ITINERARY

Days 1-2. Belem

Once one of South America's most prosperous cities, known as 'tropical Paris', today Belem remains a thriving port and is the gateway to the Amazon. The opulence of Belem's golden era is showcased at the neoclassical-style 1874 Theatro da Paz on the Praça de Republica. Pretty green spaces are shaded by mango trees and the historical centre has plenty of wonderful museums. The bustling Ver-o-Peso market is Latin America's largest open-air market

Day 3. Cruising Breves Narrows

Navigating Brazil's Breves Narrows, upriver from Belem in the Thousand Islands region, is a mesmerising Amazonian journey. This natural passage, surrounded by towering walls of lush vegetation, creates a secluded green canyon in the heart of the jungle. Enigmatic wildlife such as scarlet macaws, and

equatorial flora such as giant Victoria water lilies flourish. The welcoming locals, known as ribeirinhos, offer warm hospitality

Day 4. Afuá

Nestled within the world's largest rainforest, Afua in Para state, known as "Marajo's Venice" or the "Amsterdam of the Tropics," rests on fluvial Marajo Island near the Amazon's mouth. Built primarily on wooden stilts 1.5m above the waterways with boardwalks, this car-free city aims to become a net-zero emissions model. Residents travel the narrow streets by bicycle and boat, with many relying on fishing for their livelihood

Day 5. Furo do Cujuba

Furo do Cujuba is a stream in Para, Brazil, that traverses diverse Amazonian ecosystems, including forests, lowland forests and aquatic vegetation. This waterway is part of the intricate system of rivers and channels that characterise the Amazon region. These ecosystems play a crucial role in maintaining the ecological balance of the Amazon. Along the furos are riverside communities whose daily lives are intimately connected to these waterways

Day 5. Gurupa

Gurupa is a fishing town on the Amazon River delta in Brazil. Located on Ilha Grande do Gurupa island, it lies near the Amazon's convergence with the Xingu River. Adapted to seasonal floods, Gurupa offers access to the biodiversity of the vast Amazon Basin and an ecosystem which includes varzea forest and savanna. The area provides habitat for endemic birds like the scaled spinetail, fish, monkeys and bats drawn to the varzea's fruiting trees

Day 6. Rio Cajari

The Rio Cajari Extractive Reserve in Amapa highlights remarkable ecological diversity while balancing conservation with sustainable use by local communities. Encompassing rainforests, cerrado grasslands, and flooded riparian zones, the reserve is home to valuable tree species like Brazil nuts and açai palms. It supports a wide range of wildlife, including tapirs, monkeys, cats, alligators, turtles and numerous bird and fish species

Day 6. Macapa

The most remote of Brazil's 26 state capitals, Macapa, the capital of and the largest city in the Amapa State, sits on the north bank of the Amazon Delta. Founded by the Portuguese as an outpost, this city's foremost attraction is the Marco Zero monument, a 113-centimetre concrete sundial which symbolises the centre of the metropolis. Other sights include the Fortaleza de Sao Jose and the Museu Sacaca

Day 8. Iles du Salut

The Iles du Salut (Salvation Islands) are a tiny archipelago off French Guiana's coast, with three main islands: Royale, St-Joseph and Diable - or Devil's Island, a penal colony. Serious offenders and political prisoners, such as Captain Alfred Dreyfus, were held here and dead prisoners were fed to the sharks. The prison buildings are now overgrown, and the islands are now home to green-winged macaws, capuchin monkeys, iguanas and sea turtles

Days 9-10. Paramaribo

At the heart of Paramaribo, Suriname's capital, is the UNESCO World Heritage historical centre blending Dutch architecture with local craftsmanship. Saint Peter and Paul Cathedral-Basilica is one of the Western Hemisphere's largest wooden structures. Notable sites include Fort Zeelandia, a 17th-century fortress, the Garden of Palms and broad streets. The central square is encircled by impressive buildings including the Presidential Palace (1730)

These challenges are by no means always insurmountable, though, and our highly experienced crew is trained to provide reliable advice and assistance. They will make every effort to ensure wheelchair-using guests enjoy a memorable experience at each destination. Our general guidance, however, is to recommend wheelchair users travel with a companion for their ease and enjoyment.
