Our English speaking guide will do morning Split City tour, and walk us through historical Diocletian's Palace. Split is the second largest urban centre in Croatia and the seat of the Split and Dalmatia County. It is traditionally considered to be over 1,700 years old. Since 1979 the historic centre of Split has been inscribed on the UNESCO World Heritage Site List. The historical and cultural buildings are located inside the walls of the Diocletian's Palace. At 12:00 we will start our cruise to Omiš, ancient town with city walls, fortresses and stone churches located at the delta of Cetina River with its wonderful beaches. In the past Omiš was for centuries a symbol of retaliation, courage and strength of the famous pirates against Venetian Republic. Lunch will be given while we cruise there with swim stop. After Omiš we will cruise across the Brač channel to continue towards Pušća, the biggest village on the island of Brač. Nowhere in the system of towns and villages in Dalmatia does terrain play such a compelling role as in Pušća with its spectacular irregularity of the steep-sided natural harbour, its authentic Mediterranean architecture and rustic ambience; the fjord like inlet meets three narrow valleys that descend from the hills to join those quiet and beautiful waters. Pušća Quarry was exploited in the Antiquity; the reopening of the quarry took place in 1455, unused since Roman times. It was from this quarry that stone was excavated to build limestone columns of the White House in Washington DC, The Parliament house in Vienna and many other famous buildings all over the world. The only Stonemasonry school in Croatia is located in Pušća where students carve sculptures from Brač limestone with traditional and unconventional tools that have been used here for centuries. We will spend night in this very quiet small town.

Nightfall unifies the diverse features of Pušća that have intrigued us by daylight. Overnight in Pušća, (B,L)

### DAY 3. MONDAY PUŠĆA - BOL - HVAR

We start our day with morning departure towards Bol, said to have the best beach for swimming in Croatia named Zlatni Rat. (Golden cape). We will stop in Bol and enjoy this nice Dalmatian town for a walk, or to have a cup of coffee and take a swim till lunch is served on board. After lunch we will continue cruising towards the sunniest island of Croatia - the island of Hvar, along of the many coves and bays on the way. Hvar is one of the most popular, very attractive tourist destinations and a meeting point for the international jet set. Upon your evening arrival at Hvar, a local English speaking guide will walk you throughout the town introducing you to the history, culture and way of life on this island and explain how lavender was traditionally farmed on the Island of Hvar for centuries. Have an evening in Hvar free on your own to explore and dine around in one of numerous family owned restaurants. Overnight in Hvar Historical Town, (B,L)

### DAY 4. TUESDAY HVAR-BIŠEVO BLUE CAVE - VIS

We start our day with morning cruise towards Island Biševo with its Blue cave. The cave has its own natural entrance which is located below sea level, which required that its visitors dive deeply only to resurface into the cave's mysterious blue depths. This natural phenomenon creates a magical effect of deep blue and shiny silver, mystifying her visitors. However, sometimes High Waves prevent the entrance to Blue Cave, which is something we shall not know before the morning designated for

our visit, and this is a reason why entrance fees should be paid on the spot - if we have luck to visit it! We will dock in Vis. Lunch.
