ITINERARY

Day 1 - Athens (Lavrio)

Near Athens, **Lavrion** is a peaceful port welcoming boats from around the world. The town has been known since ancient times for the silver-producing mines of Lavrion, which were major contributors to the wealth of Athens and to the Greek

economy in the 20th century. Weather permitting, take a stroll through the town and discover the many vestiges of this industry that flourished until the 1980s: old Neoclassical-style constructions, industrial buildings, and worker houses. While at this port of call, also take the time to discover Athens and its acropolis, or Cape Sounion on which stands the magnificent temple of Poseidon.

Day 2 - Polyaigos

Further to the south of the Aegean Sea, Le Ponant will reach **Polyaigos,** an uninhabited, maquis-covered volcanic island protected for its flora and fauna. This white, craggy, sunlit rock with magnificent cliffs that plunge into the turquoise waters reveals its wild and natural beauty. With your yacht at anchor, you will discover the island's secret contours and recesses, and enjoy magical moments swimming, snorkelling, paddle-boarding or kayaking. Enjoy the charms of this stunning island until sunset when the white rocks are reflected in the crystal-clear waters, creating a golden shimmer.

Day 2 - At sea aboard Le Ponant

During your day at sea on board Le Ponant, make the most of your free time and the comfort of your ship for a moment of rest or conviviality. If the weather is right, let yourself be tempted by a spot of sunbathing. This day without a port of call will also be an opportunity to do some shopping in the boutique and share the highlights of your cruise with the other passengers. As for lovers of the open sea, they will be able to visit the ship's upper deck to admire the spectacle of the waves and perhaps be lucky enough to observe marine species. A truly enchanted interlude, combining relaxation, sharing and the pleasure of sailing on a yacht.

Day 3 - Tinos

At full sail, you will chart a course to **Tinos** , a wild island in the Cyclades where, according to mythology, Aiolos lived. The cerulean blue of the Aegean Sea reveals, in contrast, the pretty port with immaculate buildings. Called "the island of the Virgin", this pilgrimage destination for Greek Orthodox Christians is also an intimate refuge where Athenians join their families for holidays. The magnificent landscapes of this unspoiled island are dotted with numerous dovecotes, each with a finely crafted architecture. Here, the pared-down decor of the picturesque villages with whitewashed stone houses reveals itself between the intertwining streets and colourful bursts of bougainvillea in bloom. Be captivated by the magic of a wine tasting. The breathtaking view of Mykonos offers an exquisite setting to this moment frozen in time. Included excursions are also possible to discover the island's villages or a hike along a high point between two villages.

Day 4 - Çesme

Day 5 - Serifos

The best words to describe Serifos are probably serenity and authenticity. This small island in the Cyclades archipelago is a port of call off the beaten track, on the waters of the Aegean Sea. The whiteness of its villages contrasting with its hilly scenery illuminates the dry vegetation that characterises the Cyclades. Its main town Chora, perched on the heights, can be reached by a steep path that offers unique panoramas over the deep blue sea and its magnificent bay.

Day 6 - Kythnos

You will discover **Kythnos** , an arid and rocky island covered in maquis. Low dry stone walls delimit the terraces

where olive groves stand alongside fig and almond trees that feed the imagination as much as the people. Discover the chora and its beautiful white houses by taking a stroll along the intertwined streets. Then, the welcoming shade of a parasol awaits you for a nap on the beach. You might also be tempted by a swim or a spot of paddle-boarding or kayaking to discover the exceptional landscapes of this island surrounded by the exceptionally beautiful Aegean Sea.

Day 7 - Spetses

Spetses , "the jasmine island", is an unspoiled paradise and the favourite holiday spot of Athenian high society. The shaded outdoor dining areas of the restaurants serving local cuisine stand alongside beautiful boutiques. Away from the hustle and bustle of the world, stroll or cycle around the small port lined with the beautiful Neoclassical homes of shipowners and enjoy the pleasantness of the moment. There is a distinct dolce vita atmosphere in the air. From hidden coves to beaches of fine sand, this island is brimming with charm. The hiking trails through the pine forest also promise beautiful panoramas.

Day 8 - Athens (Lavrio)

Near Athens, **Lavrion** is a peaceful port welcoming boats from around the world. The town has been known since ancient times for the silver-producing mines of Lavrion, which were major contributors to the wealth of Athens and to the Greek economy in the 20th century. Weather permitting, take a stroll through the town and discover the many vestiges of this industry that flourished until the 1980s: old Neoclassical-style constructions, industrial buildings, and worker houses. While at this port of call, also take the time to discover Athens and its acropolis, or Cape Sounion on which stands the magnificent temple of Poseidon.

Le Ponant becomes world's first sailing yacht to obtain Relais & Chateaux label After four years of regular ad hoc partnerships, PONANT and Relais & Chateaux are strengthening their ties. The three-master joins the large family of Relais & Chateaux establishments as a new member. It is the first sailing yacht in history to obtain the label and be included in its catalogue of the finest travel addresses in the world. In 2019 & 2020 Le Ponant underwent a huge revamp. Her capacity was reduced from 64 to just 32 passengers who will be served by a crew of 34. Following in the nautical tradition of three-masted sailing ships, Le Ponant will take you on a voyage of discovery. The ship provides intimacy and convivial atmosphere and the refined life on board, the welcoming charm to your cabin, the lounges and the restaurants setting are invitations to relax. Le Ponant is one of the most majestic sailing vessels in the world. With 16 spacious cabins and suites, one crew member per passenger, a dedicated chef, and authentic and exclusive experiences to be enjoyed at every stop, designed for and with you, the ship redefines the concept of luxury yachting and promises you an extraordinary experience. In addition to its tasteful and refined design by Jean-Philippe Nuel, it has many innovative and environmentally friendly amenities. Conserving the environment is one of our priorities. We have therefore chosen to invest in innovations and equipment at the cutting edge of technology, with the aim of achieving the highest standards possible in the sector. Le Ponant is the only yacht in the world with a hybrid propulsion system. This uniquely designed three-masted schooner can rely solely on its sails but also can connect to the electricity network in certain ports to limit its ecological impact. On board, we have banned the use of plastic in straws, laundry bags, cups and individual food portion packaging. Packaging is collected from our warehouses. Unavoidable plastic waste is sorted and entrusted to resource-recovery companies, who monitor its traceability until its elimination. Le Ponant is equipped with a complete desalination and wastewater treatment system. This biodegradation process works without the use of chemicals. It provides clean water and meets the highest quality standards. On board, 60% of packaging is recycled, while the rate elsewhere in the world is only 20%. The rest is 100% traced. We have on-board compactors adapted to each type of waste and are working to optimise their management on land. Under full sail, gliding over the sea with the wind, you will fall under Le Ponant's spell. Please click the following links to read more about Ponant and the other Ponant
