OCEAN VOYAGE: HELSINKI - SAINT-PIERRE AND MIQUELON 12 DAYS IN LUXURY

PONANT invites you to spend several days aboard Le Commandant Charcot, the first hybrid electric polar exploration ship, enjoying an immersive interlude during an Ocean Voyage. Leaving from Helsinki, you will set sail north for a twelve-day voyage, without ports of call, to Saint Pierre and Miquelon. The sea exercises an undeniable power of attraction. Infinite time and space take on their full meaning in the heart of the elements, inviting you to humbly enter the here and now. As lovers of the sea, experienced observers and curious explorers of the planet, you can make the most of this rare opportunity and, alongside those who bring the ship to life, discover the soul of Le Commandant Charcot, which is fitted out for polar exploration. During this voyage with the ocean as the horizon, you will share an on-board experience that follows the pace of the ship and its crew. You will feel the majesty and the power of this ship, whose design is a genuine technological achievement. Alongside the naturalists who will share their knowledge of the polar regions with you, you will understand the challenges of scientific knowledge and gain awareness about the actions of the company, which is committed to preserving biodiversity. Following in the wake of Commandant Cousteau, we are convinced that people only really protect what they know. The interior design, entrusted to the architects Jean-Michel Wilmotte and Jean-Philippe Nuel, provides a precious cocoon in which it feels good to warm up and take shelter so as to get more out of the exterior. Noble materials, soft tones, subdued lighting, refined decoration. The gastronomy symbolises French-style luxury and will offer you fine epicurean escapades, thanks to the menus imagined by Michelin-starred chef Alain Ducasse and the

signature dishes served in his restaurants. Let yourself be tempted by a dip in the Blue Lagoon while you enjoy the light over the sea. The indoor pool, the gym and the fitness classes, the Biologique Recherche spa, with its treatment rooms, massages and sauna, the snow room and the hair salon will also allow you to unwind without a care in the world. Enjoy this crossing aboard Le Commandant Charcot, like a prelude to the infinite possibilities of knowledge and openness to the world that it promises, between a conscious adventure and new

explorations.

ITINERARY

Day 1 HELSINKI

Seated in the southern peninsula of Finland, Helsinki offers the buzz of a cosmopolitan city that has opted for both elegance and beauty. Explore its historical centre where the soft hues of neoclassical buildings are juxtaposed with spectacular modern constructions. The bustling Kallio district is teeming with boutiques and restaurants where you can taste some local specialities like graavilohi - a sweet, marinated, aromatic salmon dish. Keskuspuisto park, a stone's throw from the centre, is a good place to sit and unwind.

Days 2 - 11 AT SEA ABOARD LE COMMANDANT CHARCOT

is fitted with oceanographic and scientific equipment selected by a committee of experts. Take advantage of the on-board lectures and opportunities for discussion with these specialists to learn more about the poles. Participate in furthering scientific research with PONANT and let us discover together what these fascinating destinations have yet to reveal to us.

Day 12 SAINT PIERRE ISLAND, SAINT PIERRE AND MIQUELON

Off the Canadian coast, discover Saint Pierre Island, one of the two main islands of the Saint Pierre and Miquelon archipelago, the only French territory in North America. Endowed with a natural harbour, the island, whose name is a reference to the patron saint of fishermen, developed around the fishing industry and still has many traces of its past today. Whale hunting, cod fishing, alcohol smuggling during the Prohibition: all of these memories are still very much alive in the capital, Saint-Pierre. The island is also renowned for the observation of exceptional fauna including, among others, whales, fin whales, dolphins, seals, puffins and petrels.
