IONIAN JEWELS GULET CRUISE

Our Ionian Jewels route focuses on the place where modern day island hopping started back in the early 1970s - the Ionian. It's a chain of islands a short sail from Athens with a huge diversity of culture ranging from well known 'party places' like Corfu to spiritual Ithaka, the birthplace of Odysseus, and some small off-the-beaten track places you might never have heard of. It's a combination of places that celebrate Greece both ancient and modern. You can choose to walk barefoot in the sands, cycle up a hill and watch the sun set into Homer's wine dark Ionian Sea, enjoy octopus and ouzo in a fisherman's taverna or party the night away in a cosmopolitan club.
