NEWFOUNDLAND AND WILD LABRADOR: A TORNGAT MOUNTAINS ADVENTURE

Take a hike in Torngat Mountains National Park Marvel at the gorgeous fjords, landscapes ablaze with autumn colours, and wonderful wildlife sighting opportunities, including the possibility of both polar and black bears. Travel to one of the least-visited coastlines in the country—the Torngats are simply unbeatable! Some of the tallest mountains in Canada east of the Rockies form the backdrop to this national park, the only one initiated and staffed entirely by Inuit. Experience the fascinating history of Battle Harbour This restored 19th-century fishing village is located on a small island in the Labrador Sea and was once the salt fish capital of the world. Step back in time and immerse yourself in the rich history as you explore the National Historic District. Walk in the footsteps of traditional fishermen and merchants, and experience life as it was in the 1800s. Hike the spectacular Tablelands at Gros Morne National Park Revel in the spectacular geology at Gros Morne National Park, where the Earth's mantle actually protrudes through the crust to form the unique mountainous formations of the Tablelands. Learn the unique natural history of Gros Morne from experienced naturalists and see the desert-like landscape dominated by peridotite, where few things can grow. Experience Inuit culture in Nain, the capital of Nunatsiavut Stop in at the historic Moravian church and learn about its history, listen to the brass band, and visit Illusuak—the stunning new cultural centre by the waterfront in Nain. Many of our expedition team members call Nain home. You'll have the opportunity to explore their community through walking tours and scenic hikes, as you create meaningful cultural connections. Seek wildlife in the icy waters of the Hudson Strait & Frobisher Bay Sail in early summer ice through

the Hudson Strait and admire the beauty of Frobisher Bay, named for bygone explorer Martin Frobisher. Stay on the lookout for wildlife, such as polar bears, seabirds, walruses, and distinct species of whales

and seals.

Point. Witness for yourself, the spectacular Tablelands, a six-hundred-metre plateau that forms one of the world's best examples of exposed mantle. Normally found below the Earth's crust, the mineral-rich rocks support very little life, making the Tablelands an eerie landscape.

Day 5: Battle Harbour

Experience Life as it was in the 1800s Experience the rugged beauty and fascinating history of Battle Harbour, Newfoundland and Labrador's hidden gem! This restored 19th-century fishing village is located on a small island in the Labrador Sea and was once the salt fish capital of the world. Step back in time and immerse yourself in the village's rich history as you explore the National Historic District, where the village has been lovingly restored to its original state. Walk in the footsteps of traditional fishermen and merchants, and experience life as it was in the 1800s.

Day 6: Labrador Coast

Explore the Southern Labrador Coast Wander the southern Labrador coast, where you'll find diverse geography of coastal barrens, high subarctic tundra, high boreal forest, mid-boreal forest, string bog, and islands. We will look for opportunities for an exciting Zodiac cruise or hike whenever possible during expedition landings in this beautiful and serene region.

Day 7: Nain

Experience Inuit Culture Visit thriving Nain, the most northerly community in Labrador and the administrative capital of Nunatsiavut. Stop in at the historic Moravian church and learn about its history, listen to the brass band, and visit Illusuak—the stunning new cultural centre by the waterfront in Nain. The cultural centre showcases the history, language, and culture of

the Inuit of Labrador and is a community gathering place. Expect a warm welcome and the opportunity to peruse plenty of arts and handicrafts at this dynamic visit. Many of our expedition team members call Nain home. You'll have the opportunity to explore their community through walking tours and scenic hikes, as you create meaningful cultural connections.

Day 8: Hebron

Ponder Poignant History Step back in time to the historical site of Hebron, which preserves a Moravian Mission station dating from the 1830s. Call in at the old church, which is where Inuit who resided here in 1959 learned they would be forced to relocate. Take a moment to read the plaque that commemorates this history and the apology to people affected by the relocations, issued by the government of Newfoundland and Labrador in 2005. Listen to the stories shared by our guides and meet former Hebron residents and their kin, who continue to visit the site to hunt and fish nearby.

Day 9-12: Torngat Mountains National Park

Inuit-guided Adventure in Torngat Mountains Spend three days exploring an area of treeless, mountainous tundra in Torngat Mountains National Park, where some of Canada's highest peaks east of the Rockies are found. Enjoy your time hiking, visiting archaeological sites, and Zodiac cruising. Here, Inuit of Nunatsiavut will be your guides in their spiritual homeland. Inuit of Nunavik and Nunatsiavut play a key role as partners in the management of Torngat Mountains National Park. Many see the park as a portal for better understanding of Inuit culture. The word Torngat is derived from the Inuttut word tongait, meaning "place of spirits," where Inuit shamans travelled to connect with higher powers. It is not hard, even for a visitor, to feel the power of the place. Also be on the lookout for marine mammals, polar

Our geologists will have you raving about rocks! Expect compelling scenery and soak up the Arctic splendour.

Day 15: Iqaluit, NU, Canada

Wave a Fond Farewell Iqaluit, at the head of Frobisher Bay, is Nunavut's capital. A population of nearly 8,000 residents call the city home.
