

ICELAND & EAST GREENLAND EXPLORER - ARCTIC EXPEDITION CRUISE

Step aboard your expedition vessel in the vibrant Icelandic capital of Reykjavik and set a course for adventure as we visit the volcanic Westman Islands, the glacier-crowned Snaefellsnes Peninsula, and the breathtakingly peaceful Westfjords region. Next, we strike out westward across the Denmark Strait to explore the jaw-dropping east coast of Greenland. Amid these iceberg-studded seas, we will explore the majesty of Sermilik Fjord, visit the charming little village of Kuummiit, and discover fascinating wartime heritage and stunning natural beauty at Ikateq. Finally, we will visit the friendly town of Tasiilaq, the largest in East Greenland and a stronghold of the unique East Greenlandic language and culture, before returning to bustling Reykjavik. Exploring two jewels of the Arctic, this is a voyage for true Arctic explorers!

ITINERARY

Day 1: Reykjavík, Iceland: Embarkation

Our Arctic expedition begins in the bustling Icelandic capital of Reykjavik, one of the coolest capitals in the Nordic region. Renowned throughout the world for its modern Nordic cuisine, excellent shopping, and friendly, relaxed vibe, Reykjavik is the ideal starting point for any Arctic adventure. After boarding our expedition ship and completing the mandatory safety and lifeboat drills, join your Expedition Team on the outer decks (perhaps with an expertly crafted cocktail in hand) as we set sail along the Reykjanes Peninsula, following ancient Viking sea

routes toward the wild Westman Islands.

Day 2: Heimaey, Westman Islands

Heimaey is the largest of the volcanic Vestmannaeyjar (Westman) Islands and the only one permanently inhabited. Visitors to this dramatic isle are spoiled for choice! Perhaps join local guides to explore the dramatic lava fields of Eldfell volcano--site of the infamous 1973 eruption, when heroic locals fought back, cooling the lava with seawater jets to save their community. Alternatively, grab your binoculars and head to the cliffs of the island to watch for puffins, fulmars, and gannets frolicking in the icy waters below. Weather permitting, we will cruise past Surtsey on departure, a young volcanic island strictly reserved as a natural laboratory for scientific research.

Day 3: Grundarfjörður, Snæfellsnes Peninsula

Today we arrive at the Snaefellsnes Peninsula, often known as "Iceland in miniature" for its rich and varied attractions. The charming fishing village of Grundarfjorður, where we will make landfall, is a picture-perfect slice of Iceland: neat multicolored houses cluster around a bustling harbor, backed by the brooding presence of Kirkjufell, a striking peak made famous by the TV series Game of Thrones. This staggering backdrop can be explored on foot right from town, so be sure to pack your hiking boots! Grundarfjorður is also the gateway to the incredible Snaefellsnes National Park, the jewel in the crown of which is the enormous Snaefellsjokull volcano, a looming peak adorned with tumbling glaciers.

Day 4: Vigur Island and Ísafjörður

Words can barely capture the natural paradise of Vigur Island, a small, privately owned island nestled deep in the calm waters of the Westfjords. This tiny island holds some of Iceland's largest bird colonies and is one of the few places where genuine eiderdown is still sustainably harvested. Avoiding the many nesting puffins, eider ducks, and Arctic terns here is far harder than spotting them! In the afternoon, we will visit the bustling harbor town of Ísafjorður, capital of the Westfjords, before we set out across the North Atlantic Ocean en route to East Greenland.

Day 5: At sea, en route to Greenland

Between Iceland and Greenland lies the Denmark Strait, a chilly section of the North Atlantic rich in marine wildlife. As we cross to Greenland, join your Expedition Team in the Theater to learn about the ecology, history, and wildlife of the region, or head onto the outer decks with a pair of binoculars to watch the waves for wildlife. Alternatively, work up a sweat in the gym, indulge in a relaxing spa treatment, or simply relax in the hot tubs as Greenland beckons beneath the midnight sun.

Day 6: Sermilik Fjord, East Greenland

This is it--this is why explorers young and old set out for the wilds of Greenland. Between Ammassalik Island and the edge of the vast inland ice sheet lies the majesty of Sermilik Fjord, a name simply meaning "icy" in Greenlandic. A number of large glaciers much farther inland deliver enormous quantities of ice to the coastline, where it breaks off as enormous icebergs. Join your Expedition Team on the water as we explore this jaw-dropping expanse of drifting ice; this is one of the best areas in Greenland to see whales, so remember to bring your binoculars!

Day 7: Ikateq and Kuummiit

In the morning, we will visit the incredible historic site of Ikateq, also known as Bluie Two East. This fascinating former American

air base was used during the Second World War but abandoned soon after, in 1947, leaving everything behind, from hangars and vehicles to thousands of fuel drums. The site has since been cleaned up, leaving haunting remains amid breathtaking natural beauty. In the afternoon, we will visit Kuummiit, one of the larger villages in the area; here, we will meet the friendly locals and experience the beauty of East Greenlandic culture amid the beautiful surroundings of Ammassalik Fjord.

Day 8: Tasiilaq

The largest settlement on the eastern coast of Greenland, Tasiilaq is the only town on rugged Ammassalik Island and the heartland of East Greenlandic language and culture. The town was founded in 1894 as a trading post and has deep connections to Greenland's shamanic traditions, as well as to the tupilak--a once-feared magical creature now preserved as a celebrated art form. Visitors are spoiled for choice, with options to meet the local sled dogs (safely, with their owners' permission), witness a traditional Inuit drum dance, hike the flower-filled hills outside town, or pick up handcrafted souvenirs at the famous Stunk artisan workshop.

Day 9: At sea, en route to Iceland

As our expedition draws to a close, take the opportunity to relax and reflect on your thrilling voyage. Compare photos with your fellow explorers, join the final lectures from the Expedition Team, unwind in the hot tubs, and look forward to the final voyage slideshow presented at the Captain's Farewell Cocktail Party. Skal!

Day 10: Reykjavík, Iceland: Disembarkation

The bustling city of Reykjavik may come as a bit of a shock to the system after spending time in the wilderness of the Arctic! After a hearty breakfast and a fond farewell to your fellow explorers and the Expedition Team, Officers, and Crew of Ocean Victory, descend the gangway back to dry land, ready to explore the Land of Ice and Fire anew or head home with memories to last a lifetime.

YOUR SHIP: OCEAN VICTORY

YOUR SHIP: **Ocean Victory**

VESSEL TYPE:

LENGTH:

PASSENGER CAPACITY:

BUILT/REFURBISHED:

This stylish cruise ship, built specifically for small ship expeditions to the Polar Regions, features cutting edge technology mixed with great comfort. With a total of 93 comfortable cabins for our guests, all with a view of the ocean, (and 90% with their own balcony), several restaurants, a wellness area, an Albatros Nordic Bar, an open deck dining facility, a modern lecture lounge, and other amenities, the vessel will also be environmentally-friendly onboard, with an implementation of the Green Initiative Program, ensuring both absolute comfort and sustainability for our guests. Now, for the technical details: With the highest Polar code 6 and Ice class 1A, Ocean Victory is the ideal vessel for small-ship cruising due to her sturdy construction and X-Bow®-Infinity class, which provides high stability in rough weather and allows for the smoothest movements on high waves, and a Solas 2012 classification which facilitates a safe return to port. The vessel is part of a brand new generation of low-energy vessels, with 4 diesel engines and 2 electro engines, all controlled electronically to optimize speed and fuel consumption. Restaurant & bar Dinner always starts with delicious hot soups, cold cuts and crisp, fresh salads. Several choices of entrees are offered each evening, to accommodate different tastes and dietary requirements; always including a meat choice, fish choice and vegetarian choice. After dinner, freshly prepared desserts, including ship-made ice cream or cakes are a great way to end a meal and satisfy any sweet tooth. A selection of wines and beers is available to perfectly compliment your visit to our restaurant... and if you're interested in relaxing during your time off from activities and landings, delight onboard Ocean Atlantic by raising your glass to the experience of a lifetime! Our bar is fully equipped with a variety of cocktails, beers, non-alcoholic beverages and more, to quench your thirst and reward the

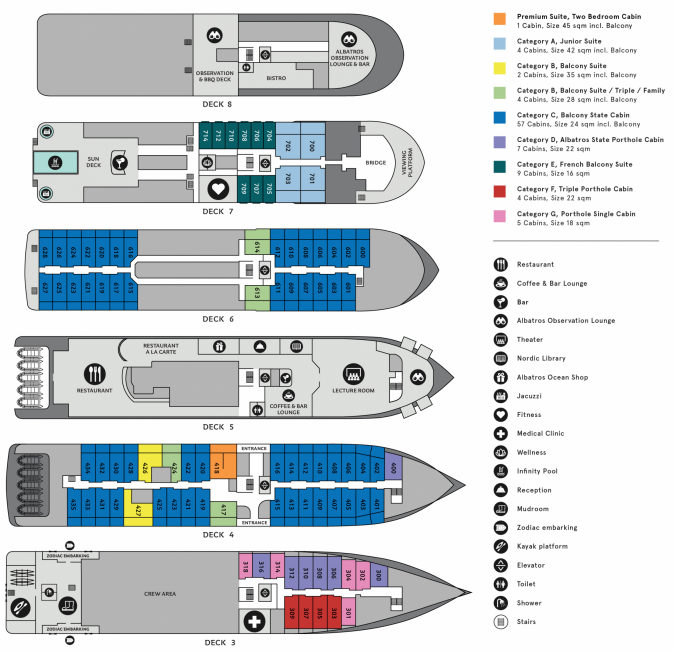

explorer in you.
