### NEWFOUNDLAND CIRCUMNAVIGATION CRUISE

Sail Around the Incomparable Island of Newfoundland and Discover Its Best-Kept Secrets! Set sail from St. John's around the magnificent island of Newfoundland, the jewel of maritime Canada. Explore everything Newfoundland and its surroundings have to offer the seasoned explorer - including the vibrant French territory of St. Pierre, the last remaining French territory in North America - before discovering the island's nature in tranquil Garia Bay. Discover the deep geological past of the island in Gros Morne National Park from Woody Point, and experience whaling heritage and subpolar nature on the rarely visited Labrador mainland. Step in the footsteps of legendary Norse explorer Leif Erikson and marvel at gigantic icebergs drifting past cozy Twillingate before returning to the bustling capital of St. John's. From the ancient past through to the modern day, woods to whales, Vikings to villages, Newfoundland awaits discovery.

#### ITINERARY

Day 1. All Aboard in St. John's!

Ocean Albatros awaits our guests in the bustling harbor of St. John's, Newfoundland's colorful capital. Lined with quaint multicolored houses, cozy cafes, and restaurants serving outstanding local seafood, this vibrant city is a perfect introduction to this unique Canadian island. After mandatory safety briefings and drills, settle into your stateroom and toast your departure with an expertly crafted cocktail as Ocean Albatros sets a course for the calm waters of Notre Dame Bay.

[small-cruise-ships.com](http://small-cruise-ships.com)

[info@small-cruise-ships.com](mailto:info@small-cruise-ships.com)

### Day 2: Twillingate

Sitting in the tranquil waters of Notre Dame Bay, Twillingate is the quintessential Newfoundland town. Brightly painted houses perch on rocky hillocks, boats rock gently in the bay or wait on the shoreline, and local restaurants offer expertly prepared seafood fresh off the boat. Twillingate is the ideal place to lace up your hiking boots and explore the nature of Newfoundland, expertly guided by local residents. The town is also well known for its art scene, with boutique galleries, artisan markets, and other treasures galore. Twillingate is also known as the iceberg capital of Canada - as icebergs born from the Greenland Ice Sheet drift southward, many end up here, caught in the rocky shoals of Notre Dame Bay. Keep your camera ready as we sail in and out!

### Day 3: L'Anse aux Meadows

The Norse sagas tell of Leif, son of Erik, who left his home in Greenland and found new lands to the west - a story thought fanciful until 1961, when archaeologist Anne Ingstad began excavations on the northern tip of Newfoundland. What she found proved beyond doubt that the Norse had reached the Americas centuries before Columbus. The site of L'Anse aux Meadows is today protected as a National Historic Site of Canada and a UNESCO World Heritage Site. Come ashore by Zodiac at this most groundbreaking of historical sites and walk in the footsteps of legendary Norse explorers whose legacy echoes through history.

### Day 4: Red Bay, Labrador

The province of Newfoundland and Labrador comprises the island of Newfoundland and Labrador - a vast span of coastline and fjords extending toward the Canadian Arctic. Though three times larger than Newfoundland, Labrador contains only a tenth

of its population, a testament to its tough terrain and harsh climate. Here, life has long revolved around the ocean, as it once did for the Basque whalers who were among the first Europeans to settle this remote and beautiful land. Come ashore at the charming hamlet of Red Bay, explore the Labrador wilderness on foot, and learn from knowledgeable local guides about this fascinating period of Canada's history.

### Day 5: Woody Point

The small village of Woody Point sits in an enviable location, occupying the calm waters of Bonne Bay, a deep fjord shrouded in lush forest. The town thrives on tourism and offers a warm Canadian welcome to all visitors. Woody Point is the gateway to the famous Gros Morne National Park, one of Newfoundland's largest wilderness areas and a geological marvel. Here, a slab of Earth's oceanic crust was thrust upward during continental collisions some 450 million years ago, creating a dramatic landscape home to stunted trees and unusual plant life. Join local guides on an excursion to learn about this remarkable wilderness.

### Day 6: Garia Bay

Covering an area slightly smaller than Cuba, Newfoundland is a large island that remains home to fewer than half a million people, meaning much of the island is wild and untouched. Join your expedition team to explore a corner of this remote and beautiful wilderness and watch for seabirds, moose, or even the elusive Newfoundland black bear - keep your binoculars at the ready!

### Day 7: St. Pierre

Bienvenue and welcome to St. Pierre! This small French overseas collectivity comprises the island of St. Pierre, home to

The Small Cruise Ship Collection

the majority of the population, and the much larger island of Miquelon, home to only a few families. St. Pierre is the only French territory remaining in North America. While the landscape of stunted pines and rolling hills feels distinctly Canadian, metropolitan French is spoken in the streets, purchases are made in euros, and bottles of Bordeaux can be found in every restaurant. Join local guides to learn about life on this most unexpected of territories - a small slice of France just off the Newfoundland coast.

**Day 8: St. John's, Disembarkation**

On the final day of our voyage, Ocean Albatros returns to the bustling harbor of St. John's, the capital of Newfoundland. After a hearty breakfast and a fond farewell to the crew, officers, and expedition team, step back onto dry land with memories of one of Canada's most beautiful provinces to last a lifetime.

## YOUR SHIP: OCEAN ALBATROS

**YOUR SHIP:** Ocean Albatros

**VESSEL TYPE:**

**LENGTH:**

**PASSENGER CAPACITY:**

**BUILT/REFURBISHED:**

The Ocean Albatros will be deployed to a large selection of expedition cruise destinations, Antarctica, the Arctic, any various exciting new destinations in between. With a total of 95 comfortable staterooms and suites, all with unobstructed sea view, most with their own balcony, the Ocean Albatros will definitely become one of the most popular expedition cruise vessels in the world. Like its sistership, the Ocean Victory, it offers two restaurants, a wellness area, an Albatros Nordic Bar, an open deck dining facility, a modern lecture lounge, and other state-of-the-art amenities. The vessel will have more than a 50% lower carbon footprint than traditional expedition vessels and be one of the most environmentally friendly, implementing the Green Initiative Program, ensuring both absolute comfort and sustainability for our guests. Unlike the Ocean Victory, the Ocean Albatros will also offer a unique panorama sauna, and a total of 12 dedicated solo travel cabins without a single-supplement. The vessel belongs to the greenest generation of cruise ships in the world. Its tier 3 compliant engines give up to 80 percent less emissions and operate on significantly lower fuel consumption. BRIDGE Due to its important role as a control center for all nautical and technical

processes, the ship's bridge is a vital, sensitive place. Therefore, the bridge may not be accessible to the public at all times. Conditions permitting, we will be happy to welcome you into the bridge for a visit. Guests must be accompanied by the master or our expedition leader. STATEROOM SERVICE Your stateroom is serviced daily. We provide a turn-down service. We provide meal to room only for serious cases of guest being sick. Our suites will have VIP services. ZODIAC LANDINGS One feature of our expedition cruises includes landings and excursions aboard Ocean Albatros's fleet of 18 inflatable, motorized rubber "Zodiac" boats. The Zodiac brand has earned a well-deserved reputation as the sturdiest and safest small watercraft available. These boats have a low draft and great stability. Zodiacs are constructed for professional use and are outfitted with a top-quality outboard engine, yet their design minimally impacts the environment. The Zodiacs are designed to provide unrestricted access to the world's last great frontier. Their versatility enables us to make landfall on remote shores, cruise along awe-inspiring coastlines and share breathtakingly close encounters with whales, seals, penguins, seabirds and more. We will come within arm's reach of icebergs and set foot on land discovered by pioneering explorers just over a century ago. Your safety and comfort are our #1 priority, and your expedition leader will carefully plan for as many Zodiac excursions as possible, dependent upon the local weather and prevailing conditions. In each case, the expedition leader makes the final decision if the landing is possible or not. Safety regulations apply on landings. All guests receive a mandatory instruction of the safety guidelines. Life jackets are mandatory to wear. Please

## The Small Cruise Ship Collection

[www.small-cruise-ships.com](http://www.small-cruise-ships.com)

[small-cruise-ships.com](http://small-cruise-ships.com)

[info@small-cruise-ships.com](mailto:info@small-cruise-ships.com)

note, we highly recommend the use of waterproof bags in order to protect your personal camera or binoculars, as both hands must be free of everything during boarding. Participation is fairly easy and comfortable for able-bodied guests but can be more challenging for those with physical handicaps. **GRATUITIES** Following international standards in the service industry, it is customary to leave gratuity for the ship's crew at the end of the voyage. All gratuities will be divided among the crew. Typically, a recommended amount is approximately 13.5 USD per person per day. Gratuity is, of course, not required and any gratuity payments are voluntary. **DRESS CODE** The dress code on board is casual. Ties, jackets and evening dresses you may leave at home. It is rather more important to wear the right clothes in order to adapt to the different weather conditions. We recommend comfortable, breathable, waterproof and windproof clothing. Also, you should have a pair of gloves, thermal underwear and sturdy footwear in your luggage. For the captains and farewell cocktail, we recommend a smart casual dress style. **INTERNET / PHONE** Keep in mind, we will be cruising in a very remote region of the world. Where accessible, internet access is available for an extra charge. Mobile phone reception may be possible in select regions along our route. For further details please contact your mobile phone operator. Prices can be found in the information folder in your state room. Please ensure that your 'Data Roaming' function is switched off. **RECEPTION** The daily office hours of the board reception are from 06:00 until 23:00. **ALBATROS OCEAN SHOP** The selection of items available for purchase varies by ship, and may include a range of warm and practical clothing, as well as souvenirs, local arts and postcards at reasonable prices. A small selection of soap, toothpaste and other personal effects are also sold. **HEALTH / MEDICAL EMERGENCY** Each of our vessels has a small medical

facility equipped with the necessary equipment and medicine to handle small emergencies. The infirmary is always staffed by a professionally licensed, English-speaking physician and nurse. Should a serious incident occur, the nearest hospital will be contacted. All guests must have personal travel/health insurance. Although we do not have an official requirement regarding personal fitness, you should be able to move on board and ashore without the help of others. Please be aware that the ship does not provide wheelchair accessible state rooms. Due to safety reasons a cruise is only possible for pregnant women until the 24th week of pregnancy. The state of pregnancy must be presented by a medical certificate. **PHYSICAL DISABILITIES / WHEELCHAIR ACCESSIBILITY** Guests with physical disabilities are recommended to travel with an accompanying person. The processes on board should be handled without external help. The gangway can be - depending on the individual disability - a challenge. The angle of inclination of the gangway varies due to tide and different circumstances in the respective port. Please note that the guest's participation in shore excursions as well as the (dis-)embarkation by Zodiac can be denied by the expedition leader due to security reasons. The instructions of the expedition leader must be followed. The ship is not suitable for wheelchairs. **SEASICKNESS / STABILISATORS** The ship is equipped with stabilizers in order to reduce the ship's roll. However, these expeditions are hosted in remote regions, and it is possible to periodically encounter changing environments and climate patterns, including rough seas and large swells. Seasickness patches (Scopoderm or similar) work solely or in part to help cure nausea for most people. These medicines can cause sleepiness. If you are prone to motion sickness, consult with your doctor prior to departure to help ensure your comfort while travelling. **SPECIAL DIETARY REQUESTS** All meals on board

The Small Cruise Ship Collection  
[www.small-cruise-ships.com](http://www.small-cruise-ships.com)

01432 507 280 (within UK)

[info@small-cruise-ships.com](mailto:info@small-cruise-ships.com) | [small-cruise-ships.com](http://small-cruise-ships.com)

the vessel is chef-prepared. If you have special dietary requirements (food allergies, intolerances, health conditions or religious preferences), please inform us as early as possible - ideally, no later than 2 weeks before departure. In order to ensure efficient service, please re-confirm your requirements with the crew upon boarding the ship. LAUNDRY If you wish to have some laundry done while aboard the ship, laundry service is available for an

additional fee.
