

ICELAND VOYAGE: LAND OF FIRE AND ICE – WITH SMITHSONIAN JOURNEYS

In alliance with Smithsonian Journeys. _This cruise is part of a collection of PONANT voyages that are specially-tailored for English-speaking travelers who want to engage with the world. In addition to the usual elements of the PONANT experience, the listed price for these voyages includes transfers to and from the ship, talks and discussions aboard ship by world class experts, and a shore excursion or activity in each port of call that encourages guests to embrace the sights, sounds, tastes, and smells of the local environment and culture._ Discover the most beautiful and rugged landscapes on the Icelandic west coast during this spectacular 8-day voyage. On the edge of the Arctic , between vast glaciers, vertiginous fjords, volcanoes, and boiling geysers, Iceland offers a kaleidoscope of wild landscapes. You will board _Le Bellot_ just outsideReykjavík , the world's northernmost capital city. With its houses with colorful roofs and its lake that is home to countless ducks, the city offers a picture-perfect setting. The first port of call on your cruise is Heimaey. This is the only inhabited island in the Westman archipelago. Choose to explore the volcanic island, which is summer home to millions of seabirds. You will then discover the bay of Grundarfjördur , from where you may choose to explore the villages along the Snæfellsjökull glacier -capped volcano or embark on a whale watching excursion in search of orcas and humpback, minke, sperm, and pilot whales. Your ship will then reach Grímsey , a small, hard-to-reach island where, in certain places, the volcanic rock forms magnificent basalt columns. Sea birds such as guillemots and puffins reign here. _Le Bellot_ then sails for Akureyri , where an excursion to the otherworldly Lake Myvatn area offers the opportunity to explore the geothermal field of Namaskard to see mudpots, steam vents, sulfur deposits, boiling springs, and fumeroles. Also see the spectacular Godafoss , the "Waterfall of the Gods." Alternatively, choose to relax in the thermal baths at Húsavík. At Isafjördur , explore Iceland's seafaring history at the Maritime Museum and enjoy a performance of traditional Icelandic folk songs performed by a group of local singers. Or visit the abandoned village of Hesteyri , a 19th-centurty whaling community located along some of the most rugged landscape in the country. End on the outskirts of Reykjavík , where you'll have the opportunity to travel the Golden Circle , consisting of three spectacular sights: Thingvellir National Park , Gullfoss Waterfall , and the Geysir Geothermal Area. Another option offers a second opportunity to go whale watching in search of humpback, minke, and sei whales. _The encounters with the wildlife described above illustrate possible experiences only and cannot be

guaranteed._

ITINERARY

Day 1 Reykjavík

Iceland's capital stretches along the edge of a vast bay in the west of the country. Perlan, the "Pearl of Reykjavik", a museum located on 'Oskjuhlið hill, offers a panoramic view of the lush, green landscapes. A little further, one can easily spot the signpost showing the way to the evangelical Hallgrimskirkja church, and to the historical centre where one can stroll along the Skolavordustigur and the Laugavegur, two lively streets with charming small shops. For some relaxation just outside of the city, visitors have the opportunity to visit the Reykjanes peninsula and its famous thermal lagoons of the Blue Lagoon.

Day 2 Sailing in the Vestmannaeyjar & Heimaey, Vestmannaeyjar

The Westman Islands were formed from a succession of underwater eruptions and consist of 15 islands and around 30 islets. As you will discover, Heimaey has a rich history and captivating landscapes. Dominated by the Eldfjall, it's the only island in the chain that is inhabited. This exceptional site has a very pronounced relief taking in vertiginous cliffs, reefs, sea caves, and surf. Raise your eyes and you will be able to admire the spectacular dives of the Gannets.

This land seated off the southern coast of Iceland is the largest of the Vestmann islands, and is the only inhabited island in the archipelago. The steep Edfell volcanoes and the green prairies of Herjolfsdalur offer rich contrast of nature. On the Storhofði road, look out over grey sand beaches and cliffs carved out by the Arctic ocean. From here, you can also see the bronze landscapes of the mountaintops. You could visit Eldheimar, an ultra-modern and interactive museum which traces the volcanic eruption has experienced Heimaey in 1973.

Day 3 Grundarfjördur

This secret boreal hideaway is located at the foot of the Kirkjufell, on Snaefellsnes peninsula. Arriving by boat means you will get a closer view of the lava-stone rock standing like a sentinel at the entrance to the bay; Grundarfjorður lies sheltered behind this cone-shaped rock. A stone's throw from the jetty, crystal clear waters, tundra and beaches give onto the cerulean waters of Breiðafjorður. Scattered with its emerald-coloured lawns, this town, with its buildings that merge into the surrounding countryside, will most certainly win your favour.

Day 4 Grímsey

Grimsey is the northernmost island of Iceland surging from the Arctic ocean, with the Arctic circle running through the island. Its

contrasted contours are surprising. From Grimseyjarhreppur, the island's only town located on the west coast, then heading due south, you can take in the beauty of the hillsides, lushly carpeted with moss and grass. On the rest of the coastline, imposing basalt cliffs inhabited by sea birds stand proud.

Day 5 Akureyri

The elegant city of Akureyri is located very close to the Arctic circle, tucked away in the Eyjafjorður fjord. It displays a stunning palette of colours: blue waters in the harbour, bronze mountain ash on the squares and brightly-coloured houses in the historical centre. As you walk along the cobbled streets, you will come across rows of terraces with wooden furniture. A vast stairway cut into the hillside leads up to the emblematic feature of the town, namely the Akureyrarkirkja church. The very beautiful botanical garden made possible by a microclimate offers the opportunity to discover the Icelandic flora as well as plants from all over the world.

Day 6 Isafjördur

Your ship will take you to the heart of the fjords of North-West Iceland, a wild land of lost valleys and steep cliffs, where man struggles to survive. In this very isolated region we find the Isafjorður fjord, undoubtedly one of the most beautiful in the country, mainly for its relief, forged by many very ancient basaltic flows. The town of Isafjorður, which nestles at the back of its fjord, between imposing mountains, is a delightful little town that lives exclusively from fishing. The capital of the Western fjords, its old wooden houses bear witness to its past as a major fishing port.

Days 7 - 8 Reykjavík

Iceland's capital stretches along the edge of a vast bay in the west of the country. Perlan, the "Pearl of Reykjavik", a museum located on 'Oskjuhlið hill, offers a panoramic view of the lush, green landscapes. A little further, one can easily spot the signpost showing the way to the evangelical Hallgrimskirkja church, and to the historical centre where one can stroll along the Skolavordustigur and the Laugavegur, two lively streets with charming small shops. For some relaxation just outside of the city, visitors have the opportunity to visit the Reykjanes peninsula and its famous thermal lagoons of the Blue Lagoon.
