceland: Circumnavigating the Land of Fire and Ice Discovery Voyage. On this adventure, where we plan to circumnavigate Iceland, a country often described as 'the land of fire and ice,' where snow-capped peaks rise above glaciers and active volcanoes rumble. We explore the Westfjords, one of the remotest and most pristine regions in Iceland--ideal for nature hikes and sea kayaking. We amble along black sand volcanic beaches, cross over the Arctic Circle to Grimsey Island to stretch our legs on hikes and discover cliffs teeming with seabirds. Our team of experts will interpret this fascinating country-- one of the world's youngest. It's a land of spectacular geology that is rich in wildlife, culture and human history. Note : In order to experience some of the incredible scenery of Iceland, a number of the shore excursions on this itinerary require coach travel away from the coast.

ITINERARY

Day 1 Arrive in Reykjavik

Having made your way to Reykjavik, you will be met by a representative of Aurora Expeditions and transferred to our group hotel. Upon arrival at your included hotel, please visit the Aurora Expeditions hospitality area where you can leave your luggage and enjoy refreshments if arriving prior to 4pm. Whilst here you can collect your luggage cabin tags speak with our ground operations team, who may have information to share with you about pre-embarkation or to provide you with

information about where to dine, withdraw cash or purchase last minute items from a local pharmacy or supermarket.

The remainder of your time is at leisure. All meals today are at your own expense.

Accommodation: The Grand Hotel Reykjavik (or similar)

Day 2 Embarkation

This morning, please ensure your cabin luggage is fitted with cabin tags clearly labelled with your name and cabin number. Your luggage will be collected from your hotel and transferred directly to the port for clearance and delivered to your cabin ahead of your arrival on board. Please keep any valuables or personal items with you throughout the day.

Today we follow the path of one of Reykjavik's most popular seismic attractions - the Golden Circle. Stops along our route include Thingvellir National Park, accredited as the site of Iceland's first parliament. A shaky start to the new nation, it is also the point where the Eurasia and North American tectonic plates meet as an open fissure. Our next stop is Gullfoss waterfall. This impressive water feature tumbles 34 meters into the Hvita River, offering a popular photographic opportunity. Next we explore the geothermal fields and geysir's for which Iceland is famous. The variety of hot springs and bubbling pools are mesmerising as the sheer capacity of water and steam erupting from the ground makes you ponder just how much power is beneath your feet. Late afternoon we return to Reykjavik to board the Douglas Mawson.

After boarding, there's time to settle into your cabin before our important safety briefings before we 'throw the lines' to begin our Greenland adventure. This evening, meet your expedition team and crew at the Welcome Dinner.

Day 3 Arnarstapi, Grundafjordur

Arnarstapi is the starting point of our adventures on the Snaefellsnes Peninsula, gateway to Snaefellsjokull National Park. Snaefellsnes Peninsula is an area of diverse landscapes that is characterised by lava fields and glistening fjords and home to a vast array of birdlife. The area is crowned by the magnificent, ice-capped Snaefellsjokull volcano, a 700,000-year-old dormant subglacial volcano, visible from Reykjavik on a clear day and immortalised in Jules Verne's Journey to the Centre of the Earth.

Personalise your expedition with our included 'Your Choice' experiences that best suits your interests and level of fitness.

Option 1 - Highlights of Snaefellsness (Duration: 8 hours including lunch / Level of difficulty: Easy-Moderate, dependent on fitness)

Our first stop will be the dramatic black pebble beach of Djupalonssandur, where you can marvel at the black sands and colossal rock formations, volcanic landscapes, and remains of a 1948 shipwreck. Next, you'll visit Buðir, a picturesque hamlet surrounded by the stunning landscapes of the Snaefellsnes Peninsula. Stop to admire Buðakirkja, the 19th-century church, and explore the area. At the conclusion of lunch, re-join the coach to travel to Snaefellsjokull National Park, encompassing a large area of Snaefellsnes Peninsula's western tip. For the more active, explore some incredible hiking trails, or simply enjoy your

drive through the park and take in the beauty that surrounds you. Concluding your day, we continue to the iconic Mount Kirkjufell, a favourite among photographers and known to many as a filming location for the TV show "Game of Thrones." Not far from this majestic mountain is a waterfall that completes the picturesque scene.

Option 2 - Natural Wonders of Snaefellsnes (Duration: 8 hours including lunch / Level of difficulty: Moderate)

Upon disembarkation, we will hike the coastal trail that connects the two villages of Arnarstapi and Hellnar (2 hours). Now a National Reserve, this easy level hike encompasses geology, wildlife, amazing photo opportunities, folklore and most of all adventure. This old trail takes us along the wild shoreline with a view of the ocean and extraordinary columnar basalt and lava cliff formations on one side and stunning mountains and Snaefellsjokull Glacier on the other. The cliffs are alive with a wide range of bird species such as the Arctic Tern, the kittiwakes, gulls and fulmars. Next, you'll step into the 8,000-year-old Vatnshellir Cave, replete with stunning geology, fascinating rock formations, and colourful volcanic rock. We will meet at our base near the cave, where your friendly guide will provide you with all the equipment that you need, including a helmet and headlamp (we strongly recommend that you wear comfortable and sturdy footwear, as the volcanic rock can be quite difficult to traverse). Then your friendly guide will give you a brief safety talk before we descend the spiral staircase into this subterranean wonderland. The tour meanders through the path of the lava flow around 200 meters into a large cave that lies around 35 meters beneath the surface of the earth, where we will be greeted by some rainbow-coloured volcanic rocks and incredible petrified lava formations. The cave is a fairly easy walk, although it will involve a degree of climbing (you must be able to participate in prolonged stair climbing). Following lunch, re-join the coach and travel to the iconic Mount Kirkjufell, a favourite among photographers and known to many as a filming location for the TV show "Game of Thrones." Not far from this majestic mountain is a waterfall that completes the picturesque scene.

Option 3 - Snaefellsnes Adventure (Duration: 8 hours including lunch / Level of difficulty: Moderate-Difficult)

The Land of Fire and Ice is well-known for its incredible landscapes and contrasting terrains that include several natural and geological wonders rarely found anywhere else on Earth. The unique geological history of Snaefellsnes will draw you in where you can explore sites revealing Iceland's unique geological history up close. Your first stop is at the Pufubjarg bird cliff, home of nesting puffins and fulmars. From here, hike along the rugged coastline to witness the exceptionally beautiful Londrangar basalt cliffs, a geologic wonder that looks like a huge rock castle. There are many local birds here, and they are a noisy bunch. Puffins, but especially fulmars, nest in the many cavities in the two pillars. From here you hike across a pretty lava field covered in moss to Malarrif, where you can see the lighthouse and explore the beach. Following an early lunch, re-join the coach and head for Eldborg crater, located on a short volcanic rift, just 200 metres in diameter, and 50 metres deep. It is the largest crater on this rift and was created in an eruption which occurred somewhere between 5000 and 6000 years ago. Unlike many of Iceland's volcanoes, it has a very classic shape, with smooth sloping sides and a very definite crater. A marked

hiking path leads through a shrub-covered lava field to the top of the crater offering incredible views of Snaefellsnes National Park. Concluding your day, we continue to the symmetrical, hexagonal-shaped basalt columns at Gerðuberg Cliffs. Stand in awe at these impressive cliffs, a natural marvel that spans 500 metres. To enjoy the best view, take a walk by the structures. Climbing up the cliff is possible but to really soak in the views of this geological structure, it's best to enjoy a walk alongside the cliffs.

Days 4 Patreksfjordur & Dynjandi - Westfjords

Over the next three days, we explore the Westfjords region featuring outstanding landscapes with jaw-dropping views of dramatic fjords carved by ancient glaciers, sheer table mountains that plunge into the sea and pristine North Atlantic vegetation.

At Patreksfjörður, a shore excursion by coach takes us to Latrabjarg cliffs. As Europe's largest bird cliff, Latrabjarg is home to millions of seabirds, such as puffin, razorbill, fulmar and guillemot. Enjoy the impressive variety of natural wonders and unspoiled nature. Latrabjarg also happens to be the westernmost point in Europe, east coast of the North American continent on the other side of the Atlantic.

Immerse yourself in the tranquillity of the afternoon as we cruise northward, taking in breathtaking landscapes and keeping a watchful eye for whales. Later, we'll embark on a Zodiac landing to witness the awe-inspiring power of Dynjandi waterfall.

Days 5 Thingeyri - Westfjords

Thingeyri, a quaint village nestled on a slender strip of land, graces the shores of one of Iceland's most picturesque fjords, Dýrafjörður. Much like many other coastal settlements in Iceland, the village's culture and industry have been intricately woven with the influence of the sea over centuries. The surrounding landscape is adorned with towering mountains, lending a distinctive charm to the scenic expanse that envelops Thingeyri. This idyllic region is often hailed as the "Alps of the Westfjords," especially the highland area nestled between the majestic fjords of Dýrafjörður and Arnarfjörður. The beauty of Thingeyri lies not only in its coastal simplicity but also in the dramatic backdrop of high mountains that paints a captivating portrait of this Icelandic village.

Personalise your expedition with our included 'Your Choice' experiences that best suits your interests and level of fitness.

Option 1 - That Viking Thing Experience (Duration: 2 hours + free time / Level of difficulty: Easy)

Today you will step back in time and learn about the Viking ways and how the hardy Norse people lived off the land. Walk through a recreated Viking area, learning about what is fact and what is fiction in the many stories you've heard about the famous Vikings. A short hike brings you to the old ruins of the Viking meeting place called a Thing - the closest translation in English is 'parliament.' Step inside the interactive Viking Museum for a chance to dress up in authentic hand-sewn Viking clothing, take photographs, drink Icelandic Viking beer, bake your own Viking bread, and explore the museum - all part of learning more about Viking ways.

Option 2 - Sandafell Mountain Hike (Duration: 3 hours / Level of difficulty: Moderate-Difficult, dependent on fitness level)

For avid explorers, Iceland is littered with hidden gems, and possibly the best-kept secret of all is the Westfjords. Lying in the most north-westerly area of the island, this sprawling area of natural beauty is truly a hiker's paradise. Rocky peaks, deep crevices, and charming Icelandic towns all add to the appeal of the Westfjords, not to mention the various hiking trails snaking across the unusual countryside. Today we will hike Sandafell, offering gorgeous views over the town, surrounding mountains and the water below.

Day 6 Akureyri

Picturesque Akureyri is Iceland's second largest city outside the capital area and is blessed with a superb snow-capped mountain backdrop.

Personalise your expedition with our included 'Your Choice' experiences that best suits your interests and level of fitness.

Option 1 - Goðafoss, Lake Mývatn & Baths (Duration: 8 hours including lunch / Level of difficulty: Easy)

Our first stop will be the Goðafoss waterfall, one of the most spectacular waterfalls in Iceland. There is a 400-metre trail, easy and mostly flat, approximately 10 minutes to get to the main viewpoint. Next, you'll visit Lake Mývatn and explore the area. At the conclusion of lunch, re-join the coach to travel to Mývatn Nature Baths. Drawing on a centuries-old tradition, the tastefully designed complex offers bathers a completely natural experience that begins with a relaxing dip amidst clouds of steam rising up from a fissure deep in the Earth´s surface and ends with a luxurious swim in a pool of geothermal water drawn from depths of up to 2,500 metres / 8,200 feet.

Option 2 - Goðafoss, Lake Mývatn & Dimmuborgir (Duration: 8 hours including lunch / Level of difficulty: Moderate)

Our first stop will be the Goðafoss waterfall, one of the most spectacular waterfalls in Iceland. There is a 400-metre trail, easy and mostly flat, approximately 10 minutes to get to the main viewpoint. Next, you'll visit Lake Mývatn's Skutustaðagigar pseudo craters. Wander the marked walking paths through the area. You can easily walk around the bowl-like landmasses or take a hike to reach the top for a magnificent view of the scenic surroundings. At the conclusion of lunch, re-join the coach to travel to Dimmuborgir, an area strewn with enormous lava rocks and cliffs. The formation of these extraordinary lava cliffs and pillars are the result of molten lava flowing over a pond in the eruption of Ludentsborgir and Þrengslaborgir some 2,300 years ago. The most famous of these formations is "The Church", aptly named, as this is a cave, open at both ends and with a dome-like ceiling.

Option 3 - Hverfjall Volcanic Crater Hike, Dimmuborgir & Dettifoss (Duration: 8 hours including lunch / Level of difficulty: Strenuous)

Our first stop will be Dimmuborgir, an area strewn with enormous lava rocks and cliffs. The formation of these extraordinary lava cliffs and pillars are the result of molten lava flowing over a pond in the eruption of Ludentsborgir and Þrengslaborgir some 2,300 years ago. The most famous of these formations is "The Church", aptly named, as this is a cave,

open at both ends and with a dome-like ceiling. From here walk up the steep slopes of Hverfjall Crater and around the crater's rim for otherworldly and awesome views of the surrounding landscape. This is a 9km loop trail and takes approximately 3 hours or 3.5 hours to include walking around the rim. At the conclusion of lunch, re-join the coach to travel to Dettifoss waterfall in northeast Iceland and is reputed to be the most powerful waterfall in Europe. The falls are 100 metres / 328 feet wide and have a drop of 44 metres / 144 feet down to the Jokulsargljufur canyon.

In the late afternoon, we reboard our vessel and depart for Grimsey Island.

Day 7 Grímsey Island

Located approximately 40 km (25 miles) off the mainland, Grimsey is a verdant grassy island, probably best known for its proximity to the Arctic Circle, which cuts across the island. Many people travel to Grimsey just to say they have stepped across the imaginary line. With a tiny population of approximately 100 inhabitants, it's a fantastic place for Zodiac cruising, kayaking, and photographing seabirds such as guillemots, gulls and puffins.

Leaving Grimsey to return closer to the mainland, we spend time scanning the waters of Skjalfandi Bay around Husavik, a town known as the Iceland's 'whale watching capital', home to up to 24 different whale species, as well as dolphins and 30 variety of birds. The largest animal on earth, the blue whale, has also been spotted in Skjalfandi Bay, and if you are lucky, you might catch a glimpse of this magnificent creature as well as others, such as orcas, fin whales and pilot whales.

Day 8 Seyðisfjörður

In the afternoon, we spend some time exploring Seyðisfjorður, a picturesque fishing village that is renowned for its charming collection of colourful wooden buildings located around the lagoon. Take a stroll around town and discover the timber houses that are remnants from when the Norwegians settled here and established the herring fishing facilities from 1870-1900. From the valley above the town, the river Fjardara tumbles down in beautiful cascades to the lagoon. There are a number of delightful hiking trails to explore, or alternatively, you can discover a flourishing cultural scene with an arts centre, the famous blue church that stages music concerts and the only two cinemas in the east of Iceland. Back in town, browse the stores where you will discover handicrafts by local artists and artisans - perfect as a souvenir or gift.

Day 9 Djupivogur

In Iceland's east, we disembark in Djupivogur, our gateway to Vatnajokull National Park, home to Europe's largest glacier.

Personalise your expedition with our included 'Your Choice' experiences that best suits your interests and level of fitness.

Option 1 - Waterfalls, Glacial Lagoons & Hot Tubs (Duration: 10 hours including driving to/from Djupivogur / Level of difficulty: Easy / Maximum numbers: 30 x 2 groups)

Your first stop is at Fossarfoss, a waterfall surrounded by majestic mountains with spectacular views. The layered basalt flow formations that surround the area offer a striking contrasting vista making this a favourite location among photographers. From here we depart for Vatnajokull National Park, one of the most famous natural attractions in the world.

Explore the astonishing and exotic natural beauty of Jokulsarlon Glacier Lagoon by four-wheeled Amphibian boat. Here we observe giant icebergs float slowly towards the ocean from the glacier.

Following lunch, re-join the coach and head for Diamond beach, a black sand beach where the icebergs are washed ashore, and Fjallsarlon lagoon, renowned for the shimmering icebergs that float in its waters. Concluding our day, we continue to the geothermal hot tubs in Hoffell, perfect for a nice, relaxing soak with an otherworldly view.

Option 2 - Wonders of Vatnajokull National Park & Canyon Hike (Duration: 9 hours including driving to/from Djupivogur / Level of difficulty: Moderate / Maximum numbers: 40)

Your first stop is at Fossarfoss, a waterfall surrounded by majestic mountains with spectacular views. The layered basalt flow formations that surround the area offer a striking contrasting vista making this a favourite location among photographers. From here we depart for the dramatic Mulagljufur Canyon, a true hidden gem ideal for hiking. Here we navigate through overgrown bushes, small river streams, and different trails along the rim of the canyon. Find yourself marvelling at the panoramic views of Fjallsarlon glacier lagoon, picturesque mountains, vibrant textures, and intriguing rock formations. Following lunch, re-join the coach and head for Vatnajokull National Park, one of the most famous natural attractions in the world. Explore the astonishing and exotic natural beauty of Jokulsarlon Glacier Lagoon by foot. Here we observe giant icebergs float slowly towards the ocean from the glacier. Re-join the coach for Diamond beach, a black sand beach where the icebergs are washed ashore.

Note: Mulagljufur Canyon Hike is 3.8km (2.35 miles) one way and approximately 3 hours duration. Terrain - 315 metre elevation with a narrow unpaved trail with two small river crossings, very easy to cross.

Option 3 - Falljokull Glacier Hike (Duration: 9 hours (4 hours on the glacier) / Level of difficulty: Moderate-Difficult / Maximum numbers: 45)

Your first and only stop today is at Falljokull, one of the most impressive outlet glaciers of the Vatnajokull ice cap and a once in a lifetime experience. We will take an inspiring walk along a winding path through the glacier's dramatically changing landscape. Arriving at the tongue of the glacier, we will have your crampons ready and waiting for you. With your knowledgeable guide leading the way, you will soon be exploring impressive terrain, walking through a wonderland of ice formations and brilliant blue colours. Following a hard-earned late lunch, re-join the coach and depart for the ship in Djupivogur.

Note: Falljokull Glacier Hike equipment provided - ice axe, crampons, harness and helmet. The minimum shoe size to attach crampons is EU 35 (boots can be hired at additional cost if necessary). Requires a higher level of fitness and agility as you will be on your feet for a long period of time (4 hours) and the terrain is challenging. Please note the transfer to and from the ship and Falljokull Glacier is 3 hours each way, so come prepared with a book or enjoy the magnificent scenery and a nice nap enroute.

Day 10 Westman Islands

Enjoy a morning and lunch onboard, searching for whales and seabirds. Our team of experts entertains us with informative talks.

Located off Iceland's south coast, the Westman Islands were formed by volcanic eruptions around 10,000 years ago. Westman Islands are surrounded by 15 other uninhabited islands and around 30 rocks and skerries offering refuge for rich array of seabirds. Westman Islands are considered to have the largest Atlantic puffin colony in the world, and when sailing around the islands it is not uncommon to see puffins but also whales and seals.

Personalise your expedition with our included 'Your Choice' experiences that best suits your interests and level of fitness.

Option 1 - Eldheimar Volcano Museum & Puffin Viewing (Duration: 3 hours / Level of difficulty: Easy)

Located off Iceland's south coast, the Westman Islands were formed by volcanic eruptions around 10,000 years ago. Heimaey is the main island in the archipelago, with a population of around 4,200. Various catastrophes have befallen the island of Heimaey and its inhabitants throughout history. Probably the most tragic incident was the volcanic eruption in 1973. Visit a unique volcano museum that tells the story of the Heimaey volcanic eruption, the emergence of Surtsey Island in 1963, and the geology of the Westman Islands.

We'll continue our drive to Storhofði cape for some puffin watching, offering ample photo opportunities to capture shots of the charming little birds. Afterwards, enjoy some free time to explore the island if time permits.

Option 2 - Eldheimar Volcano Climb & Museum (Duration: 3 hours / Level of difficulty: Difficult)

Learn more about the geology and volcanology of Iceland during a two-hour hike up a volcano. Reaching the summit, you can still feel the warmth emanating from its subterranean activity. At the end of the hike, you visit a unique volcano museum that tells the story of the Heimaey volcanic eruption, the emergence of Surtsey Island in 1963, and the geology of the Westman Islands. Afterwards, enjoy some free time to explore the island if time permits.

Sail past Surtsey Island, a UNESCO World Heritage site that emerged from the sea in 1963 and is one the youngest land masses on earth.

Day 11 Disembark in Reykjavik

During the early morning, we cruise into Reykjavik and disembark at approximately 8.00 am. Farewell your Expedition Team and fellow passengers as we all continue our onward journeys. Transfer to Keflavik airport.

Note: At the conclusion of the voyage, we recommend booking flights departing after 12.00 pm on the day of disembarkation in case there are delays.

Please note:

Aurora Expeditions operates in remote and challenging environments, and in the spirit of expedition travel, we encourage you to adopt a flexible and adventurous attitude

when joining our voyages. This itinerary is a guide only and is subject to change due to weather, sea state and other conditions beyond our control.

*Our 'Your Choice' shore excursions listed in the itinerary are included. These must be reserved through our passenger portal at least 60 days prior to embarkation and cannot be amended after this time. If we do not receive your choices by this time, you will be allocated excursions by our automated system. We will always do our best to provide you with your first preference of shore excursion; however, we may occasionally need to place you on an alternative excursion for operational reasons.

YOUR SHIP: DOUGLAS MAWSON

YOUR SHIP: **Douglas Mawson**

VESSEL TYPE:

LENGTH:

PASSENGER CAPACITY:

BUILT/REFURBISHED:

Douglas Mawson was launched in 2025. Named after the legendary Australian geologist and explorer, this new small ship embodies Mawson's pioneering spirit and is designed for global discovery. Featuring the revolutionary Ulstein X-BOW® and purpose-built with enhanced sustainability features, it takes a maximum 154 adventurers to the world's wildest places in smooth, quiet comfort. It boasts our most extensive range of cabins yet, including a range of single cabins. The Douglas Mawson features a host of amenities to help you connect with like-minded travellers and elevate your time onboard this floating base camp for adventure. After a long day of exploring, head to the back deck to swim in the heated outdoor swimming pool, find a sun bed to read on, or soak in one of two Jacuzzis. Work up a sweat in the gym before unwinding in the sauna, resolve to learn something new in the Citizen Science Centre, then enjoy a delicious meal with new and old friends in one of two restaurants. Or, with multiple observation areas throughout the ship, simply relax in comfort while you keep watch for wildlife or incredible landscapes unfold before you. While enjoying the luxurious amenities onboard, you can rest assured that the aim is to get you off the ship to explore the natural environment as much as possible to enjoy some unique activities remains unchanged. Newest Ulstein X-BOW ® The Douglas Mawson features the newest streamlined Ulstein X-BOW®, designed for global discovery. The revolutionary design cuts through the swell, offering unrivalled stability on ocean crossings and helping to reduce fuel consumption. It's just one of the many sustainability features that helps make travel more responsible. Heated Pool, Jacuzzis & Sauna In between landings, enjoy access to the onboard gym or unwind in the sauna. Or head to the back deck to swim in the heated outdoor pool, enjoy a drink at the pool bar, or soak in one of two Jacuzzis, watching the world go by. Leading Technology The Douglas Mawson is at the cutting edge of nautical technology, fitted with industry-leading technology including world-class return-to-port equipment. The ship also features a medical clinic designed for use in remote areas. Built for Adventure The Douglas Mawson features Zodiac access points and an activities platform, making boarding the Zodiacs as quick, efficient and safe as possible, minimising wait times and getting you closer to the action for longer. In our mudroom you will have access to lockers to store gear & boots and rapid drying areas for clothing. More Cabin Choices The Douglas Mawson features 11 different types of cabins, including a range of spacious single berth cabins - all adorned with elegant Nordic interior design features. Multiple Observation Areas As you explore the ship you will find indoor lounge areas with floor-to ceiling windows, and multiple open decks with expansive 270-360 degree views. The Glass Atrium Lounge inside the bow is a fantastic place to sit and watch for wildlife - with a drink in hand. There is no shortage of

spaces to take in the majesty of the incredible world outside! Lecture Theatre On all expeditions you will meet naturalists and local specialists, who offer presentations on their area of expertise to enhance your appreciation of the destination you are exploring. Join the team in the lecture theatre for presentations covering a broad range of topics to suit every interest, from history and culture to biology and climate change. Regardless of the topic, they all have one thing in common: they all aim to engage, educate, entertain and turn you into an ambassador for the planet. Citizen Science Center & Lounge Learn more about the world and the unique destinations Aurora visits by visiting the onboard naturalist and Expedition Team in the world-class Citizen Science Center. You will be rewarded for your thirst for knowledge with one of the best views on the ship. Library With floor-to-ceiling windows, the library is a peaceful sanctuary where you can find non-fiction books to read up on the day's destinations, use a public laptop to organise your photos or play board games with newfound friends. Choose from our range of informative non-fiction titles, wildlife guidebooks, travel journals, novels and a selection of children's books and board games. Wildlife guides, books and binoculars can also be found on the observation lounge on Deck 7. Mudroom No need to take your wet expedition gear back to your cabin to dry. Keep your cabin warm and cosy by leaving your outer jackets and pants in the mudroom. The mudroom is your launchpad for all shore excursions and activities. Here, you will have access to a locker when you can hang your gear up to dry, and store your boots between excursions. Swimming Pool & Jacuzzis There are two Jacuzzis on the top outside deck which offer amazing views of the world outside, a heated outdoor pool surrounded by sun beds you can relax on after a long day of exploring, and a pool bar. Gym & Sauna During your voyage, enjoy complimentary access to the gym or visit our sauna, which we highly recommend after the Polar Plunge! Restaurants One of the most important parts of any expedition is the food! Whatever adventures the day holds, you will be fuelled-up with hearty meals and delicious morning/afternoon teas cooked by our onboard chefs. Meals are a great time to soak up the expedition camaraderie in our open seating dining area. Share stories with your fellow travellers and ask our expedition team questions that may have come up during the day. Tea, coffee and snacks are available 24 hours a day, and our chefs offer different menu options and courses for each meal. Enjoy the range of house wine, beers and soft drinks included with dinner after a long day in the wild. We also invite you to join your captain and expedition team for informal Captain's Farewell drinks, with complimentary beverages and cocktail appetisers, followed by a 3 course meal. Bars & Lounges Communal meeting areas have always played a major role in fostering the warm camaraderie on board our ships. They are the heart of the expedition, where people meet to share tales from the day, swap photos, keep an eye out for wildlife and watch the sun go down. The bars and lounges on board are refined yet inviting places to gather, with floor-to-ceiling windows offering stunning views, and of course friendly bartenders to shoot the

breeze with.
