## SCOTTISH ISLAND ODYSSEY ABOARD ISLAND SKY

Join us aboard the 118 passenger MS Island Sky for this wonderful journey around Scotland's magnificent coastline, an indented landscape of enormous natural splendour with offshore islands forming stepping stones into the Atlantic. If you have always had a hankering to visit some of the remotest and most inaccessible islands in Scotland, this is the ideal opportunity. Few cruise ships offer the chance to explore in-depth the islands off the northern coast of Scotland and this unique itinerary ventures far north to the Orkney and Shetland Islands as well as the magical Hebridean islands. We will visit both inhabited and uninhabited islands and places of great natural beauty rich in birdlife, wildlife and mystical history, many with a long history dating back to the Iron Age. Such a trip would be almost impossible to arrange independently but with the aid of our nimble Zodiac craft, and in the company of our naturalists and local guides, we will explore the most remote islands that surround the Scottish Coast such as the Shiant Islands and St Kilda, land on remote beaches and cruise close to shorelines and cliffs dotted with birdlife. We will witness vibrant colours, explore deserted villages and learn of the history and ancient culture of unique island life. Whether your interest lies in the natural world, history or bird watching or simply being there to witness the timeless beauty of the islands, this trip will lift the spirits and gladden the heart.

This morning we anchor off the remote island of Fair Isle. Located midway between the Shetland and Orkney Islands, the tiny population of sixty or so islanders always extend us a warm welcome. Enjoy a walk across the island searching out the puffin slopes, visit the community hall for a cup of tea or maybe purchase some of the famous knitwear. Return to the ship for lunch and this afternoon we hope to sail around Noss Head. Here the cliffs will be full of nesting gannets, guillemots and fulmars whilst we may also see skuas in the skies above. This evening we moor overnight in Lerwick

### Day 3 Lerwick.

From the Shetland capital, we will visit the remarkable archaeological site of Jarlshof. The site was uncovered by a violent storm in the winter of 1896/7, revealing an extraordinary settlement site embracing at least 5000 years of human history. The site contains a remarkable sequence of stone structures – late Neolithic houses, a Bronze Age village, an Iron-Age broch and wheelhouses, several Norse longhouse, a Medieval farmstead and the 16th century laird's house. Return to the ship for lunch and enjoy a free afternoon to explore this historic port. Tonight we will be entertained by local musicians.

### Day 4 Westray & Papa Westray, Orkney Islands.

During our day in the Orkney Islands we will explore two of the islands to the north of the mainland. On Westray we will visit Noup Head, an RSPB reserve on the sea cliffs and Notland Castle, an incomplete fortress built in the 16th century by Gilbert Balfour, Master of the Royal Household to Mary Queen of Scots, Sheriff of Orkney. Meanwhile in the main village of Pierowall we find the Westray Heritage Centre housing Neolithic carvings. Over lunch we sail the short distance to Papa Westray where there will be the opportunity for a number of island walks.

You can also visit the 3500-year-old Knap of Howar, a Neolithic farm building that claims to be the oldest standing house in Europe and the 12th century St Boniface Kirk. In the north of the island is the North Hill Reserve, home to Arctic terns and skuas and also the extremely rare Scottish primrose. In the early evening we will meet at the Papay pub for a well-deserved pre-dinner drink.

### Day 5 Isle of Lewis & Shiant Islands, Outer Hebrides.

Arrive today on the Isle of Lewis. On leaving the island capital of Stornoway, we will head across the island to the beautiful west coast. Described as Scotland's Stonehenge, the Callanish Standing Stones date from around 3000 BC. There are a total of 32 stones in a circular and avenue design. The stones stand like a petrified forest on the flat top of a peninsula which reaches out into East Loch Roag. We also visit the Dun Carloway Pictish Broch, probably built sometime in the last century BC, it would have served as an occasionally defensible residence for an extended family complete with accommodation for animals at ground floor level. Our final stop is the Gearrannan Blackhouse Village, a reconstructed settlement of traditional black houses which were made using dry stone masonry and have thatched roofs, distinctively weighted down with rocks. Visit the small museum, enjoy a display of a typical crofting activity such as weaving and take in the views of this dramatic site on the wild Atlantic coast. This afternoon we will board the Zodiacs for a cruise around the spectacular basalt cliffs of the Shiant Islands, a group of little islands located a few miles off the shores of Lewis. This is an excellent place to spot puffins, razorbills, guillemots, seals and hopefully white-tailed eagles.

### Day 6 Inverewe & Handa.

This morning we will visit one of Scotland's premier gardens, Inverewe. This botanical garden in the northwest Highlands presents an amazing collection of exotic trees and shrubs that are sheltered by well-positioned windbreaks of native pine. After a guided tour of the gardens, we will return to the MS Island Sky for lunch as we sail to Handa. Here we will use our Zodiacs to explore the magnificent sea cliffs of Torridonian sandstone which rise from the Atlantic. The island comes alive each summer when nearly 100,000 seabirds gather to breed including internationally important numbers of guillemot, razorbill, puffins and great skua.

### Day 7 St Kilda & Stac Lee.

Arrive over breakfast at St Kilda, a remarkable uninhabited archipelago some fifty miles beyond the Outer Hebrides. Dominated by the highest cliffs and sea stacks in Britain, Hirta, St Kilda's main island was occupied on and off for at least two thousand years, with the last 36 Gaelic speaking inhabitants evacuated at their own request in 1930. Immediately after the evacuation, the island was bought by the Marquess of Bute to protect the island's thousands of seabirds including puffin and fulmars, and in 1957 it was bequeathed to The National Trust for Scotland. St Kilda is one of only a few UNESCO World Heritage Sites with dual status reflecting its natural and cultural significance. The local ranger will join us on board before our expedition staff lead a number of guided walks on the island. This afternoon we will cruise past two of the largest gannetries in the world at Stac Lee and Stac an Armin. These impressive stacs rise 170 metres from the sea and are home to up to 60,000 breeding pairs of northern gannet.

### Day 8 Loch Scavaig, Isle of Skye.

Spend the morning at sea as we return to the Inner Hebrides and the Isle of Skye. Arrive in the early afternoon at the lovely Loch Scavaig. Just beyond is the freshwater Loch Corruisk with its breathtakingly beautiful view over the Cuillins. This is great walking country, but for those who prefer a less energetic afternoon our Zodiacs will explore the coast looking out for seals.

### Day 9 Staffa & Lunga, Inner Hebrides.

Awake this morning at Staffa, the south side where the perpendicular rock face features an imposing series of black basalt columns, known as the Colonnade, which has been cut by the sea into cathedralesque caverns, most notably Fingal's Cave. Weather permitting, we will use our Zodiacs to explore closer. We continue to the Treshnish Isles, an archipelago of Noup Head, Westray Lunga Inverewe Gardens uninhabited volcanic islets. The island of Lunga is the largest of the Treshnish Isles in Argyll and Bute. Of volcanic origin, Lunga has been described as 'a green jewel in a peacock sea' and is a summer nesting-place for hundreds of seabirds.

### Day 10 Iona & Colonsay.

Iona has been occupied for thousands of years and has been a place of pilgrimage and Christian worship for several centuries. It was to this flat, Hebridean island that St Columba fled from Ireland in 563 and established a monastery. Here his followers were responsible for the conversion of much of pagan Scotland and Northern England. No less than 62 Scottish Kings are buried in the Abbey. Visit the Abbey or perhaps walk along the white sandy beaches or go in search of the corncrake amongst the irises. Spend the afternoon exploring the island of Colonsay, with her craggy, heather-clad hills and sparse woodland yet impressive array of plants and birdlife. Near Colonsay House,

built in 1722 by Malcolm MacNeil and bought by Lord Strathcona in 1904, we will visit the attractively dilapidated woodland gardens which protect the tiny, enigmatic 8th century St Oran's Cross.

### Day 11 Troon.

Disembark this morning after breakfast. Transfers will be provided to Glasgow International Airport and Glasgow Central Railway Station at a fixed time.

## YOUR SHIP: ISLAND SKY

**YOUR SHIP:** Island Sky

**VESSEL TYPE:**

**LENGTH:**

**PASSENGER CAPACITY:**

**BUILT/REFURBISHED:**

With a maximum passenger capacity of only 116, a vessel of her size is capable of carrying many more but instead the MS Island Sky has the benefit of unusually large suites, luxuriously appointed public areas and spacious outside decks. There is a high ratio of crew to passengers- the friendly crew of 75 crew and Scandinavian captains are experienced mariners, having been in service aboard large 2000 plus passenger vessels and who now prefer a less frantic life aboard a small ship. If, like them and us, you prefer a more peaceful life at sea, you will find the MS Island Sky the perfect ship. When choosing the vessel for your next voyage of discovery, you can select a ship with endless entertainment and impersonal service or come with us where peace, high quality service and attention to detail are the order of the day. We promise there will be no organised entertainment, fancy dress, deck games or any of the usual big ship experiences. The atmosphere on board is more akin to a private yacht or country hotel. A little music in the lounge or bar after dinner, guest speakers, informative port briefings from our cruise director and of course good food which may be enjoyed leisurely in the attractive dining room. After a day ashore you will return to the comfort and peace of a well run and exceedingly

comfortable ship. Your Suite Onboard there are 57 exceptionally spacious and well designed suites. All feature a sitting room area and some have private balconies. The feeling of luxury is enhanced by the wood panelling and brass, which predominates throughout the vessel conveying the atmosphere of a private yacht. The passenger accommodation is arranged over five decks and all suites have outside views. Each affords considerable comfort with en-suite bathroom featuring marble-topped vanity unit with sink and walk-in shower, large wardrobes, dressing table with large mirror and stool and excellent storage. There is a mini-fridge, flat screen television with inbuilt DVD player which can also play CDs and a telephone in each suite. Bottled water, towelling dressing gowns and slippers are also provided for your comfort. Other facilities include a programmable electronic safe, hairdryer, assorted toiletries and individually controlled air-conditioning and heating. The suites on each deck have their own colour theme. Soft hues and blended tones enhance the traditional maritime style making the passenger accommodation an inviting and relaxing place to be. Your Space The spacious and finely decorated public rooms include a large lounge where daily briefings and talks will be provided throughout the voyage and an elegant bar where a pianist plays periodically throughout the day. The bar also features a 24-hour tea and coffee station. The onboard library is the perfect place to relax with a book and is stocked with reference books pertaining to the places the vessel is visiting along with a selection of games and two computers with internet access. Daily newspapers and magazines are also placed in the library depending on local availability. There is

also WI-FI access throughout the vessel. Outside there is a rear sun deck where meals are served in warm weather under shade, a bar and comfortable deck furniture for sun bathing or relaxing with a book. On the top deck there is a Jacuzzi and further observation and sun deck. There is also a small hairdressers on board with appointments made on request. Your Dining Another benefit of a small ship is the quality of the cuisine. With only one sitting and a maximum of just over 100 passengers, the galley is able to provide delicious meals. Where possible and when it meets his high standards, the chef will obtain local produce in markets or buy the catch of the day from a passing fishing boat. Such purchases enhance the well stocked larders and bring a local touch to the

varied menus.
