PAPUA NEW GUINEA: A CIRCUMNAVIGATION OF NEW BRITAIN

Welcome to your New Britain circumnavigation--where active volcanoes meet ancient traditions, and every day reveals dramatic contrasts between pristine wilderness and living history. Over the next 11 nights, you'll circumnavigate one of the Pacific's most geologically active islands, exploring environments shaped by fire and water. This isn't geological sightseeing--you'll snorkel vibrant coral reefs within the Coral Triangle, walk through WWII tunnel systems carved by Japanese forces, and witness secretive Tolai masked ceremonies under volcanic peaks that still steam and rumble today. Each morning brings new adventures as we navigate between pristine beaches and historically significant battle sites. You'll explore the collapsed rim of Garove Island's spectacular volcanic caldera, swim among the world's most biodiverse coral reefs in Kimbe Bay and participate in traditional village ceremonies where Methodist missionaries established their first Pacific mission in 1875. From tracking through rainforest to hidden waterfalls in remote Jacquinot Bay to exploring Rabaul's ash-covered streets where volcanic eruptions reshaped entire communities, every experience connects you with both natural forces and human resilience. Our small expedition community of just 30 guests means intimate encounters with environments and communities that remain largely unchanged, whether you're snorkeling pristine reefs or sharing stories with villagers whose lives revolve around volcanic overlords. This is expedition travel where geology meets culture: engaging, educational, and utterly fascinating. Your Ring of Fire adventure begins the moment we cast off from Madang.
