INTRO TO SPITSBERGEN: FJORDS, GLACIERS AND WILDLIFE OF SVALBARD

This fascinating expedition provides a taste of everything Spitsbergen has to offer, starting with its largest settlement, Longyearbyen. The largest island of the Svalbard archipelago is known as the "wildlife capital of the Arctic," and on this stirring voyage, we show you why. Geared toward optimum wildlife viewing, this 10-day expedition provides ample opportunities to witness walrus, reindeer, and that most iconic of Arctic denizens, the polar bear, in their natural habitat, while marveling at the surreal experience of continuous daylight. Explore the unique Arctic landscape, hike the vast and colorful tundra, learn about the history and geology of this remote wilderness, and join us on a gripping excursion to a faraway, unforgettable land. This exciting introductory journey to the remote Norwegian island, renowned for its stunning scenery and abundant, varied wildlife, is now available on two ships, each providing a distinct polar experience. Ultramarine, our new, game-changing polar vessel, can take you to remote destinations no other ships can reach. Aboard Ultramarine, explore Spitsbergen in brand new ways--taking advantage of the 20 quick-launching Zodiacs, the most extensive adventure options in the industry, and more outdoor wildlife viewing spaces than other expedition ship its size--to create the Arctic experience perfect for you. Ocean Adventurer, a passenger favorite, is much loved for its intimate onboard ambiance that enables guests to connect with other travelers and members of the expedition team.

ITINERARY

Day 1 – Arrive in Oslo, Norway

Your Arctic voyage begins in Oslo, Norway's vibrant capital city. If you arrive early, there are many museums, restaurants and green spaces to keep you busy before retiring at your included airport hotel.

Day 2 – Embarkation Day in Longyearbyen, Svalbard

This morning, the group will transfer to the airport and board our private charter flight to Longyearbyen, Spitsbergen's largest settlement, where you'll have some time to explore before embarkation. As your ship sets sail, enjoy your first view of the island's rugged, glacier-topped mountains rising majestically from icy waters.

Days 3 to 9 – Exploring Spitsbergen

You'll cruise around this magical island on a constant search for wildlife. Your expedition will cover western Spitsbergen as well as stunning fjords and outlying islands to the north. From polar flora to immense glaciers, the natural landscape here is just as varied as the wildlife. Each expedition presents new opportunities and different weather and ice, so there is no fixed itinerary; however, some of the places we may visit include the 14th of July Glacier, Smeerenburg, Alkefjellet and the Hinlopen Strait. The destinations visited will be selected for optimum wildlife viewing with an appreciation of the history and geology of Spitsbergen. The island offers multiple opportunities for wildlife photography. Since most of Svalbard's Arctic ecosystem is uninhabited and well-protected, this remote archipelago is one of the world's best places to spot polar bears against

stunning natural backdrops of mountains and ice. The towering cliffs of Alkefjellet provide homes to thousands of Brunnich's guillemots (thick-billed murre). Coming across a walrus haul-out is a moment you won't soon forget. These giant pinnipeds of the Arctic create quite a noisy scene as each walrus vies for a choice spot of coastline. If you're itching to experience a more intimate view from the water, you can book the sea kayaking or paddling excursion adventure options. In Spitsbergen, there is no shortage of natural beauty. The tundra can be surprisingly colorful in summer, with wildflowers bursting for a taste of sunshine. Each day, you'll see something interesting, whether it is an ever-changing gallery of spectacular icebergs, a polar bear resting between hunts, or abandoned historical site from centuries ago.

Day 10 – Disembark in Longyearbyen & fly to Oslo

The time to say goodbye to your Expedition Team and shipmates has come. Your adventure ends as it began, in the historic frontier-style settlement of Longyearbyen. From here, we'll transfer you to the airport for your return group charter flight to Oslo.

Please Note:

Embracing the unexpected is part of the legacy--and excitement--of expedition travel. When traveling in extremely remote regions, your expedition staff must allow the sea, the ice and the weather to guide route and itinerary details. This itinerary is a tentative outline of what you'll experience on this voyage; please be aware that no specific itinerary can be

The 118-passenger Ocean Adventurer, (formerly the Sea Adventurer) is among the very few vessels in the world specifically constructed for expedition voyages to the remote polar regions. Her ice-strengthened hull permits her to glide easily and safely through ice-strewn waters that are not accessible to conventional cruise vessels. She has advanced communications and navigation equipment, and newly installed, state-of-the-art Sperry Gyrofin stabilizers. In 1998 the Adventurer had a \$13 million conversion done in Scandinavia. She is a handsome expedition vessel, done in the style of great ocean liners when ships were ships. With lots of varnished wood, brass, and wooden decks, the ship has all new outside cabins, with lower beds and private facilities. There is a Main Lounge, bar, Clipper Club, library/card room, gymnasium and gift shop. A multi-national staff serves American and Continental cuisine. The ship has a fleet of 10 Zodiacs and a special loading platform. An ice class rating of A-1 allows the Clipper Adventurer to go to places larger cruise ships can only dream of, and she does it in comfort and style unsurpassed by other vessels her size. Cabins: All cabins have a window with outside view. Each has private facilities. Cabins and amenities 61 outside cabins

with exterior views and private facilities. Decks 4 and 5 have exterior access, with outside seating. Window-lined dining room on Deck 4 with unreserved seating. Lounge/Presentation Room. 2 bars.
