

SOUTH GEORGIA AND ANTARCTIC PENINSULA: PENGUIN SAFARI

Our South Georgia and Antarctica: Penguin Safari itinerary is the fastest way to get to the seldom visited South Georgia Island while also setting foot on the 7th continent. As we set sail, photograph massive albatross and beautiful pintado petrels as they swoop and soar around the ship, guiding us toward South Georgia. Beaches teeming with king penguins and elephant seals greet us on this fabled island, where we'll pay our respects to famed explorer Sir Ernest Shackleton. Antarctica awaits, with its soaring peaks and staggering expanse. Go further into the Antarctic sea on a Zodiac, experience the rugged peninsula from a sea kayak, undertake an exhilarating hike up a sparkling glacier, or share an endearingly comical moment with an inquisitive gentoo, chinstrap and Adelie penguin. In these ways and countless others, Antarctica will amaze, surprise and delight. Starting in 2021, this itinerary allows you to the opportunity to experience our pioneering new vessel, Ultramarine. This purpose-built vessel is designed to extend the boundaries of polar exploration and offer an unmatched Antarctic experience, including a flightseeing tour you'll never forget and a range of adventure options more extensive than any other ship in its class. _Some departures may have slightly modified itineraries. Please confirm the itinerary with an Expedition Specialist._

ITINERARY

Day 1 - Arrive in Ushuaia, Argentina

You will begin your journey in Ushuaia, a small but bustling port at the tip of South America. It's the ideal gateway for you to explore the southern extent of Patagonia while preparing for your adventure ahead. Get active in the mountains or enjoy handcrafted chocolate at a café in town.

Day 2 - Embark

Embarkation will occur in the late afternoon, after which your vessel will sail down the historic Beagle Channel, which transects the Tierra del Fuego archipelago in the extreme south of South America. Expect an air of anticipation as you depart!

Days 3 to 6 - At Sea

There are many activities to keep you engaged while you are at sea. Learn to identify seabirds that glide alongside the ship, or attend dynamic presentations by your Expedition Team. You will be prepped on safety procedures for Zodiac cruises and shore landings, and also be given instructions for getting the most out of your optional sea kayaking adventures (extra cost), a truly intimate way to experience Antarctica.If conditions are right, the first indication that you are approaching South Georgia is the sight of birds around a group of rocky spires called Shag Rocks. Have your binoculars and cameras ready to capture these rocky spires rising out of the icy ocean waters. Shags and prions often rest here, and due to nutrient rich upwellings around the rocks it can be a good place to keep a lookout for whales.

Days 7 to 9 - South Georgia

After enjoying South Georgia from a distance, we'll head toward its numerous beaches to find a bay for your first excursion. Landing sites are varied, largely determined by the weather conditions of your voyage. The sites you visit will provide you with wildlife encounters unrivaled anywhere else on Earth.South Georgia is one of the most fertile breeding grounds in the world for sub-Antarctic wildlife, with beaches blanketed with penguins and seals. It won't take you long to realize that you are in a birder's paradise, as burrowing seabirds, albatross and petrels can be seen in abundance. You'll find that South Georgia, once a popular base for whalers and sealers, is also scattered with abandoned relics and evidence of human activity from centuries gone by. Your Expedition Team will help bring those days to life while you visit old whaling stations and enjoy presentations on the South Georgia of then and now.One of the most significant sites you will visit on the island is Grytviken. This settlement is one of the first whaling stations established in sub-Antarctic waters. Grytviken possesses a special appeal largely because it's the site of the grave of Sir Ernest Shackleton, one of the most famous Antarctic explorers.

Days 10 and 11 - At Sea

Say goodbye to the king penguins as you leave for your next destination: Antarctica! Your days at sea are filled with presentations and workshops led by your Expedition Team, who will prepare you for the wildlife and landscapes that will surround you upon your arrival on the 7th Continent.

Days 12 to 15 - Antarctic Peninsula

The most common reaction upon reaching Antarctica is a sense of reverence and awe. The experience is hard to put into words, since few places are as untouched and enduringas Antarctica.You will discover a land of extremes. One moment you'll be overcome with a feeling of complete isolation and silence, and the next moment you'll be inspired by nature as a calving glacier crashes into a brilliant blue sea or a curious penguin waddles by to observe you.Your Expedition Team will take care of you at each excursion, whether you are Zodiac cruising, visiting a historical site or observing penguin colonies. Chinstrap, Adélie and gentoo penguins are found here, along with Weddell, fur, crabeater and leopard seals. Keep a lookout for Antarctic whales, such as minkes, while on a Zodiac cruise. Eachday and each excursion will present a new array of creatures to delight you and keep your camera busy.As exciting

as the Zodiac excursions and landings are, perhaps you'll treat yourself to an extra-special Antarctic experience by booking an optional paddling excursion (at an extra cost) or cast reason aside and jump into Antarctic waters for the Polar Plunge!

Days 16 and 17 - Crossing the Drake Passage

After more than a dozen days of unique wildlife encounters and remarkable landscapes, your journey home begins. Crossing the Drake is your unofficial rite of passage. Spend time on deck watching for seabirds and whales, enjoy presentations by your Expedition Team, or simply relax and reminisce about your experiences.

Day 18 - Disembark in Ushuaia

You will arrive in Ushuaia in the morning, which allows you to continue your adventure onward or catch your flights home.

Please Note:

Embracing the unexpected is part of the legacy - and excitement - of expedition travel. There are no guarantees that we can achieve everything we set out to accomplish. A measure of flexibility is something all of us must bring to a voyage. There are nearly 200 recognized sites in the Antarctic Peninsula and South Shetlands and the places mentioned above may be changed to others equally as interesting.
