POLAR ODYSSEY BETWEEN NORTHEAST GREENLAND & SPITSBERGEN LUXURY CRUISE

With the exceptional presence of Alastair McLeod, a unique gastronomic journey, a celebration of flavors and culinary delights. With the presence of Santiago Ramirez Said, colombian photo ambassador. PONANT invites you to experience the exceptional by discovering the east coast of Greenland and following the ice to the majestic lands of Spitsbergen during a 17-day cruise. In the footsteps of the great explorers and Norwegian trappers, plunge into the history of these remote territories, during a period of extreme conditions when the ice still envelops the wild and deserted landscape. Thanks to Le Commandant Charcot, the first hybrid electric polar exploration ship, you will brave the elements, to reach Greenland and the Scoresby Sound region. In the heart of this hostile yet sublime world of ice, you will navigate in the wake of Jean-Baptiste Charcot, who was deeply connected to the Inuit land, where vestiges of his passage remain. The sumptuous decor is made up of snow-topped peaks and majestic fjords, icebergs of poetic shapes, and ice as far as the eye can see. You will then set sail towards the Northeast Greenland National Park, the largest national park in the world and a UNESCO Biosphere Reserve: here, the trappers' cabins are lost in the immensity of the magically coloured alpine landscapes and the impressive glaciers. You will go where few have had the chance, to the sites of the Arctic tales written by Jorn Riel. This immense territory, which represents almost 45% of the total area of Greenland, is home to the King Oscar Fjord and Kaiser Franz Joseph Fjord, where the bare ochre cliffs disappear into the boreal sea. Polar bears and musk oxen live in these distant lands and you may be lucky enough to spot them

on the horizon. Follow the ice and cross the Greenland Sea to reach the Nordvest-Spitsbergen National Park much further north. Former whalers, once settled on the sites that are now home to the graves of many sailors, have made way for various species of cetaceans and walruses, which have recolonised their lands. We are privileged guests in these extreme lands where we are at the mercy of weather and ice conditions. Our navigation, mainly in the fjords, will be determined by the type of ice we come across; as the fast ice must be preserved, we will take this factor into account from day to day in our itineraries. The sailing programme, outings, activities and observation of fauna cannot be guaranteed and are subject to weather and ice conditions. The experiences are unique and vary from day to day and for each departure. The Captain and the Expedition Leader will make every effort to ensure that your experience is as rich as possible, while respecting safety instructions and regulations imposed by

Spend exceptional moments sailing aboard Le Commandant Charcot, the world's first luxury polar exploration vessel and the first PC2-class polar cruise ship capable of sailing into the very heart of the ice, on seas and oceans which the frozen conditions render inaccessible to ordinary ships. Le Commandant Charcot is fitted with oceanographic and scientific equipment selected by a committee of experts. Take advantage of the on-board lectures and opportunities for discussion with these specialists to learn more about the poles. Participate in furthering scientific research with PONANT and let us discover together what these fascinating destinations have yet to reveal to us.

Day 3 - Exploration of Ittoqqortoormiit

On the East coast of Greenland, in the Ittoqqortoormiit region that is covered with snow and ice for nine months of the year, you will have the rare opportunity of immersing yourself in the heart of an isolated territory and exploring the beauty of its infinite polar whiteness. The high alpine mountains punctuate the sky and gradually reveal their dark rock edges beneath a coat of snow. Located at the entrance to the longest system of fjords in the world, sits the village of Ittoqqortoormiit, one of the northernmost inhabited places on the East coast. Its name means 'great house' in Greenlandic and it is home to the last hunters of the polar region, whose ancestral way of life you will encounter. As soon as the thickness of the ice floe allows it, the hunters set out on the trail of walrus, seals, narwhals, musk oxen and polar bears, travelling by traditional dog sleds. On these expanses of immaculate snow, the silence is broken only by the sounds of the dogs, the grating of a sled coming back from a run or of footsteps on the ice. You will discover Inuit traditions through privileged and festive moments on the ice floe and in the village.

the AECO._

ITINERARY

Day 1 - Reykjavík

Iceland's capital stretches along the edge of a vast bay in the west of the country. Perlan, the "Pearl of Reykjavik", a museum located on 'Oskjuhlíð hill, offers a panoramic view of the lush, green landscapes. A little further, one can easily spot the signpost showing the way to the evangelical Hallgrímskirkja church, and to the historical centre where one can stroll along the Skólavordustígur and the Laugavegur, two lively streets with charming small shops. For some relaxation just outside of the city, visitors have the opportunity to visit the Reykjanes peninsula and its famous thermal lagoons of the Blue Lagoon.

Day 2 - At sea aboard Le Commandant Charcot

Day 4 - Scoresby Sound

Covering an area of 13,700 km² (5,290 mi²), **Scoresby Sound** is the largest and deepest fjord system in the world. Named after the explorer and whale hunter William Scoresby, who mapped the region in 1822, it opens onto the Greenland Sea to the north of the **Blosseville Coast**. This wild and desert region offers untouched panoramas of infinite beauty, with high snow-capped peaks rising tall alongside icebergs immersed in clear, blue-tinged waters. Discovering these stunning places in the wake of great explorers like **Captain Charcot**, who was deeply attached to the land of the Inuit, inspires a profound reverence.

Day 5 - Scoresby Sound

Covering an area of 13,700 km² (5,290 mi²), **Scoresby Sound** is the largest and deepest fjord system in the world. Named after the explorer and whale hunter William Scoresby, who mapped the region in 1822, it opens onto the Greenland Sea to the north of the **Blosseville Coast**. This wild and desert region offers untouched panoramas of infinite beauty, with high snow-capped peaks rising tall alongside icebergs immersed in clear, blue-tinged waters. Discovering these stunning places in the wake of great explorers like **Captain Charcot**, who was deeply attached to the land of the Inuit, inspires a profound reverence.

Day 6 - Scoresby Sound

Covering an area of 13,700 km² (5,290 mi²), **Scoresby Sound** is the largest and deepest fjord system in the world. Named after the explorer and whale hunter William Scoresby, who mapped the region in 1822, it opens onto the Greenland Sea to the north of the **Blosseville Coast**. This wild and desert region offers untouched panoramas of infinite beauty,

with high snow-capped peaks rising tall alongside icebergs immersed in clear, blue-tinged waters. Discovering these stunning places in the wake of great explorers like **Captain Charcot**, who was deeply attached to the land of the Inuit, inspires a profound reverence.

Day 7 - Navigating through the sea ice

Enjoy the absolutely unique experience of sailing to the heart of the ice floe, this vast expanse of virgin, immaculate ice. The landscapes are constantly changing, shifting from a smooth, flat wilderness to a chaos of ice, then to channels of open water. Your ship will sail along these naturally open channels and through the areas where the frozen layer is thinnest, offering you the chance to experience magic maritime moments in the midst of drifting sea ice. It will also often be an opportunity to see a particular kind of fauna, totally dependent on the ice floe.

Day 8 - Northeast Greenland National Park

With a craggy coastline formed by gigantic fjords, magnificent alpine mountains looming over them, the shores of north-east Greenland offer breathtaking landscapes and are home to the largest national park in the world. Covering an area of around one million square kilometres, almost half the island, the North-East Greenland National Park, a UNESCO Biosphere Reserve, is a particularly isolated region. Cut off for many months of the year by the ice floe, it is renowned for its pristine nature and rich wildlife.

Day 9 - Exploration of Northeast Greenland National Park

With a craggy coastline formed by **gigantic fjords**, magnificent **alpine mountains** looming over them, the shores of north-east Greenland offer breathtaking landscapes and are home to the largest national park in the world. Covering

It will also often be an opportunity to see a particular kind of fauna, totally dependent on the ice floe.

Day 14 - North-West region of Spitsbergen

A kingdom of contrasts and natural marvels dotted with islands and peninsulas, northwest Spitsbergen fascinates with its preserved beauty. On these pristine lands, infinity unveils itself, treating the eyes to beauty sculpted by nature and enhanced by the changing light. The fjords bathed by icy waters, the jagged mountains and the imposing glaciers stand majestically before you, like monumental sculptures. In these lands, where souls are filled with deep serenity, only the murmur of broken ice, bearing mysteries and legends, disturbs the calmness. Aboard our Zodiacs and in the company of naturalist-guides, get as close as possible to this unique fauna and discover this centre for scientific expedition departures. In the distance, majestic whales glide silently through the glacial waters, whereas seals,

walrus and Arctic foxes add a playful touch of life. As Svalbard reindeer wander the vast expanses, Arctic terns liven up the polar sky with their gracious flight and polar bears, which you may be lucky enough to see, patrol magnificently along the icy shores.

Day 15 - Longyearbyen, Spitsbergen

Longyearbyen is the capital of the Norwegian **Svalbard** archipelago, located on **Svalbard's** main island, and is the northernmost territorial capital on the planet. With winter temperatures dropping to below 40°C, the landscapes of this mining town are simply breathtaking. The glaciers, the mountains stretching as far as the eye can see and the untouched nature, make you feel like you're in completely unexplored territory.

Day 16 - At sea aboard Le Commandant Charcot

Spend exceptional moments sailing aboard Le Commandant Charcot, the world's first luxury polar exploration vessel and the first PC2-class polar cruise ship capable of sailing into the very heart of the ice, on seas and oceans which the frozen conditions render inaccessible to ordinary ships. Take advantage of the on-board lectures and opportunities for discussion with these specialists to learn more about the poles. Participate in furthering scientific research with PONANT and let us discover together what these fascinating destinations have yet to reveal to us.

Day 17 - Tromsø

In the north of the Arctic circle you'll discover **Tromsø**, a secluded town located in the county of Troms. Norwegians call it the "Paris of the north". You'll soon see why when you discover

its extensive neoclassical architectural heritage. A stunning example is the **Arctic cathedral**, a major monument whose stylistic purity echoes the outline of the mountains surrounding the town.

YOUR SHIP: LE COMMANDANT-CHARCOT

YOUR SHIP: Le Commandant-Charcot

VESSEL TYPE:

LENGTH:

PASSENGER CAPACITY:

BUILT/REFURBISHED:

With its hybrid propulsion combining liquefied natural gas (LNG) and electric generators, Le Commandant-Charcot has been designed to minimise the environmental impact of travel to the furthest latitudes. The decoration of the ship, designed by two internationally renowned design and architecture firms - the studio of Jean-Philippe Nuel and Wilmotte & Associes - is designed to be in harmony with the environment. The approach is contemporary with the desire to create a warm and elegant setting; stone, wood and leather recall the natural environment in which the ship is sailing. Equipped with just 135 staterooms including 31 suites with balconies and outside views, Le Commandant-Charcot welcomes you in an intimate and refined atmosphere. Outstanding gastronomy in the two restaurants, relaxation in the indoor pool surrounded by its winter garden, relaxation in the well-being area with sauna and Snow Room... Like on a private yacht, each of our guests is unique. PUBLIC AREAS Le Commandant-Charcot has many common areas that are designed and equipped to meet all of your needs while preserving the intimacy of each passenger. A 177 m² reception area includes: A reception/concierge desk, An expeditions desk, The ship's administrative services, The sales office, manned by

our Hospitality & Travel Manager officer, Our boutique which sells clothing, jewellery, beauty products, postcards and various accessories, The image & photo desk. The different lounges include a 302 m² main lounge including a 28 m² cigar lounge, a tea corner and a bar, with live music on selected evenings, A 400 m² panoramic bar and lounge, An open-air Bar. The recreation spaces Fitness & Beauty Corner: Fitness room: Elliptic, running machines, bicycles... Beauty Corner: Hairdresser, Massage rooms, Sauna, Snow Room, Nail Shop. Pool area: Indoor Pool and winter garden - Outdoor Pool Theatre: Capacity: 270-276 - Main show room for conferences and live entertainment on selected evenings - State-of-the-art audio and video technology. Leisure area: Public areas - Library - Medical centre. 16
