

SPIRIT OF ANTARCTICA: IN PARTNERSHIP WITH NEW SCIENTIST DISCOVERY TOURS

Welcome to Aurora Expeditions' special edition Spirit of Antarctica expedition, in partnership with New Scientist. Embark on an adventure to the Antarctic Peninsula with like-minded travellers (curious-minded, that is!), in partnership with New Scientist Discovery Tours. Embrace the spirit of polar exploration on this classic expedition to the white continent. During our crossings of the famed Drake Passage, enjoy educational lectures, explore our Science Centre, admire soaring seabirds, or perhaps just get to know your fellow seafarers and expert expedition team. Once you arrive on the white continent, you will be dazzled by icy landscapes and fascinating wildlife. This unique cruise will be hosted aboard a new, state-of-the-art polar expedition vessel, the Douglas Mawson (built 2025). The newest of Aurora Expeditions' small ship fleet, the Douglas Mawson is one of a handful of passenger ships to feature the revolutionary Ulstein X-BOW, reducing fuel consumption and allowing a sleeker cruising experience. With no more than 130 guests, an amazing viewing space and a ship-build designed to minimise negative environmental impacts, the Douglas Mawson guarantees a far more enjoyable guest experience than the other older and larger expedition ships. Travel with like-minded people who love to connect with the natural world and the wonder of science. An ideal environment for curious-minded couples, friends and solo travellers to relax. Your expedition is a carefully curated mix of daytime activity offboard, designed to immerse you in your polar surroundings, and talks while on board. During the day, the itinerary remains flexible as the captain and expedition leader will look at prevailing conditions and sightings to give you the best opportunity for wildlife

encounters.

ITINERARY

Day 1 Ushuaia

Arrive in Ushuaia, where you will be met by a representative of Aurora Expeditions and transferred with your fellow expeditioners to your assigned pre-voyage hotel. If you are already in Ushuaia, we ask you to make your way to your hotel. Check-in is from 3.00 pm. This afternoon, visit the Aurora Expeditions hospitality desk in the hotel lobby, between 3.00 pm and 7.00 pm, to

collect your luggage tags, and confirm if you wish to join our Lake Escondido pre-embarkation tour tomorrow. Our team will confirm details regarding your embarkation day, answer any questions and provide you with information on where to dine or purchase last minute items.

Expeditioners arriving after 7.00 pm will find a welcome pack waiting for them at check-in. We ask you to visit our hospitality desk tomorrow between 8.00 am - 10.00 am.

The remainder of your time is at leisure. All meals today are at your own expense.

Assigned accommodation: To be advised

Day 2 Embarkation

This morning, enjoy breakfast and check-out. Please ensure your cabin luggage is fitted with cabin tags clearly labelled with your name and cabin number. Take your cabin luggage to hotel reception, prior to, or at check-out. Your luggage will be stored and transferred directly to the port for clearance, to be placed in your cabin ahead of your arrival on board. Please keep any valuables or personal items with you throughout the day.

Those wishing to join our Lake Escondido tour today, please meet in the hotel lobby at 8.45 am. This tour offers us an unforgettable panoramic drive through big valleys of glacial origin, evergreen and deciduous forests, waterfalls and rivers, in the vastness of the Andes Mountain Range. We will leave Ushuaia city to the northeast of Tierra del Fuego, driving through peat bog valleys to reach Garibaldi Pass, only accessible by a winding road that will take us to a panoramic point. From here we will have amazing panoramic views of Lake Escondido and, if weather conditions allow, of Fagnano Lake. We will start our descent towards the northeast to reach Fagnano Lake's shore where we will visit a local ranch. After appreciating the landscape, you will have the chance to enjoy the typical Fuegian Lamb barbecue. Enjoy some free time there before returning to Ushuaia for ship embarkation.

Alternatively, enjoy your day at leisure and meet at your hotel lobby or from the meeting point at the parking lot near the pier (details will be given by our ground staff at the hotel), to be transferred to the pier for embarkation.

Once onboard, you'll have time to settle into your cabin before our important mandatory briefings. As the ship pulls away from port, we'll gather on the deck to commence our adventure with spectacular views over Ushuaia and Tierra del Fuego.

This evening, get to know your fellow expeditioners and friendly expedition team and crew at a welcome dinner to celebrate the start of a thrilling adventure to Antarctica.

Day 3-4 Drake Passage crossing

As we commence the Drake Passage crossing, we make the most of our time getting comfortable with the motions of the sea. Our expedition team prepare you for our first landing with important wildlife guidelines and biosecurity procedures and start our lecture program to help you learn more about Antarctica's history, wildlife and environment.

Our wildlife experiences begin as we enjoy watching and photographing the many seabirds, including majestic

albatrosses and giant petrels following our vessel. On sea days, you may can enjoy the facilities on board the vessel including the gym, wellness centre or the relaxing in one of the observation lounges.

Nearing the South Shetland Islands and the tip of the Antarctic Peninsula on the afternoon of day four, the excitement is palpable with everyone converging on one of the observation decks watching for our first iceberg. The ocean takes on a whole new perspective once we are below the Antarctic Convergence and are surrounded by the surreal presence of floating ice sculptures. The memory of your first big iceberg sighting is likely to remain with you for a lifetime.

Time and weather permitting, we may attempt our first landing in Antarctica by late afternoon.

Days 5-8 Antarctic Peninsula

It is almost impossible to describe the feeling of arriving in Antarctica. Spotting your first iceberg and taking a deep breath of some of the most fresh, crisp air on earth is an experience that will stay with you forever.

Once we arrive, the western side of the Antarctic Peninsula and the South Shetland Islands are ours to explore, and we have a host of choices available to us. Because we are so far south, we will experience approximately 18-24 hours of daylight and the days can be as busy as you wish.

Your experienced expedition team, who have made countless journeys to this area, will use their expertise to design your voyage from day to day, choosing the best options based on the prevailing weather, ice conditions and wildlife opportunities.

We generally make landings or Zodiac excursions twice a day. You will want to rug up before joining Zodiac cruises along spectacular ice cliffs or among grounded icebergs, keeping watch for whales, seals and porpoising penguins. Zodiacs will also transport you from the ship to land, where you can visit penguin rookeries, discover historic huts and explore some of our favourite spots along the peninsula.

While ashore we aim to stretch our legs, wandering along pebbly beaches or perhaps up snow-covered ridgelines to vantage points with mountains towering overhead and ice-speckled oceans below. If you have chosen an optional activity, you will have the option to do participate in the activity whenever conditions allow, and of course keen polar plungers will have the chance to fully immerse themselves in polar waters - conditions permitting! The polar plunge can take place at any time during the voyage, so listen out for the announcement from the expedition team and get ready for the most exhilarating dip of your life!

In addition to Zodiac cruises and shore excursions, we may ship cruise some of the narrow, dramatic straits separating offshore islands from the mainland, or linger in scenic bays to watch whales travelling or feeding. This is a great time to enjoy the observation lounge or make your way to the bridge (open at the captain's discretion) for uninterrupted views of Antarctica in all its splendour. Listen out for the creak and deep rumble of glaciers as they carve into sea. Take a quiet moment to experience the wonder of the pristine paradise of the splendid white continent.

Days 9-10 Drake Passage Crossing

Enjoy a final morning landing in the South Shetland Islands before we re-enter the Drake Passage for our return journey to South America.

With lectures and film presentations to complete our Antarctic experience, there is still plenty of time to enjoy the magic of the Southern Ocean and the life that calls it home. There is time for reflection and discussion about what we have seen and experienced. We hope you become ambassadors for Antarctica telling your family, friends and colleagues about your journey to this magical place, advocating for its conservation and preservation so that they might one day visit the region to experience what you have been lucky to see and do here.

As we approach the tip of South America, our Captain may sail close to legendary Cape Horn, weather and time permitting.

Day 11 Disembark Ushuaia

During the early morning, we cruise up the Beagle Channel, before quietly slipping into dock in Ushuaia, where we will be free to disembark around 8.00 am. Farewell your expedition team and fellow passengers as we all continue our onward journeys, hopefully with a newfound sense of the immense power of nature.

Upon disembarkation, for those continuing their travels in the region, transportation to the hotel will be arranged exclusively for guests who have booked their accommodations through Aurora or for those staying in downtown areas near the port. Expeditioners departing on flights prior to 12:30 pm will be directly transferred to Ushuaia Airport, those with flights after 12:30 pm will have the opportunity to explore Ushuaia before an afternoon airport transfer, and the transfer procedures and details will be communicated onboard before disembarkation.

Note: At the conclusion of the voyage, we do not recommend booking flights departing Ushuaia prior to 12.00 pm on the day of disembarkation in case there are delays.

Multiple Observation Areas As you explore the ship you will find indoor lounge areas with floor-to ceiling windows, and multiple open decks with expansive 270-360 degree views. The Glass Atrium Lounge inside the bow is a fantastic place to sit and watch for wildlife - with a drink in hand. There is no shortage of

spaces to take in the majesty of the incredible world outside! Lecture Theatre On all expeditions you will meet naturalists and local specialists, who offer presentations on their area of expertise to enhance your appreciation of the destination you are exploring. Join the team in the lecture theatre for presentations covering a broad range of topics to suit every interest, from history and culture to biology and climate change. Regardless of the topic, they all have one thing in common: they all aim to engage, educate, entertain and turn you into an ambassador for the planet. Citizen Science Center & Lounge Learn more about the world and the unique destinations Aurora visits by visiting the onboard naturalist and Expedition Team in the world-class Citizen Science Center. You will be rewarded for your thirst for knowledge with one of the best views on the ship. Library With floor-to-ceiling windows, the library is a peaceful sanctuary where you can find non-fiction books to read up on the day's destinations, use a public laptop to organise your photos or play board games with newfound friends. Choose from our range of informative non-fiction titles, wildlife guidebooks, travel journals, novels and a selection of children's books and board games. Wildlife guides, books and binoculars can also be found on the observation lounge on Deck 7. Mudroom No need to take your wet expedition gear back to your cabin to dry. Keep your cabin warm and cosy by leaving your outer jackets and pants in the mudroom. The mudroom is your launchpad for all shore excursions and activities. Here, you will have access to a locker when you can hang your gear up to dry, and store your boots between excursions. Swimming Pool & Jacuzzis There are two Jacuzzis on the top outside deck which offer amazing views of the world outside, a heated outdoor pool surrounded by sun beds you can relax on after a long day of exploring, and a pool bar. Gym & Sauna During your voyage, enjoy complimentary access to the gym or visit our sauna, which we highly recommend after the Polar Plunge! Restaurants One of the most important parts of any expedition is the food! Whatever adventures the day holds, you will be fuelled-up with hearty meals and delicious morning/afternoon teas cooked by our onboard chefs. Meals are a great time to soak up the expedition camaraderie in our open seating dining area. Share stories with your fellow travellers and ask our expedition team questions that may have come up during the day. Tea, coffee and snacks are available 24 hours a day, and our chefs offer different menu options and courses for each meal. Enjoy the range of house wine, beers and soft drinks included with dinner after a long day in the wild. We also invite you to join your captain and expedition team for informal Captain's Farewell drinks, with complimentary beverages and cocktail appetisers, followed by a 3 course meal. Bars & Lounges Communal meeting areas have always played a major role in fostering the warm camaraderie on board our ships. They are the heart of the expedition, where people meet to share tales from the day, swap photos, keep an eye out for wildlife and watch the sun go down. The bars and lounges on board are refined yet inviting places to gather, with floor-to-ceiling windows offering stunning views, and of course friendly bartenders to shoot the
