Days 3-5 Exploring the Pacaya-Samiria Reserve

Explore the Pacaya-Samiria National Reserve, a pristine swath of jungle stretching more than five million acres and harboring some of the Amazon's most fascinating flora and fauna. The reserve is bordered by the Marañon and the Ucayali, two powerful rivers that converge to create the famed Amazon, which floods annually with nutrient-rich waters and is known locally as the Mirrored Forest for the reflections created by its seasonal glassy water.

Set out into this remarkable wilderness on daily excursions by skiff, kayak, and, when the water level permits, hikes on dry land. Look for sloths and monkeys, including variably colored saddleback tamarins, noisy howlers, and shaggy-tailed monk saki monkeys. Watch for an astounding variety of birds, from tanagers and hummingbirds to parrots and endangered scarlet macaws. In the river, look for massive paiche fish, the Amazon's largest; rare pink dolphins; and the infamous piranhas.

One of the unexpected joys of traveling in the Upper Amazon of Peru is the interaction we have with the local ribereños, the traditional people who live on the riverbanks. Visit the local non-profit Minga Peru, including a program of handicraft development, radio broadcasts, women's health initiatives, and efforts in sustainable farming.

Meals Included: Breakfast, Lunch, Dinner

Disembark in Nauta, stopping at the Amazon Rescue Center on the drive to Iquitos. Fly to Lima and connect for flights home. Ask your expedition specialist about options to extend your stay, including an overnight at the Wyndham Costa del Sol Lima Airport hotel.
